Saunders has commenced the new financial year with record half-year result and continuation of strong financial results from the full year result posted in FY24.

Saunders' revenue for H1 FY25 was \$126.3 million, an increase of 21.0% on H1 FY24 from the continuation of the core business and a strong contribution from a first full year of contributions from strategic acquisitions in 2023 (H1 FY24: \$104.4 million).

EBITDA was \$9.9 million in H1 FY25, up 1.2% (H1 FY24: \$9.8 million), Profit after tax was \$5.0 million, an improvement of 2.2% (H1 FY24: \$4.9 million) and EPS for the period was 4.27 cents (H1 FY24: 4.49 cents), marginally lower due to an increase in the ordinary shares on issue as a result of the consideration paid for acquisitions in FY2024.

The company has produced a record result for H1 FY2025 and also maintained a strong orderbook and pipeline.

Saunders has matured and positioned itself into a multidisciplined offering, as set out in our strategy. The recent acquisitions have integrated well from an operational, systems and cultural perspective, enabling us to provide clients a complete end-to-end service. The business has demonstrated it is more than capable of delivering larger, more complex projects safely, on time and on budget.

Key Highlights

- H1 FY25 Revenue of \$126.3 million, up 21.0% on (H1 FY24) from the continuation of the core business and a strong contribution from a first full year of contributions from strategic acquisitions in 2024
- EBITDA of \$9.9 million, up 1.2% on prior year and EBITDA margin of 7.9% slightly down from 9.4% prior year due to exceptionally strong margin performance on projects in the prior year period
- Profit After Tax (NPAT) of \$5.0 million, up 2.2% on prior year
- Pipeline of \$2.3 billion, up 15% on prior reported at 31 July 2024
- Interim dividend declared of 2.00 cents fully franked (FY2024 total dividends of 4.25 cents fully franked)

SAFETY

As the Group continues to grow, we are constantly focused on improving our safety performance to ensure we achieve "Zero Harm" for the people who work for us and with us. The Board, Executive Team and Project teams are focused on proactive reporting and structured reviews of high-potential incidents to ensure we work hard to prevent injuries.

Saunders continues to strengthen its safety culture through investment in 'Together for Safety' training and a new 'Permission to Pause' campaign, empowering teams to prioritise safety and wellbeing and take action to ensure safe, high-quality outcomes.

OUTLOOK

To date we have seen some projects being delayed across H1 FY25 as we remain dependent on our clients' timing for project awards. Tendering activity remains high and we are seeing encouraging signs of continued growth in our pipeline. However, due to short term delays, along with the termination of the bp contract we expect FY25 revenue to be in the range of \$210m to \$225m and EBITDA to be within the range of \$14m to \$16m.

We expect FY26 to return to growth, reflective of our increasing project size, addressable market and increased pipeline of opportunities.

Pipeline: Our pipeline of opportunities has grown to \$2.3 billion or 15% as of 31 December 2024, up from \$2.0 billion last reported on 31 July 2024. This strong pipeline of opportunities reflects the Group's strong and diversified capabilities, positioning us well across our key markets. Saunders maintains an orderbook of \$170m as at 31 December 2024, which excludes the terminated bp contract.

Key markets: We will continue to leverage our multi-disciplinary offering in key growth markets. With a broad customer base, we are well placed to secure larger-scale integrated projects

- Defence & Government: investment in the modernisation of fuel infrastructure is set to accelerate
- Water: there is significant ongoing investment in asset renewal programs across Australia
- Energy: significant investment in renewable energy assets provides a platform for our future
- Resources & Industrials: these sectors are central to Saunders' offerings. Critical minerals and fluctuating commodity prices present new opportunities.

DIVIDEND

The Board declared on 25 February 2025 there will be an interim dividend payable of 2.00 cents per share fully franked (H1 FY24 2.00 cents per share interim dividend fully franked) with a record date of 18 March and a payment date of 14 April 2025. The ex-dividend date is 17 March 2025. The full year dividend FY24 was 4.25 cents fully franked.

DIVIDEND REINVESTMENT PLAN

The Board has resolved that the Dividend Reinvestment Plan (DRP) will remain de-activated for the FY25 interim dividend.

AUDITOR'S INDEPENDENCE DECLARATION

The auditor's independence declaration is included on page 5 of the half-year financial report.

ROUNDING OFF OF AMOUNTS

The Board of Directors Saunders International Limited Suite 101, Level 1, 3 Rider Boulevard, Rhodes NSW 2138

Dear Board Members,

Auditor's Independence Declaration to Saunders International Limited

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Saunders International Limited.

As lead audit partner for the review of the half year financial report of Saunders International Limited for the half year ended 31 December 2024, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- The auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- Any applicable code of professional conduct in relation to the review.

Yours faithfully

Independent Auditor's Review Report to the Members of Saunders International Limited

Conclusion

We have reviewed the half-year financial report of Saunders International Limited (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2024, and the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes to the financial statements, including material accounting policy information and other explanatory information, and the directors' declaration as set out on pages 9 to 22.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Half-year Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Liability limited by a scheme approved under Professional Standards Legislation.

Deloitte.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

SUMMARY OF MATERIAL ACCOUNTING POLICIES

Statement of Compliance

The condensed consolidated interim financial report for the half-year reporting period ended 31 December 2024 is a general purpose financial report, prepared in accordance with AASB 134 Interim Financial Reporting (AASB 134) and the *Corporations Act 2001*. The interim financial report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual consolidated financial report and any public announcements made by the Group during the half-year in accordance with continuous disclosure obligations arising under the *Corporations Act 2001*.

Basis of Preparation

The interim financial statements have been prepared on the basis of historical cost. The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

The preparation of an interim financial report that complies with AASB 134 requires management to make judgements, estimates and assumptions. This can affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively. The accounting policies have been consistently applied by the Group and are consistent with those applied in the most recent annual consolidated financial report.

All amounts are presented in Australian dollars.

Rounding off of amounts

The Group is of the kind referred to in ASIC Corporations (Rounding in Financials/Directors' Report) Instrument 2016/191, dated 24 March 2016, and in accordance with the Corporations Instrument amounts in the Directors' report and the half-year report are rounded off to the nearest thousand dollars, unless otherwise indicated.

ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS

Accounting Standard in issue but not yet effective

Certain Australian Accounting Standards and Interpretations have recently been issued or amended but are not yet effective and have not been adopted by the Group for the half-year ended 31 December 2024. There will be no material impact of these new standards or amendments to the consolidated statement of financial position and consolidated statement of profit or loss and other comprehensive income of the Group.

7. CONTINGENT LIABILITIES AND CONTINGENT ASSETS

In the ordinary course of business, the Group receives claims against it which may involve litigation. In the event that a claim is successful, it is expected to be adequately covered by the insurance policies held by the Group. Where the outcome is probable and can be reasonably quantified, provision is made in these financial statements.

Bank guarantees and Surety Bonds at 31 December 2024 amounted to \$16.8 million (31 December 2023: \$19.1 million). The Group has combined Bank guarantees and Surety Bond facilities of \$45.0 million (31 December 2023: \$40.0 million).

8. EMPLOYEE SHARE PLAN

During the period NIL (H1 FY24: NIL) Treasury Shares were issued to employees under the existing Employee Share Plan.

9. PERFORMANCE RIGHTS PLAN

The Managing Director and Key Management Personnel participate in the Saunders International Performance Rights Plan. This plan is part of the long term incentive component of the Managing Director and members of the senior leadership team's remuneration package. During the period a total number of 1,573,024 (H1 FY24: 1,276,894) Performance Rights were issued under the plan. The total number of Performance Rights issued, yet to vest, under the plan is 3,396,928 as at 31 December 2024.

10. EVENTS SUBSEQUENT TO REPORTING DATE

The Board declared on 25 February 2025 that there will be an interim dividend payable of 2.00 cents per share fully franked for H1 FY25 (H1 FY24: 2.00 cents per share fully franked). The dividend will be payable on 14 April 2025 with the record date for determining dividends on 18 March 2025.

The Directors are not aware of any other matter or circumstance, not already disclosed, occurring subsequent to the end of the financial half-year that has significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

14. SEGMENT INFORMATION

The Group has one operating and reporting segment based upon the products and services offered by business, the allocation of resources and the internal reports that are reviewed and used by the chief operating decision maker (CODM). The operating segment is the multidisciplinary provision of construction, engineering and industrial asset services with core capabilities in:

- · bulk fluid storage
- structural, mechanical and piping
- · industrial automation and electrical
- civil infrastructure
- · industrial asset services

The Group presents the consolidated information as disclosed in the consolidated statement of profit and loss to the CODM and the Board of Directors on a monthly basis. The CODM has been identified as the Chief Executive Officer, who uses Revenue and EBITDA as segment measures of performance when reviewing the Group's results throughout the period.

During the H1 FY25, two customers accounted for more than 10% of the company's total revenue. Customer A contributed 12% of total revenue, while Customer B contributed 11% of total revenue.

16. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets, is determined with reference to quoted market prices. The fair value of other financial assets and liabilities is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable market transactions. The fair value of derivative instruments is calculated using quoted prices. Where such prices are not available, use is made of discounted cash flow analysis using the applicable yield curve for the duration of the instruments for non-optional derivatives and option pricing models. The Directors consider that the carrying amount of financial assets and financial liabilities recorded at amortised costs in the financial statements approximate their fair value.

17. INTANGIBLE ASSETS	Half-year Ended 31 Dec 2024 \$'000	Full-year Ended 30 Jun 2024 \$'000
Goodwill		
Balance at 1 July	17,392	3,978
Additions through business combinations	-	-
- Piping Solutions	-	13,414
Balance at 31 December	17,392	17,392

Goodwill acquired through business combinations is allocated to the lowest level within the entity at which the goodwill is monitored, being the grouped cash generating unit (CGU) comprising the Engineering, Construction, Piping and Automation operations of Saunders. Refer to Note 18 for details of the acquisition of the Piping Solutions business, effective from 31 October 2023, and detailed calculation of goodwill recognised in relation to the acquisition.

The key assumptions used in the value in use calculations include the financial budget for the 2025 financial year, revenue growth, EBITDA margin growth, depreciation growth, capital expenditure growth and the discount rate. These assumptions are based on past experience and the Company's forecast operating and financial performance of the CGU taking into account current market and economic conditions, risks, uncertainties and opportunities for improvement.

The value in use calculations use cash flow projections over a 5 year period, extrapolated into perpetuity using a long-term growth rate. The cash flow projects in Year 1 are based on financial budgets for the 2025 financial year, as approved by the Board. The cash flow projections for years 2-5 assume a growth rate of 10.0% p.a. The terminal growth rate into perpetuity is assumed to be 2.5%, which is consistent with the mid-point of long term inflation forecasts by recognised bodies. A weighted average cost of capital of 11.8% has been used in determining the present value of future cash flows for the CGU.

The Group has conducted sensitivity analysis taking into consideration the current uncertain macro-economic conditions, which indicated that no reasonably possible change in key assumptions, including changes to the weighted average cost of capital and changes to the growth rate, would result in an impairment loss. Accordingly, the Group has concluded that no impairment is required based on current market and economic conditions and expected future performance.

18. ACQUISITION OF SUBSIDIARIES

Saunders did not make any acquisitions during H1 FY25. See the information below regarding acquisitions in the prior corresponding period.

Saunders announced the acquisition of the Piping Solutions business on 8 November 2023. Under the terms of the Business Purchase Deed, control of the business was effectively acquired on 31 October 2023. Piping Solutions specialise in the fabrication, installation and maintenance of steel pipelines, structures, pressure vessels, and refuelling systems for the Defence, Aviation, Energy and Infrastructure industries. The acquisition qualifies as a business as defined in AASB3 Business Combinations. It was acquired to facilitate Saunders strategic expansion into the Defence sector and addition of complementary capabilities across complex steel piping fabrication, installation and maintenance. This will provide a more attractive vertically integrated offering and enable better penetration into New Energy markets. The amounts recognised in respect of the identifiable assets acquired and liabilities assumed are set out in the table below.

Net cash outflow arising on acquisition:	
Cash consideration	4,500
Less: cash and cash equivalent balances acquired	-
Net cash outflow arising on acquisition during the year ended 30 June 2024	4,500

The contingent consideration is subject to achievement of earn-out Earnings Before Interest & Tax (EBIT) targets that apply for the period from 1 November 2023 to 31 October 2024. It will be settled in cash (50%) and equity (50%). The acquisition is structured to promote the continued performance of Piping Solutions.

During the half year ended 31 December 2024, the above consideration has been finalised and approved at the stated values.
