Continuous disclosure obligations

The Company is a "disclosing entity" (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Shares.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Having taken such precautions and having made such enquires as are reasonable, the Company believes that

it has complied with the general and specific requirements of ASX as applicable from time to time throughout the three months before the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Please refer to Section 5.2 for further details.

Issue of Shares to BNPL as Share Consideration	12 March 2025

* These dates are indicative only and may change without notice. The Directors reserve the right to extend the Closing Date at any time after the Opening Date without notice. The Directors reserve the right not to issue any Shares under this Prospectus.

1.2 The Offer

Pursuant to this Prospectus, the Company invites investors identified by the Directors to apply for up to 1,000 Shares at an issue price of \$0.020 per Share, to raise up to \$20 (before expenses).

The Offer will only be extended and Application Forms will only be provided to specific parties on invitation from the Directors.

All of the Shares offered under this Prospectus (if any) will rank equally with the Shares on issue at the date of this Prospectus. Please refer to Section 3 for further information regarding the rights and liabilities attaching to the Shares.

1.3 Background to the Offer

On 12 March 2025, the Company entered into a licence agreement (**Licence Agreement**) with BNPL Holdings Foundation (**BNPL**), under which the Company is required to pay BNPL a licence fee comprising:

- (a) **Cash Consideration:** \$1,509,133 and
- (b) **Share Consideration:** \$884,250 worth of Shares.

On 12 March 2025, the Company announced that it had received firm commitments from sophisticated and professional investors to raise approximately \$1,539,250 (before costs) pursuant to a placement of 235,000,000 Shares at an issue price of \$0.00655 per Share (**Placement**).

The funds from the Placement will be used to pay for the Cash Consideration for the Company's entry into the Licence Agreement and offer costs.

In addition, the Company issued 135,000,000 Shares at \$0.00655 per Share to satisfy the Share Consideration under the Licence Agreement. In accordance with the terms of the Licence Agreement, the issue price was determined with reference to the five-day volume-weighted average price of the Company's Shares.

Both the Placement and Share Consideration issuance will be conducted under the Company's available placement capacity under ASX Listing Rule 7.1.

1.4 Objective

The primary purpose of this Prospectus is to remove any trading restrictions that may have attached to Shares issued by the Company without disclosure under Chapter 6D

of the Corporations Act prior to the Closing Date (including prior to the date of this Prospectus). Accordingly, the Company is seeking to raise only a nominal amount of \$20 under this Prospectus as the purpose of this Prospectus is not to raise capital.

The Company is not currently able to issue a cleansing notice under section 708A(5) of the Corporations Act due to its Shares having been suspended from trading on ASX for more than 5 trading days within the last 12 months.

Relevantly, section 708A(11) of the Corporations Act provides that a sale offer does not need disclosure to investors if:

- (a) the relevant securities are in a class of securities that are quoted securities of the body; and
- (b) either:
 - (i) a prospectus is lodged with the ASIC on or after the day on which the relevant securities were issued but before the day on which the sale offer is made; or
 - (ii) a prospectus is lodged with ASIC before the day on which the relevant securities are issued and offers of securities that have been made under the prospectus are still open for acceptance on the day on which the relevant securities were issued; and
- (c) the prospectus is for an offer of securities issued by the body that are in the same class of securities as the relevant securities.

1.5 **Application for Shares**

Applications for Shares must be made by investors at the direction of the Company and must be made using the Application Form accompanying this Prospectus.

Payment for the Shares must be made in full at the issue price of \$0.020 per Share.

Completed Application Forms and accompanying cheques, made payable to Ovanti Limited and crossed "**Not Negotiable**", must be mailed or delivered to the Company at the address set out in the Application Form by no later than the Closing Date.

1.6 **Minimum subscription**

There is no minimum subscription.

1.7 **Oversubscriptions**

No oversubscriptions will be accepted by the Company.

1.8 **Underwriting**

The Offer is not underwritten.

1.9 **Issue of Shares**

As noted in Section 1.4, the primary purpose of this Prospectus is to remove any trading restrictions that may have attached to Shares issued by the Company without disclosure under Chapter 6D of the Corporations Act prior to the Closing Date (including prior to the date of this Prospectus).

If the Directors decide to issue Shares under this Prospectus, the issue of Shares under the Offer will be issued in accordance with the ASX Listing Rules and will take place as soon as practicable after the Closing Date.

Pending the issue of the Shares or payment of refunds pursuant to this Prospectus, all Application monies will be held by the Company in trust for the Applicants in a separate bank account as required by the Corporations Act. The Company, however, will be entitled to retain all interest that accrues on the bank account and each Applicant waives the right to claim interest.

The Directors will determine the recipients of all the Shares. The Directors reserve the right to reject any Application Form or to allocate any Applicant fewer Shares than the number applied for. Where the number of Shares issued is less than the number applied for, the surplus monies will be returned by cheque as soon as practicable after the Closing Date. Where no issue of Shares is made, the amount tendered on Application will be returned in full by cheque as soon as practicable after the Closing Date. Interest will not be paid on monies refunded.

The Company's decision on the number of Shares to be allocated to an Applicant will be final.

Holding statements for Shares issued under the Offer will be mailed as soon as practicable after the issue of Shares as soon as practicable after their issue.

1.10 **ASX listing**

Application for Official Quotation of the Shares offered pursuant to this Prospectus will be made within 7 days after the date of this Prospectus. If ASX does not grant Official Quotation of the Shares offered pursuant to this Prospectus before the expiration of three months after the date of issue of the Prospectus, (or such period as varied by the ASIC), the Company will not issue any Shares and will repay all Application monies for the Shares within the time prescribed under the Corporations Act, without interest.

The fact that ASX may grant Official Quotation to the Shares is not to be taken in any way as an indication of the merits of the Company or the Shares now offered for subscription.

1.11 **Applicants outside Australia**

The distribution of this Prospectus outside Australia may be restricted by law and therefore persons into whose possession this document comes should seek advice on and observe any such restrictions. Any failure to comply with these restrictions constitutes a violation of those laws.

The Offer does not, and is not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

Residents of countries outside Australia should consult their professional advisers as to whether any government or other consents are required, or whether any formalities need to be observed should they wish to make an Application to take up Shares on the basis of this Prospectus. The return of a duly completed Application Form will be taken to constitute a representation and warranty that there has been no breach of such laws and that all approvals and consents have been obtained.

3 RIGHTS AND LIABILITIES ATTACHING TO SHARES

The following is a summary of the more significant rights and liabilities attaching to Shares being offered pursuant to this Prospectus. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

Full details of the rights and liabilities attaching to Shares are set out in the Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

(a) General meetings

Shareholders are entitled to be present in person, or by proxy, attorney or representative, to attend and vote at general meetings of the Company. The Company's constitution permits the use of technology at general meetings of shareholders (including wholly virtual meetings) to the extent permitted under the Corporations Act, Listing Rules and applicable law.

Shareholders may requisition meetings in accordance with section 249D of the Corporations Act and the Constitution of the Company.

(b) Voting rights

Subject to any rights or restrictions for the time being attached to any class or classes of shares, at general meetings of shareholders or classes of shareholders:

- (i) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (ii) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (iii) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall, in respect of each fully paid Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for each Share held, but in respect of partly paid shares, shall have such number of votes being equivalent to the proportion which the amount paid (not credited) is of the total amounts paid and payable in respect of those shares (excluding amounts credited).

(c) Dividend rights

Subject to and in accordance with the Corporations Act, the ASX Listing Rules, the rights of any preference Shareholders and to the rights of the holders of any shares created or raised under any special arrangement as to dividend, the Directors may from time to time declare a dividend to be paid to the Shareholders entitled to the dividend which shall be payable on all Shares according to the proportion that the amount paid (not credited) is of the total

amounts paid and payable (excluding amounts credited) in respect of such Shares.

The Directors may from time to time pay to the Shareholders any interim dividends as they may determine. No dividend shall carry interest as against the Company. The Directors may set aside out of the profits of the Company any amounts that they may determine as reserves, to be applied at the discretion of the Directors, for any purpose for which the profits of the Company may be properly applied.

Subject to the ASX Listing Rules and the Corporations Act, the Company may, by resolution of the Directors, implement a dividend reinvestment plan on such terms and conditions as are referred to in the resolution and which plan provides for any dividend which the Directors may declare from time to time payable on Shares which are participating Shares in the dividend reinvestment plan, less any amount which the Company shall either pursuant to the Constitution or any law be entitled or obliged to retain, be applied by the Company to the payment of the subscription price of Shares.

(d) **Winding-up**

If the Company is wound up, the liquidator may, with the authority of a special resolution, distribute among the Shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders.

The liquidator may, with the authority of a special resolution, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any shares or other securities in respect of which there is any liability.

(e) **Shareholder liability**

As the Shares issued will be fully paid shares, they will not be subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(f) **Transfer of shares**

Generally, shares in the Company are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act, the ASX Listing Rules and the Constitution.

(g) **Issue of Shares**

Without prejudice to any special rights previously conferred on the holders of any existing Shares or class of Shares, unissued Shares shall be under the control of the Directors and, subject to the Corporations Act, the ASX Listing Rules and this Constitution, the Directors may at any time issue such number of Shares either as ordinary Shares or Shares of a named class or classes (being either an existing class or a new class) at the issue price that the Directors determine and with such preferred, deferred, or other special rights or such restrictions, whether with regard to dividend, voting, return of capital or otherwise, as the Directors shall, in their absolute discretion, determine.

(h) **Variation of rights**

Under section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders vary or abrogate the rights attaching to Shares.

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being wound up, may be varied with the consent in writing of the holders of three quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.

(i) **Alteration of Constitution**

In accordance with the Corporations Act, the Constitution can only be amended by a special resolution passed by at least three quarters of Shareholders present and voting at the general meeting. In addition, at least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

4 RISK FACTORS

4.1 Introduction

The future performance of the Company and the value of the Shares may be influenced by a range of factors, many of which are largely beyond the control of the Company and the Directors. The key risks associated with the Company's business, the industry in which it operates and general risks applicable to all investments in listed securities and financial markets generally are described below.

The risks factors set out in this Section 4, or other risk factors not specifically referred to, may have a materially adverse impact on the performance of the Company and the value of the Shares. This Section 4 is not intended to provide an exhaustive list of the risk factors to which the Company is exposed.

If you do not understand any matters contained in this Prospectus or have any queries about whether to invest in the Company, you should consult your accountant, financial adviser, stockbroker, lawyer or other professional adviser.

4.2 Company specific

RISK CATEGORY	RISK
Litigation and investigations risks	The Company is exposed to possible litigation risks including contractual disputes and employee claims. Further, the Company may be involved in disputes with other parties in the future which may result in litigation. Any such claim or dispute if proven, may impact adversely on the Company's operations, financial performance and financial position.

RISK CATEGORY	RISK
	<p>As previously announced, the Company is currently engaged in litigation both commenced by and brought against the Company. The Company is also subject to an ongoing investigation in relation to the alleged misappropriation or fraudulent use of the Company's funds by previous employees, advisors and associated</p> <p>As with all complex fraud investigations and litigation, they are costly, conduct of the investigations and proceedings is time consuming for the Board and management and the length of such processes is not certain and the recovery of funds (if any) is not guaranteed. There is also a risk that the Company is unsuccessful with the ongoing investigations and litigation which may result in costs being ordered against the Company.</p> <p>As with any litigation proceedings, even if the Company is successful with its ongoing investigation and litigation, there is a risk that the claim amount may not be able to be recovered and the defendants in each case may not be able to pay the relevant monies.</p>
<p>Additional requirements capital</p>	<p>for</p> <p>The Company's capital requirements depend on numerous factors. Depending on the Company's ability to generate income from its operations, the Company may require further financing to develop its business. Any additional equity financing will dilute shareholdings, and debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations and scale back its programmes as the case may be. There is however no guarantee that the Company will be able to secure any additional funding or be able to secure funding on terms favourable to the Company.</p>
<p>Privacy and data collection</p>	<p>The Company's services involves the storage, transmission, and processing of data from clients in order to provide services to clients. Personal privacy, information security, and data protection are significant issues. The regulatory framework governing the collection, processing, storage, and use of business information, particularly information that includes personal data, is rapidly evolving and any failure or perceived failure to comply with applicable privacy, security, or data protection laws, regulations or contractual obligations may adversely affect the Company's business.</p>
<p>Competition</p>	<p>The fintech industry in which the Company operates is subject to competition, in particular as a result of the nature of the contracts available. Current or future competitors may come up with new, better or cheaper methods of mobile banking, SMS marketing and email marketing.</p> <p>The Company's competitors include both small and medium enterprises and large, established corporations or multinationals. Those may decide to enter the Company's target markets and be able to fund aggressive marketing strategies. They may also have stronger financial capabilities than the Company which may negatively affect the operating and financial performance of the business,</p>

RISK CATEGORY	RISK
Going Concern	<p>The Company's Annual Report for the year ended 30 June 2024 (Financial Report) includes a note on the financial condition of the Company and the possible existence of a material uncertainty about the Company's ability to continue as a going concern.</p> <p>Notwithstanding the 'going concern' qualification included in Financial Report, the Directors believe that the Company will have sufficient funds to adequately meet the Company's current commitments and short term working capital requirements.</p>
Development	<p>The Company's products and services are the subject of continuous development and need to be substantially developed further in order to gain and maintain competitive and technological advantage, and to improve the products' and services' usability, scalability and accuracy. There are no guarantees that the Company will be able to undertake such development successfully. Failure to successfully undertake such research and development, anticipate technical problems, or estimate research and development costs or timeframes accurately will adversely affect the Company's results and viability.</p>
Technology	<p>The Company's market involves rapidly evolving products and technological change. The Company cannot guarantee that it will be able to engage in research and development at the requisite levels. The Company cannot assure investors that it will successfully identify new technological opportunities and continue to have the needed financial resources to develop new products in a timely or cost-effective manner. At the same time, products, services and technologies developed by others may render the Company's products and services obsolete or non-competitive.</p>
Government regulation	<p>The Company is subject to federal and state laws and regulations that govern its business activities in the jurisdictions in which it operates, Malaysia, Indonesia and the United States. Government regulation and oversight of the digital economy is constantly evolving and may change in a manner that is unfavourable to the Company. While the Company is increasingly focusing attention on the development of internal compliance procedures, these may not be sufficiently sophisticated enough to ensure compliance with all relevant laws and regulations across all the jurisdictions it operates. Failure to comply with government regulations may affect the Company's ability to generate revenues from the sale of goods and services internationally, which could have a material adverse effect on the Company's business, financial condition and results of operations.</p>
Foreign exchange	<p>The Company will be operating in a variety of jurisdictions, including Malaysia, Indonesia and the United States, and as such, expects to generate revenue and incur costs and expenses in foreign currencies. Consequently, movements in currency exchange rates may adversely or beneficially affect the Company's results or operations and cash flows. For example, the appreciation or depreciation of the US dollar relative to the Australian dollar would result in a foreign currency loss or gain. Any depreciation of currencies in foreign jurisdictions in which the Company operates may result in lower than</p>
