## Dear Shareholder

The Petroleum industry has been through an extraordinary year since October 2023. Most oil and gas companies have experienced turmoil and uncertainty in conducting business in a climate of extreme political ideology.

Our State and Federal governments in Australia have passed new laws and regulations that have affected the industry adversely.

Icon decided to focus on development of gas discovered in ATP 855 (Keppel Gas Project) as this has been the most promising discovery and is a very valuable asset in Australia. Unfortunately, there are numerous changes to the regulations and Icon is working within these new regulations.

In October 2022 Icon's ATP 855 required renewal for a further term of twelve years. The Department of Resources refused to accept the application. Icon had invested over \$65 million on this tenement and appealed the ruling in the Queensland Supreme Court. This appeal was upheld in Icon's favor in October 2023.

The Queensland government has now legislated that new petroleum activities in the Lake Eyre Basin (LEB), covering 30 percent of Queensland, are forbidden. However, the Government provided an opportunity for those parties already holding Authorities to Prospect (ATP) to submit an application for a Production Lease (PL) by 30th August 2024.

Icon prepared this application in a short period of 28 days and submitted it for the whole area of ATP 855 (Keppel Gas Project) on 30th August 2024.

The government has accepted our application to apply for a PL and Icon is confident that it meets all the requirements of the new regulations. We thank them for this opportunity to submit a PL application.

On 26th October the Queensland State Government election will be held with some uncertainty around the outcome of the Election.

Icon shares are currently suspended from quotation on the ASX because of the uncertainty of the decision for the renewal of ATP 855. Icon is confident that we can overcome current challenges and have the suspension lifted.

Icon will continue to release periodic disclosures to ensure that the market is fully informed under Listing Rule 3.1-3.1B while under suspension.

Your Board of Directors remain committed to delivering value to our Shareholders.

Thank you for your continuous support and trust in our future.

# Directors' Report

for the year ended 30 June 2024

The Directors of Icon Energy Limited ("Icon Energy" or "the Company") present their report together with the consolidated financial statements of the Company and its controlled entities ("the Group" or "the Consolidated Entity") for the financial year ended 30 June 2024 and the auditor's report thereon. In order to comply with the provisions of the *Corporations Act 2001*, the Directors of Icon Energy report as follows:

## PRINCIPAL ACTIVITIES

The principal activities of Icon Energy during the year related to the renewal application for ATP 855, which was due on 31 October 2022. After the Queensland Department of Resources (Department) refused to process the renewal, Icon appealed to the Supreme Court of Queensland. The Court's favourable ruling declared the refusal null and void, directing the Department to process the application. The renewal application is currently under review by the Department, and Icon Energy will announce the outcome once it is finalised.

## DIRECTORS

The Directors of the Company who held office during or since the end of the year are set out below:

Director since 08/09/2023

## REVIEW OF OPERATIONS

Icon Energy Limited submitted an application to the Queensland Department of Resources (the Department) for the renewal of ATP 855 which expired on 31 October 2022.

On 1 November 2022 the Department of Resources informed Icon that ATP 855 and the PCAs had expired and could not be renewed.

Icon filed an appeal to the Supreme Court of Queensland seeking to set aside that decision as being incorrect. The Supreme court in Queensland ruled in favour in Icon's appeal.

Icon Energy's application to renew ATP 855 is under assessment by the Department of Resources (DOR). DOR confirmed that even though the previous term for ATP 855 has ended, the authority remains valid while the renewal application for ATP 855 is under assessment. This is in accordance with section 83 of the Petroleum and Gas (Petroleum and Safety) Act 2004 (P&G Act). All relevant authorisations and obligations under the ATP, including the authorization to carry out activities under Chapter 2, Part 1, Division 1 of the P&G Act, remain in place during this period.

The ASX has advised Icon that until the assessment of ATP 855 is approved, the company will remain in suspension. The ASX has advised that the company can remain in suspension until January 2026 as long as it continues to adhere to all reporting requirements under the listing rules.

On 30 August 2024, Icon Energy Ltd, the holder of ATP 855, applied for a Petroleum Lease over the entire area of ATP 855, due to an amendment to the Regional Planning Interests Regulations 2014 (RPI Regulations) made on 1st August 2024. This Initial Development Plan (IDP) has been constructed to conform to the relevant sections of the RPI Regulations and the Petroleum and Gas (Production and Safety) Act 2004 (Petroleum Act). This IDP also conforms to the relevant provisions of the Greenhouse Gas Storage Act 2009 (GHG Act)

A new significant conventional gas resource has been found within extensive natural fractures proximal to faults. The discovery was recognized by the ATP 855 joint venture in 2014 and following further appraisal work, has become the focus of Icon's recent gas activities and is now the principal objective of the Later Work Program (LWP) submitted for grant of a PL over ATP 855. Previous exploration activities in ATP 855 have successfully discovered a very large unconventional tight, shale and basin centered gas resource which resulted in the grant of 8 Potential Commercial Areas (PCA 172-179). This unconventional gas resource will not be pursued as Icon has no further need for fracking.

The proposed development plan consists of the drilling of two wells in the first permit year followed by four wells for each of the remaining four permit years of the IDP period. 3D seismic is planned over the entire area of the PL to ensure that all the faults and associated fracture halos present in the PL can be identified and mapped. The plan has the dual objectives of; firstly, ensuring that initial production commences within two years of grant of the PL, and, secondly, developing the resource in a systematic manner that maximises economic return whilst minimising the impact of the operations on the environment and other land users. This plan is appropriate to ensure compliance with the PRI regulations and ensure minimal disturbance.

Icon is now waiting until the Petroleum Lease Application is approved by the Department of Resources of the Queensland Government for the Development Plan to proceed. Details of the plan will be released when it is approved.

Icon believes that if our lease is granted, the gas from the Keppel Gasfield in ATP 855 would support the transition to the Australian 2050 emissions standards while contributing to the anticipated gas shortfall on the east coast of Australia.

## SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

### ATP 855 Cooper-Eromanga Basin Queensland

- ATP 855 was due for renewal on 31 October 2022. Icon Energy submitted a renewal application to the Queensland Department of Resources on 4 October 2022. However, on 17 October 2022, the Acting Chief Executive's delegate refused to process the application, citing sections 82(1)(e) and 82(1)(f) of the Petroleum and Gas (Production and Safety) Act 2004 (P&G Act), which address capability criteria and other relevant matters. The Department notified Icon on 1 November 2022 that ATP 855 and the PCAs had expired, and further reasons for rejecting the renewal were provided on 8 February 2023.
- Icon Energy challenged this decision by filing an appeal with the Supreme Court of Queensland. The Court ruled in favor of Icon Energy, declaring the refusal to process the application null and void. The Court found that the application substantially complied with the requirements of the Act and ordered the Department to accept the application and cover the costs of the proceedings. The renewal application is still being processed by the Department of Resources, and Icon Energy will provide an update once the renewal outcome is finalised.
- On 30 August 2024, the Company applied for a Petroleum Lease over the entire area of ATP 855 due to an amendment to the Regional Planning Interests Regulations 2014 (RPI Regulations) made on 2 August 2024.

### Corporate

- Icon Energy held the Company's 2023 Annual General Meeting on 28 November 2023 with all resolutions adopted.
- On 8 September 2023, the Board appointed a new non-executive director of the Company, Mr Peter Wilson. Mr Wilson has over 42 years of experience in the international coal mining and mining contract industry and has held senior management positions including General Manager, Director and Chief Operating Officer at a number of mine operating and contracting companies. During his career, Mr Wilson has worked in multiple jurisdictions including Australia, New Zealand, India, and Africa, and he has experience across a range of commodities including coking coal, heavy mineral sands and metalliferous mining. More recently, Mr Wilson was engaged as a consultant on a Heavy Mineral Sands project in Namaqualand, South Africa, and is currently Operations Director at Mine2Port Limited, an Australian company with interests in coking coal, rail and port logistics projects in Africa and the United States of America. Mr Wilson was also appointed a Non-Executive Director of UK AIM listed company Kazera Global Plc in April 2023.
- On 6 October 2023, Mr Raymond James was appointed Chairman of the company.
- On 6 October 2023, Jeff Marvin was appointed Managing Director.
- As announced on 12 January 2024, the company entered a binding term sheet with Consolidated Resources Pte Ltd (CR) to jointly pursue energy resource opportunities in the oil and gas sector.
- On 9 January 2024, Icon shares were suspended from quotation on the ASX because of the uncertainty of the decision for the renewal of ATP 855. The company will continue to release periodic disclosures to ensure that the market is fully informed under Listing Rule 3.1-3.1B while under suspension.

## LIKELY DEVELOPMENTS AND EXPECTED RESULTS OF OPERATIONS

- Renewal of ATP855:* Renewal of ATP 855 has been a significant focus for Icon Energy.
- Petroleum Lease Application:* Icon has applied for a Petroleum Lease (PL) over the entire area of ATP 855 (Keppel Gas Project) in accordance with the revised Regulations made on 2 August 2024. The application for a PL was submitted on 30<sup>th</sup> August 2024. The Timeframe allowed under the new regulations for the grant of a PL is two (2) years. Icon is confident that this can be achieved. The grant of a Production Lease (PL) will enable us to resume operations and relist Icon securities to the trading lists of the ASX.
- Leadership Changes:* The recent appointments of Mr. Raymond James as Chairman and Mr. Jeff Marvin as Managing Director, alongside the addition of Mr. Peter Wilson to the Board, bring renewed leadership and strategic direction.
- Financial Outlook:* We are focused on cost management and exploring several options to address financial backing for the Keppel Gas Project.

## MATERIAL BUSINESS RISKS

There are two material business risks that are applicable.

### Regulatory Risk

Obtaining the necessary approvals, licenses, and permits depends on the discretion of government authorities. Our business would suffer if our applications for exploration licenses are denied. We must also comply with specific ongoing and periodic conditions to maintain our mining and exploration tenements; failure to meet these conditions could negatively impact our operations and financial health. Currently Icon is waiting for the approval of application for PL as required under the Act.

### Future Capital Raisings and Financial Risk

Our ongoing operations may necessitate significant additional financing beyond previous capital raises. We will need further funding to bring the Keppel Project into production. If equity financing is used, it would dilute existing shareholders and might occur at prices lower than the current market value. If we pursue debt financing, it may come with restrictive covenants that could hinder our operational flexibility and business strategy.

## CORPORATE STRATEGIES AND FUTURE DEVELOPMENTS

The group will continue to pursue the renewal of ATP 855 under a PL application for the tenement.

## FINANCIAL POSITION

The consolidated loss after tax for the Company and its controlled entities for the financial year ended 30 June 2024 was \$1,156,056 (2023: \$5,537,787 loss).

## ROUNDING OF AMOUNTS

In accordance with ASIC Corporations (Rounding in Financial/ Directors' Reports) Instrument 2016/191, amounts in the Directors' Report and Financial Report have been rounded off to the nearest dollar unless otherwise indicated

## SHARES UNDER OPTION

The Company has no options or other convertible securities on issue at the date of this report.

## DIVIDENDS

The Directors recommend that no dividend be paid by the Company. No dividends have been declared or paid by the Company since the end of the previous financial year (30 June 2023).

## REMUNERATION REPORT

The Remuneration Report for the financial period which forms part of the Director's Report can be found on page 12 of this Annual Report.

## COMPANY SECRETARY

Raymond James has been the Company Secretary since 21 October 2022. The details of qualifications and experience are set out on page 5.

# Directors' Report

for the year ended 30 June 2024

## MEETINGS OF DIRECTORS

During the financial period, fourteen meetings of Directors and six committee meetings were held. Attendances at these meetings by each Director were as follows:

	Directors Meetings		Audit and Risk Management Committee Meetings		Remuneration Nominations and Succession Committee Meetings	
	Held	Attended	Held	Attended	Held	Attended
R S James	14	14	2	2	1	1
S M Barry	3	3	–	–	3	3
J Marvin	14	14	–	–	3	3
P Wilson	11	11	2	2	1	1

## ENVIRONMENTAL REGULATION

The Consolidated Entity's operations are subject to various environmental regulations. Further information on the Group's environmental performance can be found in the Sustainability section of the 2024 Annual Report.

During the year, Icon Energy obtained a determination from the Queensland Treasury regarding the surety required for ATP 855 and its Estimated Rehabilitation Coast (ERC). During the year, the Company has also lodged an ERC application with the Department of Environment and Science (DES) for its determination of the ERC. In August 2024, a decision was received that increased the ERC amount by \$8,711. Icon paid the additional amount in August 2024.

## PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

No proceedings have been brought or intervened in on behalf of the company with leave of the Court under section 237 of the *Corporations Act 2001*.

## DIRECTORS AND AUDITORS' INDEMNIFICATION

The Directors and Company Secretary are indemnified by the Company against any liability incurred in their capacity as an officer of the Company or a related body corporate to the maximum extent permitted by law. The Company has not paid any premiums in respect of any contract insuring the Directors of the Company against a liability for legal costs.

The company has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the company or any related entity against a liability incurred by the auditor.

During the financial year, the company has not paid a premium in respect of a contract to insure the auditor of the company or any related entity.

Details of the nature of the liabilities covered in respect of Directors' and Officers' insurance policies are not disclosed as such disclosure is prohibited under the terms of the contracts.

The total premium expense for the year was \$87,162 (30 June 2023: \$74,088).

## AUDIT AND NON-AUDIT SERVICES

Details of the amounts paid or payable to the auditor (William Buck (Qld)) for audit and non-audit services during the year are disclosed in note 2 of the financial statements.

Icon Energy may decide to employ the external auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the group are important.

The Board has considered the position and is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The directors are satisfied that the provision of non-audit services by the auditor did not compromise the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- all non-audit services have been reviewed by the Board to ensure they do not impact the impartiality and objectivity of the auditor, and
- none of the services undermine the general principles relating to auditor independence as set out in *APES 110 Code of Ethics for Professional Accountants* (including Independence Standards).

There are no officers of the Company who are former audit partners of William Buck (Qld).

## EVENTS AFTER THE BALANCE DATE

On 30 August 2024, the Company applied for a Petroleum Lease over the entire area of ATP 855 due to an amendment to the Regional Planning Interests Regulations 2014 (RPI Regulations) made on 2 August 2024.

Otherwise, there has not arisen in the interval between 30 June 2024 and up to date of this report, any item, transaction, or event of a material or unusual nature likely, in the opinion of the Directors, to affect substantially the operations or state of affairs of the Group in subsequent financial years.

## LEAD AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001

The lead auditor's independence declaration is set out on page 18 and forms part of the Directors' Report for the period ended 30 June 2024. William Buck (Qld) continues in office in accordance with Section 327 of the *Corporations Act 2001*.

Signed in accordance with a resolution of the Board of Directors of Icon Energy Limited.

## REMUNERATION REPORT – AUDITED

### Key Points

- No short-term incentives or long-term incentives were issued during the year.
- No performance rights have been issued to executives or staff which could vest in the future.
- No options were granted or exercised during the year.
- Directors' fees have been suspended since 1 October 2023.
- Total directors' fees for the year amounted to \$77,645, reflecting the suspension from 1 October 2023.
- The 2023 Remuneration Report received 94.77% approval at 2023 AGM.

The Directors of Icon Energy Limited present this Remuneration Report for the Consolidated Entity for the year ended 30 June 2024, outlining key aspects of the Group's remuneration policy and framework, and remuneration awarded to Directors and other Key Management Personnel (KMP) for the reporting period.

The Remuneration Report forms part of the Directors' Report. The information provided in this report has been prepared in accordance with section 300A of the *Corporations Act 2001 (Cth)* and has been audited as required by the Act.

In this report, KMP are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Group, directly or indirectly.

*Key management personnel covered in this report:*

Name	Position Held	Period as KMP
<b>Non-Executive Directors</b>		
Stephen Barry	Chairman	Retired 8 September 2023
	Director	Full Year
	Company Secretary	Full Year
Ray James	Chairman	Appointed 6 October 2023
	Director	Full Year
Jeffrey Marvin	Managing Director	Appointed 6 October 2023
Peter Wilson	Non-executive Director	Appointed 8 September 2023

Mr Peter Wilson was appointed as director on 8 September 2023, and Mr Stephen Barry resigned from the position of Chairman and a member of the Board on 8 September 2023 due to his current professional commitments as a practicing lawyer.

## 1. ROLE OF THE REMUNERATION, NOMINATIONS AND SUCCESSION COMMITTEE

Previously, our Remuneration, Nominations and Succession Committee, comprised of independent non-executive directors, was responsible for making recommendations to the Board on remuneration policies. The Committee, where necessary, obtained independent advice on the remuneration packages offered to potential employees. The Committee ensured that remuneration packages were competitive, properly aligned with the employees' duties and responsibilities, that remuneration was competitive in attracting, retaining and motivating people of the highest quality and that remuneration practices were transparent and easily understood.

Given the company's size, the Remuneration, Nominations, and Succession Committee has been dissolved, and the Board has assumed these responsibilities in February 2024. The Board now oversees remuneration policies, the nomination and appointment of directors, and the evaluation of senior executives' performance, continuing to adhere to our governance principles. For more information on our governance framework, please refer to the Corporate Governance Statement.

## 2. REMUNERATION FRAMEWORK

The Company's Remuneration framework is designed to ensure:

- *Competitive Base Remuneration:* Executive and senior managers receive base remuneration that is competitive and reflective of market-based levels; and
- *Performance-linked Incentives:* Bonuses and other incentives are awarded to employees, executives and senior managers who perform well in their duties. Such incentives are subject to Board approval, and in the case of proposed issues of shares or other securities to Directors must also be approved by shareholders.

## 3. METHODOLOGY USED TO DETERMINE THE NATURE AND AMOUNT OF REMUNERATION

### Non-Executive Directors

On appointment to the Board, all Directors agree to terms of their appointment as detailed in a letter of appointment. This letter outlines the applicable remuneration, as well as responsibilities, compliance with the Company's corporate policies, access to independent professional advice, and confidentiality obligations.

Fees paid to Non-Executive Directors reflect the demands made on, and responsibilities of, such directors. Non-Executive Directors' fees are reviewed annually by the Board. In 2018, the Board reduced base fees by 20% due to a low share price. As a result, Non-Executive Directors were paid a base fee of \$56,000 per annum together with the payment of additional fees to Directors serving on Board Committees to recognise their contribution to the Company together with superannuation. The Chairman's remuneration was set at \$78,480 per annum plus Committee fees and superannuation. An additional \$6,000 per annum per Committee was paid to Committee members and \$6,800 per annum per Committee for the Chairmen of the Committees.

Since Mr James' service agreement as Managing Director expired on 31 December 2019, Mr James remained a director of the company with additional duties as directed by the Board. Therefore, the Board determined a remuneration for Mr James of \$111,124 per annum plus superannuation.

However, as of 1 October 2023, the Board voluntarily suspended Directors' fees. Consequently, no Directors' fees have been accrued or paid since 1 October 2023.

The maximum total amount available for payment of all Non-Executive Director fees remains at \$500,000 per annum, as approved by shareholders at the 2010 Annual General Meeting.

For the financial year ending 30 June 2024, the total amount of Directors' fees accrued and paid was \$77,645 reflecting the suspension of fees from 1 October 2023. Non-Executive Directors do not receive performance-based remuneration.

During the year ended 30 June 2024, the Executive Director transitioned from being a Non-Executive director after the Board voluntarily ceased director fees. The Board will review the remuneration considerations of the Executive Director when the company has more available funding.

At the date of this report, one Director was considered to be executive.

### Other Key Management Personnel

Other Key Management Personnel may be employed by the Company under a service agreement. They are remunerated through a combination of:

- Fixed Remuneration (FR): A set salary that reflects their role and responsibilities; and
- Bonus or Other Incentives: Short-term and long-term incentives for outstanding performance determined at the discretion of the Board.

In November 2017, the Company's Performance Rights Plan ("Plan") expired. The Plan provided for the granting of appropriately structured short and long-term incentives to employees (including Executive Directors) in addition to their fixed remuneration. Since the expiration of the Plan, the Board decided not to seek shareholder approval for any new plan.

At the date of this report, no employees are considered to be other key management personnel.

Furthermore, no remuneration consultants were used by the Company during the year ended 30 June 2024 or in the prior year.

## 4. FIXED REMUNERATION

Fixed remuneration consists of the base remuneration calculated on a total cost basis and includes FBT charges on employee benefits, if relevant, as well as contributions to superannuation funds. Remuneration levels are reviewed annually to ensure they remain competitive.

## 5. SHORT-TERM INCENTIVES

For the 2023-24 financial year, the Company did not issue Short-term Incentives (STI).

## 6. LONG-TERM INCENTIVES

For the 2023-24 financial year, the Company did not issue Long-term Incentives (LTI).

## 7. SERVICE AGREEMENTS

The Company's policy for service agreements with Executive and Senior Managers stipulates that these agreements should be of a limited term and include termination clauses ranging from two to twelve months. In the event of termination, the Company may make a payment in lieu of notice equivalent to the base amount prescribed in the service agreement for a relevant notice period. For Executive Directors, such payments are subject to the limits prescribed by section 200G of the *Corporations Act 2001*, or as determined by the Board, subject to shareholder approval at the time.

In addition to the payment in lieu of notice, accrued statutory benefits and superannuation benefits are payable.

During the year ended 30 June 2024, there were no other Key Management Personnel. Consequently, there were no service agreements/contracts in force during the 2023/2024 financial year.

ACCOUNTANTS & ADVISORS

### Independent auditor's report to the members of Icon Energy Limited

#### Report on the audit of the financial report

#### Our opinion on the financial report

In our opinion, the accompanying financial report of Icon Energy Limited (the Company) and its subsidiaries (the Group) is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Group's financial position as at 30 June 2024 and of its financial performance for the year then ended; and
- complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

#### What was audited?

We have audited the financial report of the Group, which comprises:

- the consolidated statement of financial position as at 30 June 2024,
- the consolidated statement of profit or loss and other comprehensive income for the year then ended,
- the consolidated statement of changes in equity for the year then ended,
- the consolidated statement of cash flows for the year then ended,
- notes to the financial statements, including material accounting policy information,
- the consolidated entity disclosure statement, and
- the directors' declaration.

#### Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Material uncertainty related to going concern

We draw attention to Note 1 in the financial report, which indicates that the Group incurred a net loss of \$1,156,056 during the year ended 30 June 2024 and had net cash outflows from operations of \$1,049,919, and as of that date, the Group's current liabilities exceeded its current assets by \$3,671,489. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

## Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material uncertainty related to going concern* section, we have determined the matter described below to be the key audit matter to be communicated in our report.

Restoration provision	Area of focus (refer also to note 9)	How our audit addressed the key audit matter
	<p>Judgement is required in the determination of the rehabilitation provision under AASB 137 Provisions, Contingent Liabilities and Contingent Assets.</p> <p>Key assumptions include the amount and timing of the costs involved, inflation rates, and discount rates.</p> <p>Due to the significance of this liability and the subjectivity involved in determining the valuation of the restoration provision, this is a key audit matter.</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"><li>— agreeing rehabilitation cost estimates to underlying support, including reports from management's external expert;</li><li>— assessing the independence, competence and objectivity of the expert used by management</li><li>— testing the mathematical accuracy of the rehabilitation provision.</li><li>— Assessing the adequacy of the Group's disclosures in respect of the restoration provision.</li></ul>

## Other information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2024, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

## WilliamBuck

ACCOUNTANTS & ADVISORS

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Other matter

The financial report of Icon Energy Limited, for the year ended 30 June 2023, was audited by another auditor who expressed an unmodified opinion with a material uncertainty related to going concern on that report on 29 September 2023.

### Responsibilities of the directors for the financial report

The directors of the Company are responsible for the preparation of:

- the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and
- the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and

for such internal control as the directors determine is necessary to enable the preparation of:

- the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at:

[https://www.auasb.gov.au/admin/file/content102/c3/ar1\\_2020.pdf](https://www.auasb.gov.au/admin/file/content102/c3/ar1_2020.pdf)

This description forms part of our auditor's report.

# Notes to the Consolidated Financial Statements

for the year ended 30 June 2024

## NOTE 1 - MATERIAL ACCOUNTING POLICY INFORMATION

Icon Energy Limited is a listed public company, incorporated and domiciled in Australia.

The Company's registered office is located at Level 3, 2 Corporate Court, Bundall Queensland 4217 and principal place of business is Unit 2/3 William Banks Drive, Burleigh Heads Queensland 4220.

The financial statements cover Icon Energy Limited (the "Company") and its controlled entities as a Consolidated Entity (together referred to as the "Consolidated Entity" or the "Group") for the year ended 30 June 2024 and were authorised for issue in accordance with a resolution of the Board of Directors on 27 September 2024.

The Group is a for-profit entity, with the primary activity during the year related to the renewal of ATP 855.

The consolidated financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*. The financial statements of Icon Energy Limited and its controlled entities comply with all International Financial Reporting Standards (IFRS) and interpretations adopted by the International Accounting Standards Board.

The financial statements have been prepared on an accrual and historical cost basis, except for provisions that have been measured at the present value of board of directors' best estimate of the expenditure required to settle the present obligation at the end of the reporting period. All amounts are presented in Australian dollars, unless otherwise noted. This is also the functional currency of the parent.

Details of Icon Energy Limited material accounting policies are included in Note 22.

### Going concern

It is a requirement of the Australian Accounting Standards, that 'when preparing financial statements, management shall make an assessment of an entity's ability to continue as a going concern. An entity shall prepare financial statements on a going concern basis unless management either intends to liquidate the entity or to cease trading or has no realistic alternative but to do so. When management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the entity's ability to continue as a going concern, the entity shall disclose those uncertainties.

The 30 June 2024 end of year financial statements have been prepared on a going concern basis as management do not intend to liquidate the entity nor cease operations and have determined that the Company does not meet the threshold of having no realistic alternative but to do so.

The going concern basis of preparation contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business and at the amounts stated in the financial report.

The Group recorded an operating loss for the year ended 30 June 2024 of \$1,156,056 (2023: \$5,537,787) and net operating cash outflows for the 12 months ended 30 June 2024 was \$1,049,919 (2023: \$1,501,747). The Group's current liabilities exceeded its current assets by \$3,671,489. These conditions indicate there are material uncertainties that may cast significant doubt on the Group's ability to continue as a going concern, and therefore, it may be unable to realise its assets and discharge its liabilities in the normal course of business.

Significant events and critical assumptions impacting the directors' assessment of going concern include:

- **Renewal of ATP 855:** On 4 October 2022, the Company applied to the Queensland Department of Resources (Department) to renew ATP 855 (Renewal Application). The Department initially rejected this application on 17 October 2022. In response, the Company sought judicial review of the decision, and on 5 September 2023, the Supreme Court of Queensland ruled in the Company's favor. The Court directed the Department to process the renewal application. The renewal application is currently under review by the Department.
- **Decommissioning and Rehabilitation Costs:** The Company has estimated that the cost for decommissioning and rehabilitation related to ATP 855 is \$4,954,842. The critical assumption used by the directors is that neither the Department of Resources nor the Department of Environment & Science will seek the commencement of outstanding decommissioning or rehabilitation requirements in respect to ATP 855 before the outcome of the renewal application is determined.
- **Likelihood of Renewal Success:** The Directors assess the likelihood of a successful outcome for the Renewal Application to be no less than 50%. The Directors are confident that the Company is being able to meet all the necessary requirements set forth by the Petroleum and Gas (Production and Safety) Act 2004.
- **Additional Funding:** The Directors believe that the Company can raise additional capital to support its operations. Should ATP 855 be renewed, the Directors anticipate raising funding through a capital raising or by partnering with a farm-out partner. If the renewal application is unsuccessful, the Directors will explore alternative options, including deferring rehabilitation work and pursuing further legal actions, given the estimated value of resources in the tenement.
- **Support from Related Parties:** The Directors also believe that further support can be provided by related parties if required.

**NOTE 1 - MATERIAL ACCOUNTING POLICY INFORMATION (Continued)**

- **Receipt of Additional Funding:** The Chairman has indicated he will offer additional support to be received in 3 tranches of \$300,000 over the next 12 months as a non-interest bearing, unsecured loan with an option to convert the loan to Icon's securities.

The reliance on future funding and the uncertainty surrounding the renewal of ATP 855 represent material uncertainties that could significantly impact the Group's ability to continue as a going concern. Consequently, these uncertainties may affect the realisation of assets and settlement of liabilities in the normal course of business and at the amounts stated in these financial statements.

The end of year financial statements do not include any adjustment relating to the recoverability or classification of recorded asset amounts or to the amounts or classification of liabilities that may be necessary should the Company not be able to continue as a going concern.

**NOTE 2 - LOSS FROM OPERATING ACTIVITIES**

Loss from operating activities before income tax includes the following items:

**a. Other income**

Interest received  
Refund - legal fees

**b. Gain on sale of current assets**

Proceeds on disposal of inventory  
Written down value of inventory

**c. Asset write off**

There was no outstanding amount included in the total above as at 30 June 2024 (30 June 2023: Nil).

### Lease Agreement:

The Group has a month-to-month lease agreement for its office building with an entity in which Mr. R. James has a controlling interest. The lease commenced on 8 December 2023.

Under the lease agreement, no rent is payable by the Company. The Company is responsible for all outgoings associated with the leased premises, including utility costs, property taxes, and maintenance expenses.

For the year ended 30 June 2024, the Company incurred outgoings and maintenance expenses totaling \$1,008.42 related to this lease.

The terms of the lease are more favorable to the Group compared to what would be available from unrelated third parties.

There was no outstanding amount related to the lease as at 30 June 2024.

On 13 March 2023, Raymond James, a Director of the Company, signed a loan agreement for the amount of \$520,000 to the Company on an interest-free unsecured loan for 2.5 years expiring 13 September 2025.

The loan is initially recognised at fair value in accordance with AASB 9 *Financial Instruments*. This is measured as the present value of all future cash flows, discounted using a standard business unsecured bank rate. The difference between fair value at initial recognition and the associated transaction cost is recognised as contributed equity in the Consolidated Statement of Financial Position. Loan is subsequently measured at amortised cost. The increase in the carrying amount of the loan due to the passage of time is recognised as finance cost in profit or loss.

Reconciliations of the written down values at the beginning and end of the current and previous financial year are set out below:

**Consolidated Entity**

<b>Balance at beginning of the year</b>	-	4,296,230
Increase/(decrease) in the restoration asset	-	(285,955)
Less: Depreciation of restoration asset	-	(73,246)
Less: Exploration and evaluation asset write off	-	(3,937,029)
<b>Balance at the end of the year</b>	-	-

Exploration and evaluation expenditure is only carried forward if it is expected to be recovered which is dependent on the successful development and commercial exploration or sale of area of interest.

At each reporting date, the Directors undertake an assessment of the carrying amount of its explorations and evaluation assets. During the last reporting period, the Directors identified that as a result of ATP 855 expiring on 1 November 2022, the exploration and evaluation asset ATP 855 that was recorded as a non-current asset, had to be completely written off in accordance with the Australian Accounting Standard *AASB 6 Exploration and Evaluation of Mineral Resources*. Therefore, an exploration asset write off totalling \$3,937,029 was recognised in the statement of profit or loss as at 30 June 2023.

**NOTE 7 - LEASES**

This note provides information for leases where the group is a lessee.

*The consolidated statement of financial position shows the following amounts relating to leases:*

**Right-of-use asset - Building**

	-	<b>37,905</b>

Interest expense (included in finance cost)	-	560
The total cash outflow for leases	-	41,315

The Group has a month-to-month lease agreement for its office building with an entity in which Mr. R. James, a director of the Company, has a controlling interest. The lease commenced on 8 December 2023. Under the terms of the lease agreement, no rent is payable by the Group. The Group is responsible for all outgoings associated with the leased premises.

In accordance with *AASB 16 Leases*, due to its short-term duration this lease is not recognised on the Statement of Financial Position. However, the related outgoings are recorded as expenses in the period in which they are incurred.

For the year ended 30 June 2024, the Group incurred outgoings and maintenance expenses totalling \$1,008.42 related to this lease. These costs are included under Occupancy expense in the Statement of Profit or Loss and Other Comprehensive Income.

Given the month-to-month nature of the lease, there are no future minimum lease commitments beyond the current month.

## NOTE 9 - PROVISIONS

### Restoration provision

Restoration provision represents the present value of estimated costs for the rehabilitation ATP 855.

The Directors base their judgements, estimates and assumptions on historical and on other various factors, including expectations of future events, which they believe are reasonable under the circumstances.

The group engaged an independent expert to assist in the calculation of the estimated costs of restoration.

### Movements in carrying amounts

Movements in the carrying amounts for each class of provision between the beginning and the end of the current financial year:

### Consolidated Entity

#### Restoration provision

##### Current

Balance at beginning of the year	4,746,017	-
Charged to profit or loss:		
- unwinding of discount	208,825	-
Reclassification from non-current provision	-	4,255,166
Increase/(decrease) in the restoration provision	-	490,851
<b>Balance at end of the year</b>	<b>4,954,842</b>	<b>4,746,017</b>

##### Non-Current

Balance at beginning of the year	-	5,031,976
Reclassification to current provision	-	(4,255,166)
Increase/(decrease) in the restoration provision	-	(776,810)
<b>Balance at end of the year</b>	<b>-</b>	<b>-</b>

At each reporting date, the Directors review the classification of restoration provision into current or non-current and adjust the amount of the provision to reflect the best estimate.

As a result of ATP 855 expiring on 1 November 2022, and the Group not having an unconditional right to defer settlement of the liability for at least twelve months after the reporting period, the Restoration Provision in respect to ATP 855 of \$4,255,166 was reclassified from non-current to current liabilities in accordance with the Australian Accounting Standard *AASB 101 Presentation of Financial Statements*. Should renewal be granted, the Group will have the ability to defer the restoration expenditure.

The increase in the carrying amount of the provision due to the passage of time, known as the unwinding of the discount, amounted to \$208,825 during the year. This unwinding interest is recognised as an interest expense in the Statement of Profit or Loss and Other Comprehensive Income. This reflects the time value of money associated with the discounted provision.

As at 30 June 2024, the current restoration provision of \$4,954,842 reflects the present value of estimated costs for rehabilitation in accordance with *AASB 137*.

## NOTE 10 - ISSUED CAPITAL

## NOTE 16 - SEGMENT INFORMATION

The Consolidated Entity operates in a single business segment, being the oil and gas exploration within Queensland. This is consistent with reporting to the Group's chief operating decision maker, who is the Board of Directors, that reviews internal management reports on at least a monthly basis. The financial results of this segment are equivalent to the financial statements of the Consolidated Entity as a whole.

**NOTE 17 - FINANCIAL INSTRUMENTS**

The Group holds the following financial instruments:

	NOTE	CONSOLIDATED ENTITY	
		30 June 2024	30 June 2023
		\$	\$
<b>Financial Assets</b>			
Cash and cash equivalents	5	448,747	1,480,933

<b>Financial Liabilities</b>			
Non-interest bearing borrowings		445,389	393,458
Held at amortised cost			
- Trade and other payables		172,693	177,453

The carrying values of financial assets and financial liabilities held at amortised cost approximate their fair value.

The Consolidated Entity's financial instruments consist mainly of deposits with banks, short-term investments, receivables, payables and borrowings. No financial assets are pledged as collateral for liabilities.

The main purpose of non-derivative financial instruments is to raise finance for the Consolidated Entity's operations.

The Consolidated Entity does not have any derivative instruments at 30 June 2024 (30 June 2023: Nil).

**Capital Risk Management**

The Consolidated Entity manages its capital to ensure that it will be able to continue as a going concern and provide optimal return to shareholders through the optimisation of the debt and equity balance.

The capital structure of the Consolidated Entity consists of cash and cash equivalents and equity comprising issued capital, net of reserves and accumulated losses as disclosed in notes 5 and 10 respectively.

The board of directors reviews the capital structure on a regular basis. As a part of the review the board considers the cost of capital and the risks associated with each class of capital.

The Consolidated Entity's overall strategy remains unchanged from 2023.

**Financial Risk Management**

The main risks the Consolidated Entity is exposed to through its financial assets and liabilities are credit risk, liquidity risk and market risk - interest rates.

Risk management is carried out by the board of directors.

**(a) Market Risk**

The Consolidated Entity's risk management program focuses on the unpredictability of the financial markets and seeks to minimise the potential adverse effects of the financial performance of the Consolidated Entity, by way of various measures detailed below. The Group does not carry any significant currency or price risk.

**Interest rate risk**

The Consolidated Entity's interest rate risk arises mainly from the term deposits and cash and cash equivalents earning interest at variable rates. The Consolidated Entity does not have any interest bearing borrowing facilities. Therefore, it has not been exposed to the interest rate risk through borrowing funds.

The Consolidated Entity manages interest rate risk by monitoring levels of exposure to interest rate.

At the end of the reporting period, the Consolidated Entity's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates, and the effective weighted average interest rates on those financial assets and financial liabilities, are set out below:

<b>Total Financial Liabilities</b>			<b>-</b>	<b>-</b>	<b>-</b>	<b>570,911</b>	<b>570,911</b>

**NOTE 17 - FINANCIAL INSTRUMENTS (Continued)****Sensitivity analysis**

Based on financial instruments at 30 June 2024, if the interest rates had increased / decreased by 0.5% from the period-end rates with all other variables held constant, post-tax profit for the year for the Consolidated Entity would have been \$9,685 higher/\$9,728 lower (30 June 2023: \$11,598 higher/\$11,838 lower), mainly as a result of the Consolidated Entity's exposure to interest rates on its variable rate cash and cash equivalents.

**(b) Credit risk**

Credit risk arises from the financial assets of the Consolidated Entity which comprise cash and cash equivalents and trade and other receivables. The Consolidated Entity's exposure to credit risk arises from potential default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments. The Consolidated Entity enters into legally binding contracts and management monitors the progress of these contracts in accordance with contract values, as a means of mitigating the risk from financial loss.

The Consolidated Entity does not have any significant credit risk exposure to any single counterparty of any group of counterparties having similar characteristics.

During the year the Consolidated Entity maintained all cash and cash equivalent balances with the financial institution holding an AA- rating based on a S&P Global ratings.

The trade and other receivables balance consist of 86% of trade receivables (2023: 94%) and 14% of receivables from the Australian Tax Office for goods and services tax refund (2023: 6%).

**(c) Liquidity risk**

Liquidity risk arises from the financial liabilities of the Consolidated Entity and its subsequent ability to meet its obligations to repay their financial liabilities as and when they fall due.

Ultimate responsibility for liquidity risk rests with the board of directors, who have an appropriate liquidity risk management framework for the management of the Consolidated Entity's short, medium and long-term funding and liquidity requirements.

The Consolidated Entity manages liquidity risk by monitoring forecast and actual cash flows, matching the maturity profiles of the financial assets and liabilities and entering into contracts in accordance with an approved Authority for Expenditure. The Board reviews cashflows and considers short and long term forecasts and any implications to the Consolidated Entity's liquidity. Cash is held in a high interest account to maximise interest income. The amounts held as guarantees are regularly reviewed to ensure any restrictions are lifted as soon as possible.

The following are contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted except for the non-interest bearing borrowings which are discounted using a standard business unsecured bank rate when initially measured and subsequently measured at amortised cost.

	Carrying Amount \$	Contractual Cashflows \$	<1Year \$	1-5 Years \$
<b>30 June 2024</b>

	<b>570,911</b>	<b>570,911</b>	<b>177,453</b>	<b>393,458</b>

The Consolidated Entity's liquidity risk relating to financial liabilities at 30 June 2024 is limited to the repayment of the trade payables and borrowings. Trade payables are non-interest bearing and are normally settled on 30 day term. The borrowings are long-term non interest bearing.

for the year ended 30 June 2024

## NOTE 17 - FINANCIAL INSTRUMENTS (Continued)

### Fair value estimation

The net fair value of cash and cash equivalents and short-term non-interest bearing monetary financial assets and liabilities of the Consolidated Entity, as stated in the Consolidated Statement of Financial Position and accompanying explanatory notes as at 30 June 2024 and 30 June 2023, is a reasonable approximation of their carrying value.

Non-current non-interest bearing borrowing is initially recognised at their fair value and subsequently - at amortised cost.

## NOTE 18 - RELATED PARTY TRANSACTIONS

- Interests in subsidiaries are disclosed in note 15.
- Transactions with Directors and Director Related Entities are disclosed in note 4.
- There were no other related party transactions during the year ended 30 June 2024 or 30 June 2023.

## NOTE 19 - CONTINGENT LIABILITIES

### Lodgement of invalid surrender notice

Following the expiration of tenure (ATP594 on 16 April 2021) the Company were issued a requirement to surrender of Environmental Authority notice pursuant of section 258 of the Environmental Protection Act 1994.

A surrender application from the Company was received by the Department of Environment and Science on 1 August 2023. The application however was invalid as it did not satisfy the legislative requirements under section 262 (Requirements for surrender application) and 264 (Requirements for final rehabilitation report) of the EP Act. A non-statutory notice of "invalid application" was issued to the Company on 11 August 2023.

The uncertainties relate to the timing and the amount of costs in the final rehabilitation report. It is not practicable to estimate the financial effect as a valid surrender application has not yet been lodged.

There are no other contingent liabilities as at 30 June 2024 (30 June 2023: Nil).

## NOTE 20 - EVENTS AFTER BALANCE DATE

On 30 August 2024, the Company applied for a Petroleum Lease over the entire area of ATP 855 due to an amendment to the Regional Planning Interests Regulations 2014 (RPI Regulations) made on 1st August 2024.

There were no other after balance sheet date events at the date of signing.

## NOTE 21 - PARENT ENTITY INFORMATION

The accounting policies of the parent entity, which have been applied in determining the financial information shown below, are the same as those applied in the consolidated financial statements. **NOTE 22 - SUMMARY OF OTHER MATERIAL ACCOUNTING POLICY INFORMATION**

The following is a summary of the material accounting policies adopted by the Consolidated Entity in the preparation of the financial statements. The accounting policies have been consistently applied unless otherwise stated.

**(a) Changes in Accounting Policies****Standards and Interpretations adopted**

The Consolidated Entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. None of these have had a material impact on Consolidate Entity's financial statements.

**Standards and Interpretations issued but not yet adopted**

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2024 reporting periods. Some of them are available for early adoption at 30 June 2024, but have not been applied in preparing this financial report. The Consolidated Entity has not yet assessed the impact of these new or amended Accounting Standards and Interpretations.

**(b) Principles of Consolidation**

A controlled entity is any entity controlled by Icon Energy Limited. Control exists where Icon Energy Limited is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. A list of controlled entities is contained in Note 15 to the accounts. All controlled entities have a June financial year end.

All inter-company balances and transactions between entities in the Consolidated Entity, including any unrealised profits or losses, have been eliminated on consolidation.

Where controlled entities have entered or left the Consolidated Entity during the year, their operating results have been included from the date control was obtained or until the date control ceased.

**(c) Critical accounting estimates and judgments**

The board of directors evaluates estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group. The actual results may differ from the resulting accounting estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the estimates are recognised prospectively. The estimates, assumptions and judgements that are material to the financial report and have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

**Exploration and evaluation expenditure**

The application of the Group's policy for exploration and evaluation discussed in Note 22(e) requires the board of directors to make certain estimates and assumptions as to future events and circumstances. Any such estimates and assumptions may change as new information becomes available.

# Notes to the Consolidated Financial Statements

for the year ended 30 June 2024

## NOTE 22 - SUMMARY OF OTHER POTENTIALLY MATERIAL ACCOUNTING POLICIES (Continued)

### (c) Critical accounting estimates and judgments (Continued)

Exploration and evaluation expenditure is assessed for impairment in line with AASB 6 *Exploration for and Evaluation of Mineral Resources*. When the circumstances suggest that the carrying amount of an exploration and evaluation expenditure asset may exceed its recoverable amount, the Group measures any impairment loss and discloses it in the consolidated statement of profit or loss and other comprehensive income. To make the judgement the Group involves independent valuation experts that determine the value as disclosed in note 6. There is therefore the risk that actual values realised may be materially different to those disclosed in these financial statements.

#### *Restoration provision*

The Consolidated Entity assesses its future liabilities in relation to the restoration costs which include the removal of facilities, abandonment of wells and restoration of affected areas. The estimate of future restoration costs is done at the time of installation of the assets. In most instances, removal of assets occurs many years into the future. Therefore, directors are required to make judgments regarding the removal date, future environmental legislation, the extent of restoration activities and future removal technologies. The Consolidated Entity assesses its restoration provision at each reporting date. Refer to note 9 for key assumptions.

### (d) Income Tax

Income tax comprises current and deferred tax.

Current tax is the expected tax payable/(receivable) on the taxable income or loss for the year, calculated using applicable income tax rates enacted, or substantively enacted, as at the reporting date. Current tax liabilities/(assets) are therefore measured at the amounts expected to be paid to/(recovered from) the relevant taxation authority.

Deferred income tax expense/(benefit) reflects movements in deferred tax asset and deferred tax liability balances during the period as well as unused tax losses.

Current and deferred income tax expense/(benefit) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

#### **Tax Consolidation**

Icon Energy Limited ("Head entity") and its wholly-owned Australian subsidiaries have formed an income tax consolidated group under tax consolidation legislation. Each entity in the Group recognises its own current and deferred tax assets and liabilities. Such taxes are measured using the 'stand-alone taxpayer' approach to allocation. Current tax liabilities/(assets) and deferred tax assets arising from unused tax losses and tax credits in the subsidiaries are immediately transferred to the head entity. The Group notified the Tax Office that it had formed an income tax consolidated group to apply from 1 July 2008.

**NOTE 22 - SUMMARY OF OTHER POTENTIALLY MATERIAL ACCOUNTING POLICIES (Continued)****(e) Exploration, Evaluation and Development Expenditure**

Exploration, evaluation and development expenditure incurred is accumulated in respect of each identifiable area of interest. These costs are only carried forward if the rights to tenure of the area of interest are current and to the extent that they are expected to be recouped through the successful development of an area or sale of the respective area of interest or where activities in the area have not yet reached a stage which permits a reasonable assessment of the existence of economically recoverable reserves.

Capitalised costs in relation to an abandoned area are written off in full in profit or loss in the year in which the decision to abandon the area is made.

A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest. For the purposes of impairment testing, exploration and evaluation assets are allocated to cash-generating units to which the exploration activity relates. The cash-generating unit shall not be larger than the area of interest.

**(f) Loans and Borrowings**

Loans and borrowings are initially recognised at fair value, net of transaction costs incurred. This is measured as the present value of all future cash flows, discounted using a current borrowing rate. Any difference between fair value at initial recognition and the transaction cost is recognised as a gain or loss in the Statement of Consolidated Income or Loss. Borrowings are subsequently measured at amortised cost. The increase in the borrowing due to the passage of time is recognised as finance cost in profit or loss.

Borrowings are classified as current liabilities unless the Consolidated Entity has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

**(g) Trade Creditors**

A liability is recorded for the goods and services received prior to balance date, whether invoiced to the Group or not that remain unpaid. Trade creditors are normally settled within 30 days.

**(h) Cash and Cash Equivalents**

Cash and cash equivalents in the Consolidated Statement of Financial Position comprise cash at bank and in hand and short-term deposits with an original maturity of 3 months or less that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of the Consolidated Statements of Cash Flows, cash and cash equivalents include cash and cash equivalents as above, net of outstanding bank overdrafts.

**(i) Provisions**

Provisions for make good obligations are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of directors' best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost in profit or loss.

***Restoration provision***

The Group recognises a restoration provision to meet all future obligations for the restoration of petroleum assets when the petroleum assets are abandoned. Site restoration costs include the dismantling and removal of mining plant, equipment and building structures, waste removal, and rehabilitation of the site in accordance with clauses of the mining permits. The liability for restoration is discounted to present value and capitalised as part of the exploration expenditure of an area of interest and revised at the end of each reporting period through profit or loss. The periodic unwinding of the discount is recognised in profit or loss as part of finance costs.

Changes in the estimates of restoration costs are dealt with prospectively by recognising an adjustment to the restoration liability and a corresponding adjustment to the asset to which it relates. If any reduction in the restoration liability exceeds the carrying amount of that asset, any excess is recognised in profit or loss. In determining the costs of site restoration, there is uncertainty regarding the nature and extent of the restoration due to community expectations and future legislation. Accordingly, the costs have been determined on the basis that the restoration will be completed within one year of abandoning the site.

## NOTE 22 - SUMMARY OF OTHER POTENTIALLY MATERIAL ACCOUNTING POLICIES (Continued)

### (j) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. The Chief Operating Decision Maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors.

### (k) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

### (l) Financial Instruments

#### Recognition

Financial instruments are initially measured at fair value at settlement date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

#### Financial assets

AASB 9 contains three principal classification categories for financial assets: measured at amortised cost, Fair Value through Other Comprehensive Income (FVOCI) and Fair Value Through Profit or Loss (FVTPL). The classification of financial assets under AASB 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

The Group's loans and receivables are classified as amortised cost.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

#### Financial liabilities

For the purposes of subsequent measurement, financial liabilities are classified into financial liabilities at amortised cost or financial liabilities at FVTPL. A financial liabilities at FVTPL include financial liabilities held-for-trading and financial liabilities designated as such on initial recognition.

Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

#### Impairment

##### Financial assets

AASB 9 uses an 'expected credit loss' (ECL) model. The impairment model applies to financial assets measured at amortised cost, contract assets and debt investments at FVOCI, but not to investments in equity instruments.

---

**NOTE 22 - SUMMARY OF OTHER POTENTIALLY MATERIAL ACCOUNTING POLICIES (Continued)****(l) Financial Instruments (Continued)**

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

For trade receivables, the group applies the simplified approach permitted by AASB 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

**(m) Impairment of Non-Financial Assets**

Every six months, the directors review the carrying values of its non-financial assets which include exploration, evaluation and development expenditures and property, plant and equipment, to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed and included in profit or loss.

Where it is not possible to estimate the recoverable amount of an individual asset, the Consolidated Entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

**(n) Issued Capital**

Issued capital is recognised at the fair value of the consideration received by the Consolidated Entity. Any transaction costs arising on the issue of shares are recognised directly in equity as a reduction of the share proceeds received.

# Corporate Governance Statement

---

## SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

This statement outlines Icon Energy's Corporate Governance practices. It is current as at 27 September 2024 and has been approved by the Board.

## ROLE OF THE BOARD

The Board of Directors of Icon Energy is responsible for the overall corporate governance of the group and oversees the Company's business and management for the benefit of shareholders. The Board's key responsibilities include:

- **Establishing Governance and Ethical Standards:** The Board sets the corporate governance framework and ethical standards for the Company;
- **Setting Objectives and Goals:** The Board defines the strategic direction and objectives to guide the Company's growth;
- **Managing Key Appointments:** The Board appoints or removes the Managing Director and oversees their performance, as well as the Company Secretary;
- **Risk Management and Compliance:** The Board reviews and approves the Company's risk management systems, internal controls, codes of conduct and legal compliance;
- **Board Composition:** The Board ensures it has the right mix of skills and experience to meet the Company's needs;
- **Financial Oversight:** The Board approves and monitors the Company's budgets, capital expenditure, and financial and other reporting;
- **Strategic Implementation:** The Board oversees the implementation of the Company's strategic objectives by the Managing Director.

## Matters reserved for Board's Decision

The following matters are specifically reserved for Board's decision:

- Appointment of the Managing Director;
- Approval of the structure of the direct reports to the Managing Director;
- Approval of the Company's overall strategy;
- Approval of annual budgets of the business;
- Delegation of authority;
- Formal determinations that are required by Icon Energy's constitutional documents, by statute or by other external regulation.

The Board retains the right to make changes to the matters reserved for its decision, subject to the limitations imposed by the constitutional documents and the law.

The Managing Director is empowered to make decisions and take actions necessary to achieve the Company's objectives, within the authority granted by the Board. The Managing Director continues to be responsible to the Board for the delegated authority and for the overall performance of the Company. The Board monitors the decisions and actions of the Managing Director to ensure that progress is being made towards the corporate objectives, within the authority it has delegated.

The Managing Director is required to report on progress being made by the Company to the Board and key stakeholders. The Board determines the nature and form of information required from the Managing Director, employees or external parties, including the external auditor. Openness and trust are encouraged between individual members of the Board and the Managing Director and other employees. This allows Directors to achieve a better understanding of the business.

In the absence of the Managing Director, the Board assumes the responsibilities of managing the Company.

The Managing Director and other Senior Executives are employed under written employment agreements, which set out the terms of their appointment.

# Corporate Governance Statement

---

## ROLE OF MANAGEMENT

Through the Managing Director, the Board has delegated the following key functions to senior executives:

- The recommendation of Icon Energy's business, operational and corporate strategy to the Board for approval and following their approval, implementation;
- The day to day responsibility for complying with all laws and regulations relevant to Icon Energy's operations and business activities;
- The achievement of the corporate objectives set by the Board;
- The development and implementation of the Company's policies and procedures (including risk management and internal control processes); and
- The engagement of suitable staff and contractors so as to effectively discharge the Company's obligations and various strategic, operational and business objectives;
- Provide timely presentation of information to the Board to enable the Board to fulfil its responsibilities.

A copy of the Company's Board Charter and the Role of Management can be found in the Corporate Governance Section of the Company's website.

## BOARD COMPOSITION

At 30 June 2024, the Board consisted of three Directors, including two Non-executive Directors, one of whom is also independent.

The principles applied to the composition of the Board of the Company are as follows:

- Due diligence conducted prior to the appointment of each Directors has ensured that the Company's Board is comprised of Directors who have a broad cross-section of experience in the fossil fuel exploration/production industry both in Australia and overseas, have general management and business development experience or legal or financial experience;
- The expertise of the Board encompasses the establishment of management strategy and monitoring achievement of these strategies;
- The Chairman has the casting vote in all Board decisions;
- When a Board vacancy arises or an additional Director is deemed necessary, the appointment will be made from persons who possess the appropriate expertise, skills and availability as determined by the Board. The Board reviews the composition of the Board on a regular basis and conducts a skills gap analysis as part of the exercise to ensure the Board has the right balance of requisite skills and experience;
- In accordance with ASX listing rules and individual Director Service Agreements with the Company, no Director, except the Managing Director, shall hold office for a period in excess of three years, or past the third Annual General Meeting following the Director's appointment, whichever is the longer, without submitting themselves for re-election. At every Annual General Meeting one third of the Directors, or if their number is not a multiple of three, then the number nearest to but not exceeding one third shall retire from office and be eligible for re-election. All relevant information in relation to the re-election of a Director to be determined at an Annual General Meeting is set out in the Notice of Meeting and Explanatory Statements for all shareholders.

## INDEPENDENCE OF NON-EXECUTIVE DIRECTORS

The Board considers an Independent Director to be a Non- executive Director who meets the criteria for independence included in the Australian Securities Exchange's (ASX) Corporate Governance Council's Corporate Governance Principles and Recommendations (*ASX Principles*).

The Board has undertaken a review of all directors during the reporting period and determined the following:

Director Name	Position	Independent?	Length of Service (as at 30 June 2024)
Mr Stephen Barry	Chairman	Yes	N/A <sup>(1)</sup>
Mr Raymond James	Chairman, Non-Executive Director	No	31 years
Mr Jeffrey Marvin	Managing Director	No	1.25 years
Mr Peter Wilson	Non-Executive Director	Yes	0.8 years <sup>(2)</sup>

(1) Mr Stephen Barry resigned from the position of Chairman and a member of the Board on 8 September 2023.

(2) Mr Peter Wilson was appointed as Non-Executive Director on 8 September 2023.

Mr Raymond James is not considered independent as he is a substantial shareholder of the Company.

As at 30 June 2024 one of three directors was considered independent.

Directors must declare if any conflict of interest arises at the Board meetings. The Director does not participate in any Board discussion or vote in relation to a matter where a material personal interest arises in respect of that matter unless the *Corporations Act 2001* prescribes to do otherwise.

## BOARD SKILLS

The Board has adopted a Board Skills Matrix that sets out the mix of skills, knowledge, experience, personal attributes, and other criteria that the Board currently has and those that the board is looking to achieve in its Board membership.

The Board has completed a formal assessment of each of its directors against the Skills Matrix.

The following table illustrates the collective skills and experience of the current Directors:

Skill area	Directors
Board and executive experience	✓
Strategy	✓
Financial/accounting	✓
Risk management and compliance	✓
Corporate governance	✓
Legal	✓
Capital management	✓
Information technology	✓
HSE and sustainability	✓
Industry experience	✓
Public policy and government relations	✓

The Directors believe that the current Board collectively has the appropriate skills and knowledge required to effectively govern and direct a company of this size.

# Corporate Governance Statement

---

The skills mix in the matrix and board diversity is under review regularly as part of the continual board review process.

Additionally, the Board encourages the Directors to continue their education and training by attending external training and education to maintain the skills and knowledge needed to perform their roles as Directors effectively.

## CHAIR

The Chairman's role is to lead the Board. The Chairman's responsibilities are set out on the Board Charter and include chairing Board meetings and directing Board discussions to be effective.

The roles of the Chairman and the Managing Director are not exercised by the same individual. The appointment of the Managing Director is made by the Board.

As of 30 June 2024, Mr. Raymond James serves as Chairman of the Board, having been appointed to this role on 6 October 2023, following the resignation of Mr. Stephen Barry on 8 September 2023. Mr. Barry had previously fulfilled the role of Chairman as an independent director in accordance with the ASX Principles.

Mr. James, a substantial shareholder of the Company, does not meet the ASX Corporate Governance Principles' independence criteria outlined in box 2.3, which requires the Chairman to be an independent director. Despite this, the Board has determined that Mr. James is the most suitable candidate for the role, given his extensive experience and comprehensive understanding of the Company's operations.

While Mr. James' appointment does not align with the ASX Principles' recommendations regarding the independence of the Chairman, the Board remains committed to maintaining high standards of corporate governance. We will continue to review our governance practices to ensure they support the Company's strategic objectives and serve the interests of all stakeholders effectively.

## COMPANY SECRETARY

Icon's Board appoints the Company Secretary and the Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

## INDEPENDENT PROFESSIONAL ADVICE

The Directors are entitled to seek independent professional advice at the Company's expense if required in the performance of their duties.

The Directors are entitled to direct access to employees and Company advisers as may be required.

## BOARD COMMITTEES

As part of our ongoing commitment to effective corporate governance, Icon periodically reviews the structure and composition of our governance framework to ensure it meets the evolving needs of our Company. For the reporting period ending 30 June 2024, the Company has made a strategic decision to dissolve all formal board committees. This decision reflects the Company's current size and operational structure.

In the absence of dedicated committees, the Board has assumed the responsibilities typically undertaken by these committees. This includes overseeing key areas such as audit and risk management, nomination, and remuneration. The Board's direct engagement in these areas ensures that governance remains robust and responsive to the Company's strategic objectives.

## Audit and Risk Management

Previously, the Audit and Risk Management Committee was responsible for:

- **Financial Risk Management and Internal Controls:** Overseeing the effectiveness of systems related to financial risk management, governance, and internal control.
- **Financial Reporting:** Ensuring the integrity of the Group's financial reporting.
- **External Audit Process:** Overseeing the integrity of the external audit process, including the appointment, performance, and independence of the external auditor.
- **Risk Identification and Management:** Identifying potential risks and reviewing the Company's risk management system.

The Board has now taken on these responsibilities, including:

- **Reviewing Financial Statements:** Ensuring the accuracy and integrity of financial reporting.
- **Monitoring Internal Controls:** Evaluating the effectiveness of the internal control framework and risk management processes.
- **External Audit Oversight:** Managing the external audit process and maintaining auditor independence.

The Board reviews the effectiveness of the Company's risk management framework, including internal controls, on an annual basis. The last review of key identified risks was conducted on 27 October 2023, with the next review scheduled for October 2024. The Board's oversight ensures continued adherence to high standards of financial integrity and risk management.

The Company does not have an internal audit function.

## Remuneration, Nominations, and Succession

Previously, the Remuneration, Nominations, and Succession Committee was responsible for:

- **Managing Director:** Appointing and evaluating the performance of the Managing Director.
- **Remuneration Structure:** Determining remuneration structures for the Managing Director and senior employees.
- **Recruitment and Retention:** Overseeing policies and procedures for recruitment, retention, and termination of senior management.
- **Incentive Schemes:** Reviewing staff and executive incentive schemes.
- **Board Performance and Succession:** Conducting board performance assessments, skills analysis, and succession planning.
- **Staff Superannuation:** Managing staff superannuation arrangements.

The Board has assumed these responsibilities, which include:

- **Executive and Director Evaluation:** Evaluating the performance and remuneration of the Managing Director and senior executives.
- **Succession Planning:** Overseeing succession planning for both the Board and senior management.
- **Policy Oversight:** Reviewing recruitment, retention, and incentive policies to align with the Company's strategic goals.

## Ongoing Review

The Board remains dedicated to ensuring that our governance practices are aligned with best practices and the interests of our stakeholders. We will continue to assess the effectiveness of our governance framework and make adjustments as necessary to support the Company's growth and operational needs.

This approach reflects our commitment to maintaining a high standard of governance while adapting to the Company's current operational context. The Board will regularly review the decision to dissolve the committees to ensure it remains appropriate for the Company's evolving circumstances.

## BOARD AND SENIOR EXECUTIVE REMUNERATION

Remuneration levels and terms of employment for Executive Directors and Senior Executives are formalised in individual Service Agreements.

The structure and amounts paid to Non-executive Directors, executive Directors and other Senior Executives are contained in the Remuneration Report, which forms part of the Directors' Report. This Report also outlines the relationship between the performance of Icon Energy and remuneration paid to Senior Executives.

Following the dissolution of the Remuneration, Nomination, and Succession Committee, the Board has taken on the responsibilities for reviewing the Company's remuneration strategy and framework. The Board conducts an annual review to ensure that the remuneration policies and practices align with the Company's strategic goals and reflect its performance.

As of October 2023, directors' fees have been suspended. The Board continues to oversee all aspects of remuneration and employment terms in line with the Company's current operational and financial context.

## PERFORMANCE EVALUATION

A formal performance evaluation of the Board, the Chairman and individual Directors was last completed on 21 May 2024. As part of that review, the Board reviewed its composition, skills and application of those skills, as well as Board procedures and practices to ensure it has the necessary skills and mechanisms to pursue the Company's strategic objectives.

Given the current structure of the Company, performance evaluations are focused on the Board's effectiveness and its ability to meet the Company's strategic goals. The evaluation process ensures that Board members are performing effectively and that their skills and practices align with the Company's objectives.

A summary of the performance evaluation process can be viewed in the Corporate Governance section of the Company's website.

## DIVERSITY

A key goal of the Board and Management is to contribute positively to the success of the Company by promoting a high performance culture that draws on the diverse and relevant experience, skills, expertise, perspectives and the unique personal attributes of its Board members and employees.

As an employer, we are committed to managing diversity by reflecting our Company values of respect, integrity, honesty and personal commitment in maintaining and valuing the differences a diverse workforce brings.

The Company applies its Diversity Policy to all Icon Energy Limited's Directors and employees, including contractors and consultants acting on the Company's behalf. The Policy covers and includes the recruitment and selection process, terms and conditions of employment including pay, promotion, work assignment, and training as well as any other aspect of employment.

Key principles of the Diversity Policy include:

- **Fair Treatment:** Ensuring all employees, prospective employees, partners, contractors, consultants, and suppliers are treated fairly and equally.
- **Valuing Diversity:** Promoting a corporate culture that values diversity and respects differences.
- **Impartial Recruitment:** Recruiting employees and Directors from a diverse pool of suitably qualified candidates.
- **Optimal Recruitment:** Designing the recruitment process to select the most qualified individuals for the right positions.
- **Development Opportunities:** Providing learning and development strategies and opportunities to enhance the skills and experience of employees for career advancement.

Details of the Policy are set out under the Corporate Governance section on the Company's website.

## ETHICAL STANDARDS

The aim of the Company is to ensure that all Directors, managers and employees act with integrity and promote ethical and responsible behaviour which will enhance the reputation and performance of the Group.

The Company has an approved Code of Conduct and Ethics which describes Icon Energy's **values**, as well as other policies and procedures in place incorporated into an ethical framework on which the Company bases its decisions – as individuals and as a corporate entity.

A copy of these Policies and all corporate governance information can be found in the Corporate Governance Section on the Company's website.

## CODE OF CONDUCT AND ETHICS

The standard of behaviour required of Icon Energy's Directors and employees, as well as of contractors engaged to perform work on behalf of the Company requires:

- **Best Interests:** Acting in the best interests of the Company and working to create value for its shareholders and stakeholders.
- **Integrity and Fairness:** Conducting all dealings with honesty, integrity, and fairness, both internally and with third parties.
- **Legal Compliance:** Adhering to all applicable laws and regulations governing the Group and its operations.
- **Conflict of Interest:** Avoiding or appropriately managing any conflicts of interest that may arise.

The Company has a process in place for Directors, employees and third parties to report potential breaches of the Code of Conduct and Ethics. The Code is periodically reviewed to check that it is operating effectively and whether any changes are required to the code

## CODE OF CONDUCT

Further general principles of conduct under the Company's Code of Conduct and Ethics, include:

- **Ethical and Responsible Practices:** Conducting business with the highest ethical standards and responsibility.
- **Sustainable Development:** Integrating sustainable development considerations into our decision-making processes.
- **Economic Contribution:** Promoting economic growth and business development, generating government revenue, providing commercial returns to the industry, and contributing to the wealth created by Australia's natural resource base.
- **Risk Management:** Implementing health, safety, environmental, and community risk management strategies that are based on sound science, transparency, and effective communication.
- **Continuous Improvement:** Continuously seeking opportunities to enhance health, safety, and environmental performance, addressing risks posed by our operations to employees, contractors, the public, and the environment.
- **Biodiversity and Environmental Protection:** Contributing to biodiversity conservation and environmental protection through responsible management of our operations and their impacts.
- **Community Development:** Supporting the economic and social development of the communities in which we operate.
- **Human Rights:** Respecting and protecting human rights and dignity at our operations and dealing fairly with employees and others.
- **Community Engagement:** Engaging openly and effectively with our communities and reporting on our activities.
- **Share Trading Policy:** Directors and Executives must notify the Chairman or Managing Director before trading in the Company's shares and must comply with the Company's Share Trading Policy.

These principles underpin our commitment to ethical conduct and responsible business practices, ensuring we operate with integrity and contribute positively to all our stakeholders.

## OTHER KEY POLICIES

In addition to the Company's Code of Conduct and Ethics, Icon has implemented a Whistleblower Policy to provide employees with a confidential and secure process for reporting improper conduct. This policy ensures that all reports can be made without fear of discrimination or harassment, and encourages staff to raise concerns about any conduct that may be inappropriate or unlawful.

Icon is also committed to ethical conduct through its Anti-Bribery and Corruption Policy. This policy ensures compliance with legal and regulatory standards concerning anti-corruption and bribery, emphasizing our commitment to acting ethically, honestly and responsibly. This Policy sets out the requirements for the management of gifts and benefits.

The Board is informed if any material incident reported under the Whistleblower Policy and/or Anti-Bribery and Corruption Policy.

Code of Conduct and Ethics, Whistleblower Policy and Anti-Bribery and Corruption Policy can be found in the Corporate Governance Section on the Company's website.

## TRADING IN THE COMPANY'S SECURITIES BY DIRECTORS AND EMPLOYEES

The Board has established a formal Share Trading Policy to regulate trading in the Company's securities by Directors and employees. The policy outlines specific periods during which share trading is permitted, known as "Trading Windows", and periods when trading is restricted, known as "Blackout Periods".

Generally, all Icon Energy personnel who do not possess unpublished price-sensitive information may only buy, sell or otherwise deal in the Company's securities during designated Trading Windows. Trading Windows are typically opened for a three week period following:

- The announcement of the half yearly financial results;
- The announcement of the annual financial results;
- The announcement of the Quarterly Reports for the March and September quarters;
- The holding of Icon Energy's Annual General Meeting;
- The Company issues a prospectus or a cleansing statement; or
- As the Board otherwise determines.

Under the Policy, Directors and Employees who wish to trade in the Company's securities must seek prior clearance in writing from the Chairman (in the case of Directors) and the Managing Director (for the Chairman, Secretary or employees). The provisions of the *Corporations Act 2001* and the Listing Rules of the ASX require advice to the ASX of any transactions by the Directors in the securities of the Company.

## IDENTIFICATION OF SIGNIFICANT BUSINESS RISK

The Board receives comprehensive monthly management reports which enables Directors to identify emerging risk factors and monitor management's response to these risks.

## MANAGEMENT OF ENTERPRISE AND OPERATIONAL RISK

The Board has the responsibility for setting the Company's Risk Management Policy.

The Board of Directors, in conjunction with senior executives, is responsible for the development, implementation and management of Icon Energy's risk management and internal control framework. The Board of Directors also monitors the management of these functions, including as to the manner in which the Group's material operational and business risks are being effectively managed.

Key responsibilities of the Board in this area include:

- Monitoring the establishment and implementation by management of the Company's risk management system;
- Monitoring the effectiveness of the systems of financial risk management, governance and internal control;
- Endorsing a Risk Management Policy which describes the manner in which both risk and the opportunity are identified, assessed, monitored and managed, including how:
  - Significant decisions affecting and changes to the business are subject to risk assessment;
  - Any operational incidents are to be analysed in order to learn from them and successes reviewed in order to repeat them;
  - All acquisitions and divestments of assets are subject to assessment and management;
  - Risks and associated control systems are regularly reviewed; and
  - Performance against risk management plans is monitored and reported upon to the Board.

The Board monitors the effectiveness of the Company's management of material operational and business risks.

The Board has also received a declaration under Section 295A of the *Corporations Act 2001*, that the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Company does not have any material risk exposure to environmental or social risks.

The Company's Enterprise-wide Risk Management Policy and Crisis Management Policy which encapsulates the Company's management of material business risks, including economic, environmental, social sustainability and operational risks, can be found in the Corporate Governance section of the Company's website.

## CONTINUOUS DISCLOSURE

The Board has in place a Disclosure and Communications Policy that is available under the Corporate Governance section on the Company's website. The Disclosure and Communications Policy defines the legal and regulatory obligations, materiality guidelines and reporting process, and is designed to ensure compliance with the continuous and periodic disclosure obligations under the *Corporations Act 2001* and ASX Listing Rules. Responsibility for meeting ASX disclosure requirements and accountability for compliance rests primarily with the Company Secretary.

The Company conducts regular briefings with all staff to ensure they understand the Company's continuous disclosure obligations, and their role in fulfilling them. The Board reviews continuous disclosure matters, if any, at each Board meeting. Copies of Icon Energy Limited's releases to the ASX, investor presentations and Annual Reports are available on the Company's website.

The Company has an effective system to review and approve public documents that are not reviewed or audited by its external auditors. Copies of market sensitive announcements are circulated to the Board for approval prior to lodgment.

The Company ensures that any new and substantive investor or analyst presentation is released on the ASX Markets Announcements Platform ahead of the presentation.

## SHAREHOLDER COMMUNICATION

The Disclosure and Communications Policy sets out the manner in which Icon Energy promotes communication with shareholders and other key stakeholders. The Board of Directors ensures that shareholders are fully informed as to any significant Group developments which are generally communicated through:

- **Continuous Disclosure:** Regular updates are provided through ASX announcements;
- **Email Alerts:** All ASX announcements are broadcast via email to all subscribers who have registered on the Company's website;
- **Website Updates:** Company's website information updates on all activities;
- **Annual Reports:** Annual reports are provided to shareholders;
- **Half-yearly Financial Reports:** Half-yearly financial reports lodged with the ASX and made available to shareholders;
- **Quarterly Report:** Quarterly reports are provided through ASX announcements;
- **Notices of Shareholder Meetings:** Detailed notices of shareholder meetings and explanatory notes.

Copies of the above documents are published on the Company's website: [www.iconenergy.com](http://www.iconenergy.com).

Shareholders are encouraged to contact the Company's office if they have any questions on the Company's affairs and participate in the Annual General Meeting by attending, asking questions of the Company's Directors and exercising their vote. In 2023, the Annual General Meeting was held virtually. Shareholders were not able to attend the meeting in person, however, they were given an opportunity to attend virtually and ask questions of the Company's Directors online and cast their votes. In addition, the Company's external auditors attend the Annual General Meeting each year and any security holder questions are invited by the Chair to be asked at the meeting.

The Company has adopted a process that every future resolution at an Annual General Meeting be decided by poll.

A copy of the Disclosure and Communications Policy can be found in the Corporate Governance Section of the Company's website.

Information about Icon Energy Limited and its governance is available on the Company's website, at [www.iconenergy.com/irm/content/corporate-governance.aspx?RID=319](http://www.iconenergy.com/irm/content/corporate-governance.aspx?RID=319)

The Company has provided the security holders with the option to receive communications from, and send communications to, the Company and its share registry electronically.

## ASX CORPORATE GOVERNANCE COUNCIL PRINCIPLES AND RECOMMENDATIONS

The ASX Corporate Governance Council has recognised that its corporate governance principles and recommendations do not represent a "one size fits all" solution. Icon Energy has considered and, where appropriate, applied the ASX Corporate Governance Recommendations. However, due to the size and structure of the Company, certain recommendations have been adapted.

During the reporting period, Icon Energy has adopted all ASX Corporate Governance Recommendations except for the following:

- **Recommendations 2.1(a)(1), 4.1(a)(1), 7.1(a)(1), 8.1(a)(1):** These recommendations suggest that Committees should have at least three members. Given the small size of the Company, the Board has determined that operating without formal committees is more practical.
- **Recommendation 2.4:** This recommendation calls for a majority of the Board to be independent directors. The Board has concluded that, for a Company of its size, it is more practical not to meet this guideline.
- **Recommendation 2.5:** This recommendation suggests that the Chair of the Board should be an independent director and separate from the CEO role. While the Chair is not independent, the Board believes that separating the roles is more suitable for the Company's context. The Chair and Managing Director roles are distinct, with the Managing Director not serving as Chair.

## Icon Energy Limited is Committed to Sustainable Operations and Community Engagement.

At Icon Energy, we strive to work safely, efficiently, and in harmony with both the environment and the communities we serve. Our aim is to efficiently minimise environmental impact while enhancing the well-being of local communities.

Icon's activities have not varied significantly in the past year. Our core operational focus has been on safety monitoring of our suspended discovery wells which remain suspended. Icon Energy is committed to responsible planning, assessment, monitoring and rehabilitation of all projects. We respect the environment and recognise that thorough planning helps protect and maintain ecosystems and honour the livelihood of the people that Icon works with and within the wider community.

Wherever the opportunity arises, Icon Energy also aims to employ local stakeholders whenever possible.

Icon Energy's operational health and safety personnel and operations staff are required to complete all the necessary accreditation to ensure that all personnel remain fully compliant with the oil and gas industry's stringent health, safety and environmental policies and procedures.

## COMMUNITY ENGAGEMENT

Icon Energy is focused on building and maintaining long-term, collaborative and trusting relationships amongst the communities in which the company operates. Icon Energy respects all cultures and people, seeking to enhance their prosperity, quality of life and their relationship with the land, climate and water resources.

We have maintained strong relationships with landholders over the past 25 years and ensure that all landholders and traditional owners are consulted before starting any new activities.

## SAFETY COMMITMENT

Icon Energy operates under a comprehensive Safety Management System designed to protect our staff, contractors and joint venture partners. Icon's safety strategies and culture focuses on maintaining a safe and incident free workplace as our highest priority. Icon always has, and always will continue to work with its staff, contractors and partners to raise safety awareness and promote positive safety behavior in the field.

Icon Energy's strong focus on the pre-qualification, training and management of its contractors has resulted in no safety incidents during the year. We appreciate the dedication of our contractors, associates and employees, for their contribution in maintaining our excellent safety record.

## ENVIRONMENTAL MANAGEMENT

Icon is committed to achieving zero emissions by 2050, aligning with the general global consensus. To advance this objective, Icon has developed several new strategies to reduce carbon emissions with gas production from ATP 855 in the Cooper Basin. One notable approach involves cryocap technology, which Air Liquide in the USA has indicated as a feasible solution. This tried and tested technology separates the carbon dioxide from methane using high production pressures, a technique commonly used in oil refineries. Although this process requires higher pressures than usual, it actually provides an additional advantage in enhancing the separation efficiency.

Icon is positioning the methane production to be able to make hydrogen but presently the market for hydrogen is uncertain. Methane has promising advantages over other methods of making hydrogen and, we believe, it should be in demand in future years.

Icon Energy understands its responsibility and is committed to minimizing the environmental impact of all our operations. We will continually monitor environmental performance to strict criteria as part of Icon's planning, operations and rehabilitation activities.

Icon Energy is proud to report that the company has once again maintained a zero environmental incidents record. At the beginning of every project, Icon conducts environmental planning and research. We implement, monitor and maintain environmental management measures, ensuring they are consistently checked and recorded.

## CONCLUSION

Icon Energy remains committed to operating with care and respect under its strict Environmental Authorities to ensure the natural environments in which the company operates are preserved for the future generations.

- ☒ These pages of our annual report: Page 45 to 57
- ☒ This URL on our website: <http://www.iconenergy.com/irm/content/corporate-governance.aspx?RID=319>

The Corporate Governance Statement is accurate and up to date as at *27 September 2024* and has been approved by the board.

The annexure includes a key to where our corporate governance disclosures can be located.<sup>3</sup>

Date: 28/10/2024

Name of authorised officer authorising lodgement: Raymond James (Chairman)

<sup>1</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

<sup>2</sup> Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

<sup>3</sup> Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.
