## Quarterly Activities Report – March 2024 Quarter

The Board of LawFinance Limited (“LawFinance”, “LAW” or “the Company”) provides the following update for its March quarter ending 31 March 2024. The Company notes that it is providing this Quarterly Activities report and Appendix 4C in order to comply with ASX Listing Rule 17.5 in relation to suspended entities.

### March 2024 quarter KPI and commentary:

- **Conditional Funding Transaction**

On 28 December 2023, the Company announced the successful implementation of the Funding and Restructure transaction following approval by shareholders at the Extraordinary General Meeting on 22 December 2023. This results in all debt facilities of the Company and certain of its subsidiaries being restructured.

This restructure has resulted in the following;

- i) the release and discharge of the SAF Facility;
- ii) the release of the Company from its obligations under the EFI Facility Agreement and the sale of its subsidiary, NHF SPV III; and
- iii) amending the PFG Loan Agreement to facilitate the managed run-off of the PFG Book in order to maximise value and repay the PFG Loan in full.
- iv) NHF reducing costs and staff to minimize expenditure
- v) PFG and secured book lenders continue to collect on the PFG book, with further updates on this to be provided in due course.

Following the successful completion of these restructuring transactions, the Company continues to explore initial pilot programmes for Trident. Alongside this, the Company continues to focus on cost control while the Company maintains collection on the PFG Book of receivables.

- **Cash Collections - US\$1.2 million**

The NHF portfolio is managed as two separate sub-portfolios funded by different funders. The legacy portfolio is funded by Efficient Frontier Investing (EFI) and is comprised of receivables that are in various stages of litigation to mature receivables in their final stages of their settlement cycle (EFI book). The growth portfolio now funded by PFG is the focus of growth initiatives currently being undertaken by the team at NHF (PFG book).

Cash collected from the PFG and EFI books of receivables was US\$1.2 million. This was down from \$2.9m in the previous quarter. Collections across all categories are on a downward trend, reflecting a contracting book.

- **Originations - US\$0 million**

The Company's operating business, National Health Finance, has not originated any claims since September 2022, when the PFG Book was put into runoff in line with the Company's strategic priorities

The focus continued to remain on the Funding Transaction above and progressing the Trident Health Group ("Trident HG") initiative.

- **Trident HG Update**

As announced previously, the Supplier Service Agreement between Trident HG and the US's largest hospital management company was executed in March 2023. The LAW Group confirms it is in discussions with several hospitals and medical suppliers in the Southwestern United States and Texas. While the Trident HG Joint Venture growth strategy is still actively being pursued, it is taking significantly longer than expected for Trident HG Joint Venture to execute its first hospital funding agreement.

Should these discussions progress, the Company will give an update to shareholders, however currently the timing of commencement of Trident HG operations still remains uncertain.

- **Operating Expenditure (OPEX)**

Average monthly OPEX during the quarter was US\$0.48 million, up from US\$0.20 million in the previous quarter (4Q23). It is expected that OPEX will decrease in the coming months.

**Payments to related parties of the entity and their associates**

Following the cessation of Daniel Kleijn's employment in 2Q23, there was no payments to related parties during the March quarter. This has been disclosed in Section 6.1 of the attached Appendix 4C.
