

ASX Release

20 December 2024

Segment reclassification

Bravura Solutions Limited (ASX:BVS) (Bravura or the Company) announces that as a result of the previously advised realignment of the business around two core regions, including the appointment of the two regional CEOs for EMEA and APAC, the previously reported Wealth Management and Funds Administration operating segments will now be replaced by EMEA and APAC operating segments effective 1 July 2024.

Consistent with Australian accounting standards, Bravura's financial reporting will reflect this change commencing with the financial results for the six months ending 31 December 2024.

To assist analysts, Bravura is providing the reclassified operating segment results for the prior half year and full year reporting periods. There are no changes to reported profits in any periods, only movements between operating segments.
