

ASX Announcement**ASX: CMG**

24 April 2025

Entitlement Offer to raise up to approximately \$7.3 million

Critical Minerals Group Limited (**CMG** or the **Company**) (**ASX:CMG**) announced today that it is undertaking an equity raising via a three for four pro rata non-renounceable entitlement offer of fully paid ordinary shares in CMG to raise up to approximately \$7.3 million (**Entitlement Offer**). Morgans Corporate Limited ACN 010 539 607 (**Morgans**) has been appointed as lead manager to the Entitlement Offer.

The offer price for the Entitlement Offer will be \$0.135 per share (**Offer Price**). The Offer Price represents:

- a 0% discount to the theoretical ex-rights price (**TERP**)¹; and
- a 1.1% discount to the 10-day Volume Weighted Average Price (**VWAP**).

Under the Entitlement Offer, eligible shareholders will be able to subscribe for three new fully paid ordinary shares in CMG (**New Shares**) for every four existing ordinary shares held at 7:00pm (AEST) on 30 April 2025 (**Record Date**) at the Offer Price (**Entitlements**). Up to approximately 54,028,044 New Shares will be issued as part of the Entitlement Offer. Shares issued under the Entitlement Offer will rank equally with existing shares.

¹ The theoretical ex-rights price of \$0.135 is calculated using CMG's closing price on 23 April 2025 assuming proceeds from the Entitlement Offer of \$7.3 million. TERP is the theoretical price at which shares should trade immediately after the ex-date for the Entitlement Offer assuming 100% take-up of the Entitlement Offer. TERP is a theoretical calculation only and the actual price at which shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may not be equal to the TERP.

The proceeds of the Entitlement Offer will be applied to:

- Lindfield Project – BFS Study (including bulk sample);
- Lindfield Project – environmental approvals;
- Vanadium Electrolyte Facility – design procure construct;
- establishing BESS preferred supplier;
- operational overheads; and
- transaction fees for the Entitlement Offer.

The board of CMG has endorsed a strategy and associated expenditure profile for FY25 and has a clear picture of the funding requirements to support the activity schedule.

CMG's major shareholder, Idemitsu Lindfield Pty Ltd (**Idemitsu**), is supportive of the Entitlement Offer and has given a binding commitment to take up its Entitlements up to 18,300,380 New Shares under the Entitlement Offer. The maximum commitment for Idemitsu is \$2,470,551.30.

The Entitlements are non-renounceable and will not be tradeable on ASX or otherwise transferable. Shareholders who do not take up their Entitlements will not receive any value for those Entitlements that they do not take up. Shareholders who are not eligible to receive Entitlements will not receive any value for the Entitlements they would have received had they been eligible.

The Entitlement Offer will include a shortfall facility under which eligible shareholders who take up their full Entitlement will be invited to apply for additional shares in the Entitlement Offer from a pool of those not taken up by other eligible shareholders. There is no guarantee that applicants under this shortfall facility will receive all or any of the New Shares they apply for under the facility.

CMG will notify shareholders as to whether they are eligible to participate in the Entitlement Offer. Eligible shareholders will receive an information booklet including a personalised entitlement and acceptance form which will provide further details of how to participate in the Entitlement Offer.

About Critical Minerals Group Limited

Critical Minerals Group Limited (ASX:CMG, CMG or the Company) is an exploration company with the principle focus of developing critical minerals projects. CMG was formed to identify, secure, acquire and develop critical mineral resource tenements in proven regions in Australia.

CMG is building its position in the vanadium market, holding a tenement in north-west Queensland near the town of Julia Creek which is its flagship project known as the Lindfield Vanadium Project. CMG also holds applications for projects at Figtree Creek and Lorena Surrounds, both exciting greenfield copper-gold projects that support CMG's focus on critical mineral opportunities.

CMG is founded on the outlook of the global energy disruption and the transition that is currently underway and the chance to grasp the opportunities arising from the substantial changes in the world around us. The rising standard of living of a growing global population is likely to continue to drive demand for critical minerals for years to come, particularly during the phase of decarbonisation and electrification. The world will need to find a way to meet this growing demand for such minerals, and CMG is well-positioned to meet this new economy mineral demand as the world turns towards a more renewable future.
