ReNu Energy update in response to substantial holder notices

ReNu Energy Limited (**ASX: RNE**) (**ReNu Energy** or the **Company**) notes the substantial shareholder disclosures by the Chairman, Geoffrey Drucker and Ingeborg Drucker and that they are working together on a proposal in relation to the Company's wholly owned subsidiary, Countrywide Hydrogen Pty Ltd and its hydrogen assets. The Company confirms that it has received a confidential and incomplete non-binding indicative offer from the proponents and is engaging constructively with it. The Company will provide further information in accordance with its continuous disclosure obligations.

This announcement was authorised for release to ASX by the Managing Director. For further information, please contact:
