### Facility Increase and Extension

Wiseway Group Limited (ASX: WWG, “**Wiseway**”, or “**the Group**”), one of Australia’s leading integrated freight and logistics operators, is pleased to announce an extension of its financing arrangement with National Australia Bank, with an additional \$3 million term facility now made available on top of the existing \$8 million facility. This brings the total facility to \$11.1 million.

Reflecting Wiseway’s continued improvement in financial performance, the interest rate on the full facility has been reset to a lower rate, approximately 90 bps below the previous level. This adjustment demonstrates the confidence our financing partner has in Wiseway’s strengthening position and long-term stability.

The maturity date of the facility has also been extended to the end of October 2028, providing the Company with enhanced financial flexibility to support ongoing growth.

The facility is secured against the Group’s assets and it’s Chipping Norton property that was purchased in 2019 for \$10.75m and carried at cost in the financial statements. Bank valuation indicate a current market value of \$18.6m.

The additional funding will be directed toward working capital requirements, particularly in support of the Group’s Imports division, which is projected to achieve over 50% revenue growth for the first half of FY2025. Imports services are currently focused on handling and customs clearance, and presents further potential expand into arranging incoming freight.

This facility extension and favorable terms mark another step forward in Wiseway’s strategy to support its growth trajectory, enabling the Company to capitalize on emerging opportunities and continue delivering value for shareholders.
