

## ASX Announcement

28 October 2024

### Company Name Change and new ASX Code

AUCyber Limited (ASX: CYB; **AUCyber** or **Company**), formerly Sovereign Cloud Holdings Limited (ASX: SOV), is pleased to announce that, following shareholder approval at the Company's Annual General Meeting on 21 October 2024, the Company's name has officially changed and is registered for trading as CYB on the Australian Securities Exchange (ASX), from the commencement of trading on 28 October 2024.

CEO and Managing Director of AUCyber Peter Maloney said: "The new name reflects the Company's emergence as a dynamic provider of comprehensive cyber security, sovereign private cloud, and managed technology services, designed to meet the growing needs of Australian businesses and governments. The name change to AUCyber Limited reflects our ongoing commitment to innovation and excellence through two distinct brands: AUCloud and AUCyber. Through our unique solutions, high standards of security, Australian sovereignty, and skilled security cleared workforce, we are uniquely positioned to address the diverse needs of both corporate Australia and government."

This statement has been authorised by the Company's Board of Directors.

### **About AUCyber Limited (ASX: CYB)**

AUCyber Limited encompasses award-winning brands AUCyber and AUCloud, Australian sovereign providers of comprehensive cyber security, secure private cloud and managed technology services. A publicly listed company, AUCyber Limited specialises in delivering highly secure cloud infrastructure alongside managed cyber security and consulting services for prominent enterprise and government customers.

With national operations, AUCyber leverages the latest sovereign cloud infrastructure and employs Australian security-cleared engineers, security analysts, IT professionals, and holds the highest security accreditations. AUCyber is recognised as one of the top 10 "Most Innovative Technology Companies" by the Australian Financial Review and has also been named "Employer of Choice" in the Australian Business Awards, leveraging a team of over 100 experts.

Our solutions are backed by key certifications, including the Digital Transformation Agency's Hosting Certification Framework and compliance with the Australian Signals Directorate's Information Security Manual. These certifications provide customers with confidence in the security and quality of our services.
