3. Resolution 1 – Adoption of Remuneration Report

3.1 Background

Section 250R(2) of the Corporations Act requires that a resolution to adopt the Remuneration Report must be put to the vote at the Annual General Meeting. The vote on this Resolution is advisory only and does not bind the Directors and the Company.

The Remuneration Report is set out in the Directors' Report in the Annual Report. The Remuneration Report amongst other things:

- (a) explains the Board's policy for determining the nature and amount of remuneration of Key Management Personnel of the Company;
- (b) explains the relationship between the Board's remuneration policy and the Company's performance;

Explanatory Memorandum

- (c) sets out remuneration details for each Key Management Personnel of the Company including details of performance related remuneration and any options or other securities granted as part of remuneration; and

The Board believes the Company's remuneration policies and structures as outlined in the Remuneration Report are appropriate relative to the size of the Company, its business and strategic objectives and current emerging market practices.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Meeting.

3.2 Directors' Recommendation

The Directors abstain, in the interests of corporate governance, from making a recommendation in relation to this Resolution. In accordance with the Corporations Act, a vote on this Resolution is advisory only and does not bind the Directors or the Company.

Explanatory Memorandum

4. Resolution 2 – Re-election of Mr Richard Anthon as a Director of the Company

4.1 General

Mr Richard Anthon was appointed as a Non-Executive Director on 28 June 1996 and is currently a Non-Executive Director of the Company.

Listing Rule 14.5 provides that an entity which has directors must hold an election of directors at each annual general meeting.

Rule 8.3 of the Constitution and Listing Rule 14.4 requires that at each annual general meeting, one-third of the Directors in office (excluding directors appointed to fill casual vacancies or a Managing Director) must retire and, if eligible, stand for re-election, with Directors required to retire based upon the length of tenure. Rule 8.3 of the Constitution requires that a Director shall not continue in office for a period in excess of three consecutive years or until the third annual general meeting following their appointment, whichever is longer, without submitting for re-election.

Pursuant to Resolution 2, Mr Anthon is retiring in accordance with Rule 8.3 of the Constitution and Listing Rule 14.4 and, being eligible for re-election, offers himself for re-election as a Director of the Company.

Prior to submitting himself for re-election, Mr Anthon has confirmed that he would continue to have sufficient time to properly fulfill his duties and responsibilities to the Company.

The Board has also considered whether Mr Anthon had any interest, position or relationship that may interfere with his independence as a Director, having regard to the relevant factors set out in the ASX principles. The Board considers that Mr Anthon (if re-elected), will continue to be classified as an independent Director.

4.2 Qualifications and other material directorships

Mr Anthon practised extensively in corporate, mining and resources law for over 30 years. He has advised on numerous acquisitions, joint ventures, and debt and capital raisings both in Australia and overseas. Additionally, he has acted as non-executive director and chairman for several public resource companies over the last 30 years and has chaired audit and remuneration committees for those companies. Mr Anthon was most recently General Counsel and Global Director for Corporate Development for Allkem Ltd, (previously Orocobre Limited) Australia's premier lithium producer, for 9 years nine years when it grew from a market capitalisation of \$350 million to \$9 billion prior to its merger with Livent Corporation in 2023 to form Arcadium Ltd. Mr Anthon holds a Bachelor of Arts and a Bachelor of Laws from the Australian National University.

Other listed company directorships in the past three years:

- Greenwing Resources Ltd (appointed October 2013)
- Armada Metals Ltd (appointed June 2021)
- Patagonia Lithium Ltd (appointed February 2024)

4.3 Directors' Recommendation

Based on the qualifications and experience set out above, the Directors, with Mr Anthon abstaining, unanimously recommend Shareholders vote in favour of Resolution 2.

Shareholders should be aware that any undirected proxies given to the Chair will be cast in favour of this Resolution 2 subject to compliance with the Corporations Act. In exceptional circumstances, the Chair may change his voting intention on any Resolution, in which case an ASX announcement will be made.

Explanatory Memorandum

5. Resolution 3 – Ratification of the prior issue of Convertible Notes in lieu of interest due for the six month periods up to 31 March 2024 and 30 September 2024

5.1 Convertible Notes

The Company currently has on issue 59,124,136 Convertible Notes. The terms of the Convertible Notes (as set out in Schedule 2) provide that a coupon rate of 12% interest per annum is payable on the Convertible Notes half yearly in arrears on the Interest Payment Dates.

In accordance with the terms and conditions of the Convertible Notes, the Company may elect, at its discretion, to issue additional Convertible Notes (at the same face value and on the same terms and conditions as the Convertible Notes) to the holders of Convertible Notes in lieu of any interest due on an interest payment date, and the issue of those Convertible Notes will be in full and final satisfaction of the interest due and payable on that date.

Resolution 3 seeks the approval of Shareholders to ratify the issue of 4,918,267 Convertible Notes to holders of Convertible Notes in lieu of interest due for the six-month periods up to 31 March 2024 and 30 September 2024, of \$1,377,114.76.

5.2 Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary securities it had on issue at the start of that 12-month period.

While the issue of Convertible Notes under Resolution 4 has not exceeded the 15% limit in Listing Rule 7.1, and has therefore been made without breaching that rule, the Company wishes to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain shareholder approval under Listing Rule 7.1. To do this, the Company is asking Shareholders to ratify the prior issue of Convertible Notes so that the issue does not reduce the 15% limit on issuing equity securities without Shareholder approval under Listing Rule 7.1.

5.3 Technical information required by Listing Rule 14.1A

If Resolution 3 is passed, the Convertible Notes will be excluded in calculating and so effectively increase the Company's 15% capacity to issue equity securities without Shareholder approval over the 12 month period following the issue date of the securities as set out in Listing Rule 7.1.

If Resolution 3 is not passed, the Convertible Notes the subject of this Resolution will reduce, to that extent, the Company's capacity to issue equity securities without shareholder approval under Listing Rule 7.1 for 12 months following the issue of the Convertible Notes.

5.4 Technical information required by Listing Rule 7.5

The following information is provided in accordance with Listing Rule 7.5:

- (a) the Convertible Notes were issued to the Convertible Note Holders who were due interest for the six-month periods up to 31 March 2024 and 30 September 2024 in accordance with the terms and conditions set out in Schedule 2. As noted in the Explanatory Memorandum to the Notice of Meeting dated 31 August 2022, the Convertible Note Holders were identified through a bookbuild process managed by Bizzell Capital Partners Pty Ltd as lead manager, which involved the lead manager and

Explanatory Memorandum

the Directors seeking expressions of interest to participate in the issue from non-related parties;

- (b) in accordance with paragraph 74 of ASX Guidance Note 21, the Company confirms that under Resolution 4 none of the recipients were Related Parties, members of the Company's Key Management Personnel, substantial Shareholders, advisers of the Company or an associate of any of these parties and no such parties were issued more than 1% of the entity's current issued capital;

For further information relating to the proposed issue of Convertible Notes to the Bizzell Related Entities, refer to Resolution 4;

- (c) an aggregate of 4,918,267 Convertible Notes were issued in lieu of interest due for the six-month periods up to 31 March 2024 and 30 September 2024;
- (d) the Shares to be issued on conversion of the Convertible Notes will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (e) the Convertible Notes are convertible at any time at the holder's election;
- (f) the Convertible Notes were issued on:
 - (1) 2,387,328 of Convertible Notes on 9 April 2024; and
 - (2) 2,530,939 Convertible Notes on 31 December 2024.
- (g) the Convertible Notes have a face value of \$0.28 per Convertible Note and a maturity date of 30 September 2025. The Convertible Notes may be exercised into Shares on a 1:1 basis. A summary of the material terms of the Convertible Notes are set out in Schedule 2;
- (h) the Convertible Notes are being issued in lieu of interest due for the six-month periods up to 31 March 2024 and 30 September 2024. The Company will not receive funds on exercise of the Convertible Notes, however the Company's debt will be reduced by \$0.28 for every Convertible Note that is converted into Shares;
- (i) the Convertible Notes will be issued pursuant to a Convertible Note Trust Deed as described in Schedule 2; and
- (j) the Convertible Notes are not being issued under, or to fund, a reverse takeover.

5.5 Voting exclusion for Resolution 3

The Company will disregard any votes cast in favour of Resolution 4 by or on behalf of a person who participated in the issue or is a counterparty to the agreement being approved. However, this does not apply to a vote cast in favour of Resolution 3 by:

- (a) a person as a proxy or attorney for a person who is entitled to vote on Resolution 3, in accordance with the directions given to the proxy or attorney to vote on the Resolution in that way; or
- (b) the Chair as proxy or attorney for a person who is entitled to vote on Resolution 3, in accordance with a direction given to the Chair to vote on Resolution 3 as the Chair decides; or

Explanatory Memorandum

- (1) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on Resolution 3; and
- (2) the holder votes on Resolution 3 in accordance with directions given by the beneficiary to the holder to vote in that way.

5.6 Board Recommendation

The Directors unanimously recommend Shareholders vote in favour of Resolution 3.

The Chair intends to vote all undirected proxies in favour of Resolution 3.

6. Resolution 4 – Approval to issue Convertible Notes to the Bizzell Related Entities in lieu of interest due on 31 March 2024 and 30 September 2024

6.1 Convertible Notes

Resolution 4 seeks the approval of Shareholders to issue up to 1,758,737 Convertible Notes to Bizzell Capital Partners Pty Ltd, Bizzell Nominees Pty Ltd and Centec Securities Pty Ltd, being entities affiliated with Mr Stephen Bizzell (the Chairman and a substantial shareholder in the Company), in lieu of interest due on already issued Convertible Notes for the six month periods up to 31 March 2024 and 30 September 2024. The amount of interest (which would otherwise be payable in cash by the Company) is \$492,446.36 in aggregate, comprising \$136,433.08 owing to Bizzell Capital Partners Pty Ltd, \$352,146.20 owing to Bizzell Nominees Pty Ltd and \$3,867.08 owing to Centec Securities Pty Ltd.

The terms of the Convertible Notes are set out in Schedule 2, being the same terms as the existing Convertible Notes on issue and expiring 30 September 2025.

6.2 Listing Rule 10.11

Listing Rule 10.11 provides that a company must not issue or agree to issue Equity Securities to any of the following persons without the approval of shareholders unless one of the exceptions in Listing Rule 10.12 applies:

- (a) a related party (Listing Rule 10.11.1).
- (b) a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the entity (Listing Rule 10.11.2)
- (c) a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the entity and who has nominated a director to the board of the entity (in the case of a trust, to the board of the responsible entity of the trust) pursuant to a relevant agreement which gives them a right or expectation to do so (Listing Rule 10.11.3).
- (d) an associate of a person referred to in paragraphs (a) to (c) above (Listing Rule 10.11.4).
- (e) a person whose relationship with the entity or a person referred to in paragraphs (a) to (d) above is such that, in the ASX's opinion, the issue or agreement should be approved by security holders (Listing Rule 10.11.5).

The Bizzell Related Entities fall within Listing Rule 10.11.1.

Explanatory Memorandum

No exception applies in the present circumstances in relation to the proposed issue to the Bizzell Related Entities. Pursuant to Listing Rule 7.2 exception 14, where approval under Listing Rule 10.11 is obtained, approval is not required under Listing Rule 7.1 and the issue of securities will not be included in the Company's 15% limit.

6.3 Technical information required by Listing Rule 14.1A

If Resolution 4 is passed by Shareholders, the Company will be able to proceed with the issue of up to 1,758,737 Convertible Notes to the Bizzell Related Entities in lieu of interest due for the six-month periods up to 31 March 2024 and 30 September 2024. Additionally, the issue will not use any of the Company's 15% capacity set out in Listing Rule 7.1.

If Resolution 4 is not passed by Shareholders, the Company will not be able to proceed with the issue of up to 1,758,737 Convertible Notes to the Bizzell Related Entities in lieu of interest due for the six-month periods up to 31 March 2024 and 30 September 2024. If this occurs, the Company would be required to pay the interest in cash.

6.4 Section 606 and 611 of the Corporations Act

Pursuant to Section 606(1) of the Corporations Act, a person must not acquire a "relevant interest" in issued voting shares in a listed company if the person acquiring the interest does so through a transaction in relation to securities entered into by or on behalf of the person and because of the transaction, that person's or someone else's voting power in the company increases:

- (a) from 20% or below to more than 20%; or
- (b) from a starting point above 20% and below 90%.

The voting power of a person in a body corporate is determined in accordance with Section 610 of the Corporations Act. The calculation of a person's voting power in a company involves determining the voting shares in the company in which the person and the person's associates have a relevant interest. Section 611 of the Corporations Act provides that certain acquisitions of relevant interests in a company's voting shares are exempt from the prohibition in section 606(1), including acquisitions by a person, which as a result of the acquisition, that person would have voting power in the company more than 3% higher than they had 6 months before the acquisition (this exemption is known as the "3% creep" exemption and is found in item 9 of section 611 of the Corporations Act).

The Company notes that:

- (c) Mr Stephen Bizzell and his associates currently hold a voting power in excess of 20%; and
- (d) as the Convertible Notes to be issued under Resolution 4 do not contain voting rights, the issue of the Convertible Notes themselves will have no impact on the voting power and are not included in the calculation of relevant interests.

However, Mr Bizzell and his associates will not be able to convert their Convertible Notes other than in accordance with the Corporations Act.

6.5 Technical information required by ASX Listing Rule 10.13

The following information is provided in accordance with Listing Rule 10.13:

- (a) the Convertible Notes are proposed to be issued to the Bizzell Related Entities;

Explanatory Memorandum

- (b) in accordance with Listing Rule 10.11.1, the Bizzell Related Entities are related parties of the Company as they are controlled by Mr Stephen Bizzell, a Director of the Company.
- (c) the maximum number of Convertible Notes to be issued to the Bizzell Related Entities is 1,758,737, as follows:
 - (1) up to 487,261 Convertible Notes to Bizzell Capital Partners Pty Ltd;
 - (2) up to 1,257,665 Convertible Notes to Bizzell Nominees Pty Ltd; and
 - (3) up to 13,811 Convertible Notes to Centec Securities Pty Ltd;
- (d) the Convertible Notes will be issued to the Bizzell Related Entities with a face value of \$0.28 with a maturity date of 30 September 2025. The Convertible Notes may be exercised into Shares on a 1:1 basis. A summary of the material terms of the Convertible Notes are set out in Schedule 2;
- (e) the Company proposes to issue the Convertible Notes to the Bizzell Related Entities no later than 1 month after the date of the Annual General Meeting;
- (f) the Company will not receive consideration for the issue of the Convertible Notes under Resolution 4 on the basis that the Convertible Notes are being issued in lieu of interest due for the six-month periods up to 31 March 2024 and 30 September 2024. However, the Company's debt will be reduced by \$0.28 for every Convertible Note that is converted into Shares;
- (g) the purpose of the issue of the Convertible Notes under Resolution 4 is set out in section 6.1.

6.6 Voting exclusion for Resolution 4

The Company will disregard any votes cast in favour of Resolution 4 by or on behalf of the person who is to receive the securities in question and any other person who will obtain a material benefit as a result of the issue of the securities (except a benefit solely by reason of being a holder of ordinary securities in the entity), being Bizzell Capital Partners Pty Ltd, Bizzell Nominees Pty Ltd and Centec Securities Pty Ltd. However, this does not apply to a vote cast in favour of Resolution 4 by:

- (a) a person as a proxy or attorney for a person who is entitled to vote on Resolution 4, in accordance with the directions given to the proxy or attorney to vote on the Resolution in that way; or
- (b) the Chair as proxy or attorney for a person who is entitled to vote on Resolution 4, in accordance with a direction given to the Chair to vote on Resolution 4 as the Chair decides; or
- (c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (1) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on Resolution 4; and
 - (2) the holder votes on Resolution 4 in accordance with directions given by the beneficiary to the holder to vote in that way.

Explanatory Memorandum

6.7 Directors' recommendation

The Directors (with Mr Stephen Bizzell abstaining) unanimously recommend Shareholders vote in favour of Resolution 4.

The Chair intends to vote all undirected proxies in favour of Resolution 4.

7. Resolution 5 – Approval 10% Placement Facility

7.1 Background

Listing Rule 7.1A enables eligible entities to issue Equity Securities up to 10% of its issued share capital through placements over a 12-month period after the Annual General Meeting ("**10% Placement Facility**"). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is seeking approval by way of a Special Resolution to have the ability, if required, to issue Equity Securities under the 10% Placement Facility. The effect of this resolution will be to allow the Directors to issue Equity Securities under Listing Rule 7.1A during the 10% Placement Period (as described below) without using the Company's 15% placement capacity under Listing Rule 7.1.

If this Resolution is passed, the number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (see below) and the Company will be able to issue Equity Securities from the 10% Placement Facility, as noted below, without any further shareholder approval.

If this Resolution is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing Equity Securities without shareholder approval set out in Listing Rule 7.1.

This Resolution is a Special Resolution and therefore requires approval by at least 75% of the votes cast by Shareholders present and eligible to vote at this Meeting (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by corporate representative).

7.2 Description of Listing Rule 7.1A

(a) *Shareholder approval*

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an Annual General Meeting. This means it requires the approval of at least 75% of the votes cast by shareholders present and eligible to vote at this Meeting (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by corporate representative).

(b) *Equity Securities*

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company.

The Company, as at the date of the Notice, has one quoted class of Equity Securities, being fully paid ordinary shares.

Explanatory Memorandum

(c) *Formula for calculating 10% Placement Facility*

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an Annual General Meeting may issue or agree to issue, during the 12-month period after the date of the Annual General Meeting, a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

- A** is the number of shares on issue 12 months before the date of issue or agreement (i.e. the relevant period):
- a) plus the number of fully paid shares issued in the relevant period under an exception in Listing Rule 7.2 other than exception 9, 16 and 17;
 - b) plus the number of fully paid ordinary shares issued in the relevant period on the conversion of convertible securities within rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under these rules to have been approved, under rule 7.1 or rule 7.4,
 - c) plus the number of fully paid ordinary securities issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the relevant period; or
 - the agreement or issue was approved, or taken under these rules to have been approved, under rule 7.1 or rule 7.4,
 - d) plus the number of any other fully paid ordinary securities issued in the relevant period with approval under rule 7.1 or rule 7.4;
 - e) plus the number of partly paid ordinary securities that become fully paid in the relevant period; and
 - f) less the number of fully paid ordinary securities cancelled in the relevant period.

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of the shareholders under Listing Rule 7.4

(d) *Listing Rule 7.1 and Listing Rule 7.1A*

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

Pursuant to an in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

Explanatory Memorandum

- (ii) continued expenditure on the Company's current business and/or general working capital.
- (d) If this Resolution is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the below table. Shareholders may be exposed to economic risk and voting dilution, including the following:
 - (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Annual General Meeting; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the market price of Shares as at 3 January 2025 (**Current Share Price**) and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future shareholders' meeting; and
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable "A" in Listing Rule 7.1A.2	Voting Dilution	Dilution		
		\$0.0115 50% decrease in Issue Price	\$0.023 Issue Price	\$0.046 100% increase in Issue Price
Current Variable A 281,084,916 Shares	10% voting dilution	28,108,492		
	Funds raised	\$323,248	\$646,495	\$1,292,991
50% increase in current Variable A 421,627,374 Shares	10% voting dilution	42,162,737		
	Funds raised	\$484,871	\$969,743	\$1,939,486
100% increase in current Variable A 562,169,832 Shares	10% voting dilution	56,216,983		
	Funds raised	\$646,495	\$1,292,991	\$2,585,981

The table has been prepared on the following assumptions:

- The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- No Options or Convertible Notes are exercised into the Shares before the date of the issue of the Equity Securities.

Explanatory Memorandum

- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
 - The table does not show an example of dilution that may be caused to a particular Shareholder by reason of the placements under the 10% Placement Facility, based on that Shareholders' holding at the date of the Annual General Meeting.
 - The table shows only the effect of the issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
 - The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes Options or convertible securities, it is assumed that those Options or convertible securities are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
 - The Share Price used is \$0.023, being the closing price of the Shares on the ASX on 3 January 2025.
- (e) The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the relevant factors including but not limited to, the following:
- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing security holders can participate;
 - (ii) the effect of the issue of the Equity Securities on the Control of the Company;
 - (iii) the financial situation and solvency of the Company; and
 - (iv) advice from corporate, financial and broking advisers (if applicable).
- The allottees under the 10% Placement Facility have not been determined as at the date of this Notice, but may include existing substantial Shareholders, subject to compliance with Listing Rule 10.11, and/or new Shareholders who are not related parties or associates of a related party of the Company.
- (f) The Company has not issued or agreed to issue any equity securities under Listing Rule 7.1A.2 in the 12 months preceding the date of the Meeting.

7.4 Board Recommendation

The Directors of the Company believe that Resolution 5 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour of Resolution 5.

7.5 Voting Exclusions

As at the date of dispatch of this Notice, the Company is not proposing to make an issue of Equity Securities under Listing Rule 7.1A.2 and therefore, a voting exclusion statement is not required by Listing Rule 7.3A.7.

8. Resolution 6 – Election of non-Board Endorsed Director Candidate Mr Robert Kilgannon

This Resolution 6 is NOT supported by the Board.

8.1 General

With respect to the person below, who has nominated themselves for election as a Director, the Company understands that under ASX Listing Rules, the ASX will require any appointment to be subject to the receipt of satisfactory outstanding checks. The Company has not yet fully

Explanatory Memorandum

completed the appropriate checks required prior to making an appointment to a ASX listed company board which would usually include checks as to the person's character, experience, education, criminal record and bankruptcy history.

Rule 8.3 of the Constitution provides that no person other than a retiring Director or a Director vacating office is eligible to be elected as a Director at any general meeting unless a notice of the Director's candidature is given to the Company at least 30 Business Days before the meeting.

The Company has received a nomination from an external candidate, Mr Robert Kilgannon.

8.2 Information regarding the candidate

Mr Kilgannon has provided the following statement in relation to his nomination. The information provided in the statement has not been edited, verified or substantiated by the Company and the comments made by Mr Kilgannon are not endorsed by the Company.

Statement provided by Mr Kilgannon

I am a practising solicitor with over 25 years of corporate experience relevant to Savannah Goldfields Limited (SVG) in Merchant Banking (including as a senior money market dealer with exposure to significant gold forward sales), Heavy Vehicle operations and Legal practice. I hold a Master of Commerce Degree (Property Investment and Development), a Graduate Diploma of Legal Practice, a Diploma in Law, an Associate Diploma of Applied Science (Building), Certificate IV in Assessment & Workplace Training, and Certificate III in Transport & Distribution (Road Transport).

Longer-term shareholders in SVG, and before it Laneway Resources Limited, will note that this is the fifth consecutive year I have nominated myself for SVG's Board of Directors.

The immediate past 12 months

The immediate past 12 months have been as 'character building' for SVG shareholders as the 12 months that preceded it. Again, this is lamentable in an environment where we are seeing record AUD gold prices.

Factors such as untrafficable haul roads and mill availability have conspired to move the SVG share price to its now new low level. It remains so that SVG's market capitalisation is a fraction of the amount spent refurbishing the Georgetown processing plant.

It continues that ill-informed, uninformed or simply dumb public forum comment places blame for SVG's share price demise either solely or in part on SVG's share consolidation. The share consolidation reduced the percentage spread between the on-market bid and offer; an unarguably good thing. The share consolidation was a great move by the SVG Directors at the time and plays no part in where we find ourselves today.

I restate that the financial support that our major shareholders provide to SVG allows us to continue to trade through what would otherwise be an untenable situation. Similarly, this too is the subject of similarly ill-informed, uninformed or dumb public forum comment. Again, I wish to publicly record my appreciation for the ongoing support that our Executive Chairman Stephen Bizzell (Steve), and associated entities provide to SVG.

Going forward improvements can, in my view, be made to SVG's operations and if elected to SVG's Board of Directors I will advance the following:

Improved and more frequent information flow:

As I write this SVG has been suspended from Australian Stock Exchange (ASX) listing for some weeks for non-reporting. Perhaps SVG will report after I have penned this statement and will demonstrate a justifiable reason for the non-reporting. Perhaps...

Explanatory Memorandum

Be that as it may, my view is that SVG's continued share price decline is a combination of the adverse fundamental factors identified above, present and historical late reporting to the ASX and the continued infrequent company announcements to the ASX made by SVG.

Attendees at the last two year's Annual General Meetings (AGM) will recall that I championed a better information flow to shareholders through SVG announcements to the ASX on a monthly basis. Steve made a note of this, but nothing progressed from there.

Premised upon SVG returning production, I again contend SVG simply needs a crisp one or two-page monthly announcement, detailing the previous calendar month's:

- *Gold production in ounces;*
- *Total dry tonnes milled;*
- *Mill recovery as a percentage;*
- *Gold sales in the month, detailing average AUD price per ounce and total proceeds received; and Gold on hand and in transit.*

We would then detail developments in a paragraph or two, both favourable and unfavourable, in the subject month. This might include referencing:

- *The All In Sustainable Cost of production (ASIC) in general terms (not necessarily referencing a particular AUD amount);*
- *Relevant events (eg. detailing a mill breakdown, the nature of the breakdown, the lost time in terms of production. This would in effect 'massage' rather than 'surprise' the market); and*
- *Any learnings or improvements that will be made as a result of the relevant events.*

My view remains that the extra cost incurred in doing this would be more than offset by the benefit that former, current and future shareholders would receive in knowing that a dependable, regular and candid reporting of SVG's affairs would be made known to the market as a whole.

As before, a recovery in SVG's share price is dependent on improved fundamentals. But it is also dependent on restoring the market's faith in SVG as a brand. Again, my view is that the proposed improved information flow would go a long way towards facilitating this.

Prioritise processing over drilling

Here I restate my position as detailed in my previous statements in support of my nomination to the Board of Directors. We need cash flow, and only processing can provide this.

Reduce the number of Directors on the Board

Before the 2022 AGM I was disquieted by the number of Directors on the Board, an issue I raised in my 2023 nomination. I raise this again now.

While the aspiration to be a mid-level gold processor remains in place, the reality is that we are a struggling potential producer, and we need to cut our cloth accordingly.

For now, an interim trimming of Board of Directors numbers would be more reflective of where SVG is presently placed, understanding that going forward numbers may need to be reinstated.

Reduce the Directors fees

In line with cutting the aggregate number of Directors on the Board, the remuneration the remaining Directors should be more reflective of SVG's current overall position than of the Director's particular skill-set and value in an 'open market' sense.

Clean, Green Gold

In all of my now five nominations for the Board of Directors, I have advocated consideration of this.

Explanatory Memorandum

Again, for the sake of brevity, I will not re-state the case for 'green gold', and the process involved, again here. I direct those inclined to do so to view the previous years' documents. In short, I would invite the Clean Mining Co/Clean Earth Technologies group to present to the Board of Directors as a matter of priority, so that an informed view could be formed as to its viability as regards SVG's gold production.

*Director's remuneration – a personal note
I personally undertake to use all post-tax remuneration received by me by virtue of being a Director of SVG to buy shares in SVG during the Director trading window period/s.*

8.3 Directors' recommendation

The Board is unanimously of the belief that it is not in the best interests of the Company and its shareholders that Mr Kilgannon be elected as a Director and recommends that shareholders vote **against** Resolution 6.

The Chair intends to vote all undirected proxies against Mr Kilgannon's election.
