### Entitlement Offer of New Options

Investigator Resources Limited (ASX: IVR, “Investigator” or the “Company”) is pleased to announce it is undertaking a pro-rata non-renounceable entitlement issue of one (1) New Option for every five (5) fully paid ordinary shares and every five (5) IVRO options held by eligible securityholders registered at the record date at an issue price of \$0.001 per New Option (**Offer**). Please note that the Offer closes on 24 March 2025.

The New Options offered under the Offer are each exercisable at \$0.042 and expire on 24 March 2028.

The Company intends to apply for the quotation of the New Options to be issued under the Offer. There is no guarantee that ASX will grant quotation of the New Options.

Subject to potential scale-back, eligible securityholders can also apply for additional New Options under a Top-Up Facility up to a maximum of 100% of their full Entitlement.

Based on the Company’s securities currently on issue, and on the basis that no options are exercised or other securities are converted into Shares prior to the record date, a total of 381,394,150 New Options will be offered under the Offer. Where the determination of the entitlement of any eligible security results in a fraction of an entitlement, such fraction will be rounded down to the nearest whole number.

The purpose of the Offer is to reward the loyalty of eligible securityholders via their entitlement to subscribe for New Options under the Offer. Funds raised under the Offer will be applied to the expenses of the Offer and to provide general working capital to the Company.

The Company has today lodged a prospectus for the Offer (**Prospectus**) with ASIC, which will be dispatched to eligible securityholders on 12 March 2025.

Eligible securityholders should consider the Prospectus carefully in deciding whether to acquire New Options under the Offer and will need to complete the personalised entitlement and acceptance form that will accompany the Prospectus dispatched to eligible securityholders.

The Offer is not underwritten. Any entitlements not taken up under the Offer will form a shortfall of New Options (**Shortfall**). The Directors reserve the right to place the Shortfall on the same terms as offered to eligible securityholders under the Offer within 3 months following the closing date of the Offer.

Directors are able to take up their full Entitlement and Top-Up Facility but are precluded from participating in any allocation of the Shortfall.
