(each a "**Closing Fund**" and collectively the "**Closing Funds**")

The Responsible Entity has determined to close the Closing Funds, with the closure process to commence upon the close of trading on the ASX on 17 January 2025. This decision reflects limited client demand for the Closing Funds since their inception.

The Responsible Entity has applied to the ASX for the trading status of each Closing Fund to be revoked. The ASX has approved this application.

The last day units in each Closing Fund will trade on the ASX will be 17 January 2025 (**Last Trading Day**). Upon the close of trading on the Last Trading Day, units in the Closing Funds will be suspended from trading and removed from trading status. The Closing Funds will then be wound up in accordance with each Closing Fund's Constitution and the Corporations Act.

Investors may sell their units before close of trading on the Last Trading Day via their broker or investing platform in the normal manner.

Alternatively, investors may continue to hold their units in the Funds and participate in the Fund's winding up, in which case they will receive a final distribution payment that represents a final distribution of income (if any) as well as their proportionate share of the net proceeds from realising the assets of the Fund. This payment will be made to each investor's nominated bank account for distributions.

Given the closure timing of the Closing Funds, the Closing Funds will not make a distribution for the distribution period ending December 2024. Any distributable income will be included as a component of the final distribution amount payable to each unitholder in the relevant Closing Fund as at the Record Date (outlined in the indicative timetable below).

Key indicative dates are set out below (indicative only and subject to change):
