SPDR S&P/ASX Australian Bond Fund invested in a diversified portfolio of Australian fixed rate bonds in accordance with the provisions of the Fund's Constitution.

The Funds did not have any employees during the half-year.

There were no significant changes in the nature of the Funds' activities during the half-year or since the end of the half-year and up to the date of this report.

Directors

The following persons held office as directors of State Street Global Advisors, Australia Services Limited during the half-year or since the end of the half-year and up to the date of this report:

Matthew George
 Jonathan Mark Shead
 Kathleen Gallagher
 Peter Hocking (resigned 29 July 2024)

Review and results of operations

During the half-year, the Funds continued to invest their funds in accordance with target asset allocations as set out in the governing documents of the Funds and in accordance with the provisions of the Funds' Constitutions.

SPDR S&P/ASX Australian Government Bond Fund generally invests in the securities that are constituents of the S&P/ASX Government Bond Index and aims to achieve investment returns (before fees and other costs), that closely correspond to the performance of the Index.

SPDR S&P/ASX Australian Bond Fund generally invests in the securities that are constituents of the S&P/ASX Australian Fixed Interest Index and aims to achieve investment returns (before fees and other costs), that closely correspond to the performance of the Index.

Results

The performance of the Funds, as represented by the results of their operations, was as follows:

Directors' report (continued)

Review and results of operations (continued)

The tables below demonstrate the performance of the Funds as represented by their total returns. Total returns reflect combined capital growth and distribution performance assuming all distributions are reinvested; and are shown net of fees. The total returns for the half-year are shown for the past five half-years to 31 December 2024:

	2024 %	2023 %	2022 %	2021 %	2020 %
SPDR S&P/ASX Australian Government Bond Fund					
Total return	<u>2.47</u>	<u>3.39</u>	<u>(1.01)</u>	<u>(1.30)</u>	<u>0.60</u>

Benchmark: S&P/ASX Australian Fixed Interest Index	<u>2.75</u>	<u>3.64</u>	<u>(0.55)</u>	<u>(1.28)</u>	<u>0.98</u>

The movement in the assets and liabilities in the Statements of financial position corresponds with the units issued and redeemed during the half-year as reflected in note 4 and the performance of the Funds during the half-year.

Consistent with our statements in the governing documents of the Funds, past performance is not a reliable indicator of future performance.

Significant changes in the state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Funds that occurred during the financial half-year.

Matters subsequent to the end of the financial half-year

No matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect:

- (i) the operations of the Funds in future financial half-years, or
- (ii) the results of those operations in future financial half-years, or
- (iii) the state of affairs of the Funds in future financial half-years.

Likely developments and expected results of operations

The Funds will continue to be managed in accordance with the investment objectives and guidelines as set out in the governing documents of the Funds and in accordance with the provisions of the Funds' Constitutions.

The results of the Funds' operations will be affected by a number of factors, including the performance of investment markets in which the Funds invest. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

The Funds' investment objectives and strategies remain unchanged which are to track the performance of their underlying indexes. Accordingly the future returns of the Funds are dependent on the performance of their underlying indexes.

Directors' report (continued)

Rounding of amounts to the nearest dollar

The Funds are entities of the kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 issued by the Australian Securities and Investments Commission (ASIC) relating to the "rounding off" of amounts in the Directors' report. Amounts in the Directors' report have been rounded to the nearest dollar in accordance with that ASIC Corporations Instrument, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the directors.

1 Basis of preparation of interim report

These interim financial statements for the half-year ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

This interim report covers SPDR S&P/ASX Australian Government Bond Fund and SPDR S&P/ASX Australian Bond Fund (the “Funds”) as individual entities.

SPDR S&P/ASX Australian Government Bond Fund (the “Fund”) was constituted on 14 June 2012 and will terminate on 25 July 2092 unless terminated earlier in accordance with the provisions of the Fund’s Constitution.

SPDR S&P/ASX Australian Bond Fund (the “Fund”) was constituted on 14 June 2012 and will terminate on 25 July 2092 unless terminated earlier in accordance with the provisions of the Fund’s Constitution.

This interim report does not include all the notes of the type normally included in an annual report. Accordingly, this interim report is to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made in respect of the Funds during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

(a) Material accounting policies

The material accounting policies applied in these interim financial statements are the same as those applied to the Funds’ financial statements for the year ended 30 June 2024.

(b) Segment information

Each fund as an individual entity is organised into one main segment which operates solely in the business of investment management within Australia.

The Funds operate in Australia and hold investments in Australia.

(c) Changes in accounting standards

AASB 18 Presentation and Disclosures in Financial Statements

AASB 18 Presentation and Disclosure in Financial Statements was issued by the Australian Accounting Standards Board in June 2024. AASB 18 is effective on 1 January 2027, and is required to be applied retrospectively to comparative periods presented, with early adoption permitted.

The Funds have opted to not early adopt AASB 18 and are currently assessing the impact of adopting AASB 18.

There were no other new standards, interpretations or amendments to existing standards effective for the first time for the half-year beginning 1 July 2024 that had a material impact on the amounts recognised in financial statements. There are no other new accounting standards, interpretations or amendments to existing standards that have been issued, but not yet effective, that are expected to be material to the financial statements or have been early adopted for the 31 December 2024 reporting period.

(d) Interim measurement

The nature of the Funds’ operations is such that income and expenses are incurred in a manner which is not impacted by any form of seasonality.

This interim report is prepared based upon an accrual concept, which requires income and expenses to be recorded as earned or incurred and not as received or paid throughout the period.

The Responsible Entity of the Funds is State Street Global Advisors, Australia Services Limited (the “Responsible Entity”). The Responsible Entity’s registered office is Level 14, 420 George Street, Sydney, NSW 2000.

This interim report is presented in Australian currency.

1 Basis of preparation of interim report (continued)

(d) Interim measurement (continued)

This interim report was authorised for issue by the directors on 24 February 2025. The directors of the Responsible Entity have the power to amend and reissue the interim report.

There have been no changes in the risk management policies and processes of the Funds since year end.

A copy of the 30 June 2024 Annual Report containing detail of the accounting policies and other disclosures can be found at www.ssga.com/au.

2 Fair value measurement

The Funds measure and recognise Financial assets / liabilities at fair value through profit or loss (see note 3) on a recurring basis.

The Funds have no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 requires disclosure of fair value measurements by level of the following fair value hierarchy:

- (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- (b) inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

(i) Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets is based on their last traded prices at the end of the reporting period without any deduction for estimated future selling costs.

The Funds value their investments in accordance with the accounting policies set out in notes to the financial statements as at 30 June 2024.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

(ii) Valuation techniques used to derive level 2 and level 3 fair value

The fair value of financial assets and liabilities that are not exchange-traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Funds would receive or pay to terminate the contract at the end of the reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The fair value of a forward contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions.

2 Fair value measurement (continued)

(ii) Valuation techniques used to derive level 2 and level 3 fair value (continued)

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Funds hold. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

Recognised fair value measurement

The tables below set out the Funds' financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 31 December 2024 and 30 June 2024.

The Funds' policies are to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

2 Fair value measurement (continued)

Recognised fair value measurement (continued)

(i) Transfers between levels

There were no transfers between the levels for the fair value hierarchy for the half-year ended 31 December 2024 and year ended 30 June 2024. There were also no changes made to any of the valuation techniques applied as of 31 December 2024.

(ii) Fair value measurements using significant unobservable inputs (level 3)

The Funds did not hold any financial instruments with fair value measurements using significant unobservable inputs during the half-year ended 31 December 2024 or year ended 30 June 2024.

(iii) Fair values of other financial instruments

The Funds did not hold any financial instruments which were not measured at fair value in the Statements of financial position. Due to their short-term nature, the carrying amounts of receivables and payables are assumed to approximate fair value.

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) the financial statements and notes set out on pages 6 to 16 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements;
 - (ii) giving a true and fair view of the Funds' financial position as at 31 December 2024 and of their performance for the financial half-year ended on that date; and
- (b) there are reasonable grounds to believe that the Funds will be able to pay their debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the directors.

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of SPDR S&P Fixed Income ETFs (the Funds), which comprises the statements of financial position as at 31 December 2024, the statements of comprehensive income, statements of changes in equity and statements of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the Directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Funds does not comply with the *Corporations Act 2001*, including:

- a) Giving a true and fair view of the Funds' financial position as at 31 December 2024 and of their financial performance for the half-year ended on that date; and
- b) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Funds in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' Responsibilities for the Half-Year Financial Report

The Directors of the Responsible Entity of the Funds are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-Year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Funds' financial position as at 31 December 2024 and their financial performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
