## ABOUT EP&T Global

EP&T Global, the most trusted building efficiency platform provider, is a data as a service platform that delivers sector leading cost and energy efficiency in buildings. EP&T is a global leader in reducing energy costs and delivering energy efficiency in the built environment, servicing over 7 million sqm of floorspace across 5 continents. EP&T's proprietary technology solution combines multiple information sources with cloud-based data analytics to detect real-time energy inefficiencies in buildings. This highly accurate identification of faults and inefficiencies enables EP&T to collaborate with building managers to improve and optimise building plant operating systems.

EP&T's "EDGE Intelligent System" is a data repository incorporating 20+ years of building energy efficiency knowledge – collecting and analysing more than 5.6 billion points of data per annum with proprietary algorithmic analysis and machine learning.
