Preliminary Final Report to the Stock Exchange

The trading environment during the last 12-months has been very challenging. At a time of continuing inflationary pressure, access to foreign currency has remained difficult and the delay in some significant energy and resource related projects has delayed the expected uptick in economic demand and muted business sentiment.

The Group's focus for 2nd half of 2024 was to take a disciplined approach to cost and capital expenditure, continue its investment in human capital and technology platforms and strategically position its assets across all divisions in order to maximise benefits from the resources projects when they do come.

Steamships was able to deliver a 11.1% top line growth in the 2nd half, continuing the trend that was seen in the first half.

Steamships' sales revenue increased 9.3% to K717.4 million against last year's K656.3 million. Profit before tax includes the following items:

- K17.1 million from insurance proceeds (net)
- K 9.4 million cash spend related to ongoing upgrade of enterprise resource planning (ERP) system
- K12.4 million net gain on property disposals

	2024	2023	Change
	K000's	K000's	
Net Profit attributable to shareholders	45,838	58,144	(21.2%)
Add / (Less) impact of significant items (post tax and minority interest)			
Net insurance claim settlement income – property damages	(11,954)	-	
ERP implementation expensed	6,591	-	
Gain on disposal of assets	(8,575)	-	
Blaikie insurance claim settlement	-	(7,904)	
Total impact of significant items	(13,938)	(7,904)	
Underlying profit attributable to shareholders	31,900	50,240	(36.5%)

Depreciation in 2024 was K113.5 million against K104.5 million in 2023, and interest expense on net borrowings (excluding capitalised interest) was K6.1 million against K1.7 million in 2023. Capital expenditure for the year was K231.1 million against K222.8 million in 2023.

The Group's net operating cash flow generation increased by 29.6% to K134.3 million against K103.6 million in 2023. The cash balance at year end is K3.9 million.

A final dividend of 30 toea per share has been proposed and will be paid following approval at the Board of Directors meeting on 20th June 2025, subject to Steamships' ability to secure foreign exchange

for non PNG shareholders. As there was an interim dividend paid during the year of 40 toea per share, the total dividend for the year is 70 toea per share (2023: 95 toea per share). The dividend is unfranked and there is no conduit foreign income.

Trading Performance

Coral Sea Hotels (CSH) performed relatively strongly across its hotel portfolio and was able to maintain its overall profitability despite pressure on average room night rates due to a generally weaker market, particularly in Port Moresby. The slight downturn in revenue performance compared to prior year has been partly offset by lower operating costs.

The opening of the Harbourside South mixed office/retail/serviced apartment development, including the Marriott Executive Apartments, has reinforced Pacific Palms Property's (PPP) strategy as the premier location for luxury accommodation, top tier office and retail and destination for blue chip organisations.

Demand on commercial and residential properties remains positive and renovations for PPP's new luxury residential offering at its Whittaker (Port Moresby) and Blaikie (Lae) Apartments have now completed. This will add capacity into a buoyant albeit small high-end market sector.

Whilst the Logistics division continued to report top line growth in the 2nd half compared to prior year, pressure on costs and ongoing disruptions to supply chains meant that bottom line results were lower than expectations.

There has been significant investments in Logistics assets, human capital and fleet maintenance which has weighed significantly on margins. But the investment in the business is delivering results in terms of reliability and customer service and expansion in its marine asset base, shore side equipment and personnel is building a solid foundation to grow with the resource boom.

Colgate-Palmolive (PNG) Limited, a PNG incorporated joint venture, was unfavorably affected by the events that occurred on January 10 as most customers took a conservative approach to stockholdings; although overall financial performance was slightly weaker than prior year, the last quarter showed improvement in volumes year on year across most product categories signals promising momentum for the year ahead.

Trading Outlook

The reopening of Porgera, the signing of the Pasca A Gas Agreement and the announcement around a PNG Team joining the NRL in 2028 has generated some optimism. There is an expectation that natural resources projects will gain traction from the 2nd half 2025 and will provide a boost in what has been a relatively unremarkable macro-economic environment.

Steamships will maintain a cautious approach to committing capital to project related activity until final investment decision is reached.

Papua New Guinea is our home and principal place of business, and we will continue to actively contribute to its economic and social development.

5. Income Tax Expense

The effective rate of tax charged differs from the statutory rate of 30% as follows;

	Current period K'000	Previous corresponding period K'000
Net profit before income tax – continuing operations	69,421	84,389
Prima facie tax on profit before income tax	(20,826)	(25,317)
Unrecognised deferred tax asset on tax losses	(1,133)	(1,234)
Tax on non-deductible expenses	(833)	(677)
Share of profit of associates and joint ventures	1,842	2,186
Adjustments in tax from prior years	(1,479)	(680)
	<u>(22,429)</u>	<u>(25,722)</u>

6. Contingent Liabilities

There were contingent liabilities at the Balance Sheet date as follows:

- (a) Steamships Trading Company Limited holds a 50% interest in an associated company, Colgate Palmolive (PNG) Ltd, (“CP (PNG) Ltd”). In 2022 CP (PNG) Ltd received a notice from PNG Customs seeking to reassess the historic rate of import duty applied to a specific product, known as soap noodles, resulting in an additional duty of K11.1 million and an intention to apply the higher rate on future imports. CP (PNG) Ltd has disputed the interpretation of the product characteristics by PNG Customs and formally appealed against this higher assessed rate of duty. The appeal process remains in progress.

To the extent that any of the additional duty is deemed payable by CP (PNG) Ltd following the appeal process, the Group’s share of profits from associates and the equity accounted investment in CP (PNG) Ltd will be reduced by 50% of the amount payable, net of any tax effect.

- (b) The parent entity has given letters of comfort of continuing financial support in respect of certain subsidiaries, associates and joint ventures.

7. Subsequent events

On 28th February 2025, Hebamo Transport Limited was structured as a 51%-49% partnership, with Laba Holdings Ltd owning the majority stake.

The Joint Venture became operational and is well positioned to play a key role in the downstream construction phase of the Papua LNG Project.
