For this period, investment operations resulted in an operating profit before tax of \$1,895,905 and an after tax profit of \$1,438,848. The market value of the Company's investment portfolio continuously fluctuates based on the daily movement of the share prices on ASX. The Company's portfolio fell slightly in value between 5 December and 31 December 2024 reflecting the generalised fall in the Australia share market over this time frame.

The interim financial statements are for the half year ended 31 December 2024. Prior to 5 December 2024, the company had yet to commence operations.

These interim financial statements December were authorised for issue by the Board of Directors on 24 February 2025.

### **(a) Basis of preparation of half-year report**

The interim financial statements are general purpose and have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. The Company is a for-profit entity for financial reporting purposes. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34: *Interim Financial Reporting*.

Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by Whitefield Income Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

Australian Accounting Standards set out the accounting policies that the Australian Accounting Standards Board has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensure that the Company's financial statements and notes also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Except for cash flow information, the interim financial statements, have been prepared on an accrual basis, and are based on historical costs modified by the revaluation of selected financial assets and financial liabilities for which the fair value basis of accounting has been applied.

All amounts are presented in Australian dollars.

The Company has applied the relief available to it under *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*. Accordingly, the amounts presented in the financial statements have been rounded to the nearest dollar unless otherwise stated.

### **(b) New accounting standards and interpretations not yet adopted**

There are no new standards that are not yet effective and that are expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

**(c) Investments and other financial assets**

***Financial assets at fair value through other comprehensive income***

Investments in equity securities are initially recognised at fair value plus transaction costs. These equity securities are intended to be held over income recognition and dividend payment periods. These investments may be sold however are not principally held for the purpose of trading.

**(i) Recognition**

Purchases are recognised on trade date, the date on which the Company commits to purchase the asset.

**(ii) Classification**

The Company has made an irrevocable election to classify these investments as financial assets at fair value through other comprehensive income. All realised and unrealised gains or losses on these investments and tax thereon, are presented in other comprehensive income as part of the Statement of Comprehensive income.

**(iii) Determination of fair value**

AASB 13 *Fair Value Measurement* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal, or in its absence, the most advantageous market that the Company has access at that date.

The Company uses the last sale price as the most representative basis of measuring fair value under AASB 13.

**(iv) Subsequent Measurement**

At each reporting date, investments are remeasured to fair value. Changes in fair value are recognised in equity through the revaluation reserve after deducting a provision for potential deferred tax.

**(v) Derecognition**

Sales of financial assets are recognised on trade-date, the date on which the Company commits to sell the asset. Financial assets are derecognised when the rights to receive the cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

When an investment is disposed of, the cumulative gains or loss, net of tax thereon, is transferred from the revaluation reserve to the realised gains/loss reserve.

**(d) Income and expenditure**

Dividend income from equity securities is recognised in the statement of profit or loss on the ex-dividend date.

Trust distributions are recognised on a present entitlements basis and recognised in the statement of comprehensive income on the day the distributions are announced.

All expenses, including Management Fees are recognised in the statement of profit or loss on an accruals basis.

**(e) Income tax**

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction, adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

The Company may incur withholding tax imposed by certain countries on investment income. Such income will be recorded net of withholding tax in the statement of comprehensive income.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those tax rates that are enacted or substantively enacted for each jurisdiction.

**Whitefield Income Limited**  
**Notes to the Financial Statements**  
**For the half-year ended 31 December 2024**  
**(continued)**

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

The carrying amount of recognised and unrecognised deferred tax assets are reviewed each reporting date.

Deferred tax assets recognised are reduced to the extent that it is no longer probable that future taxable profits will be available for the carrying amount to be recovered.

Previously unrecognised deferred tax assets are recognised to the extent that it is probable that there are future taxable profits available to recover the asset.

Current and deferred tax is recognised in profit or loss in the Statement of Comprehensive Income, except to the extent that it relates to an item recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

**(f) Cash and cash equivalents**

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Whitefield Income Limited, does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Whitefield Income Limited, financial position as at 31 December 2024 and of its performance for the half year ended on that date; and
- (b) complying with Accounting Standard AASB 134: *Interim Financial Reporting and the Corporations Regulations 2001*.

## Basis for Conclusion

We conducted our review in accordance with ASRE 2410: *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of Whitefield Income Limited, in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

### Auditor's Responsibility for the Review of the Financial Report

ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
