ASX Announcements

SIV Capital Limited
Appendix 3Y – Allan English

SIV refers to the late lodgement of an Appendix 3Y released earlier today.

The movement in securities reported arises from an initial distribution in specie from a deceased estate of a family member where Allan English is an executor.

Following the lodgement of the transfer documentation (for multiple beneficiaries) with the share registry, some processing delays occurred but as individual transfers were registered, they were not monitored.

In the preparation of the Appendix 3Y released earlier today, it is evident that further transfers remain to be processed, and as they are registered, they will be reported in accordance with ASX's lodgement protocols.

The Company remains mindful of its reporting obligations.

A handwritten signature in dark ink, appearing to read "Don Mackenzie", with a stylized flourish at the end.
