## **About Euro Manganese**

Euro Manganese is a battery materials company focused on becoming a leading producer of high-purity manganese for the electric vehicle industry. The Company is advancing development of the Chvaletice Manganese Project in the Czech Republic and an early-stage opportunity to produce battery-grade manganese products in Bécancour, Québec.

The Chvaletice Project is a unique waste-to-value recycling and remediation opportunity involving reprocessing old tailings from a decommissioned mine. It is also the only sizable resource of manganese in the European Union, strategically positioning the Company to provide battery supply chains with critical raw materials to support the global shift to a circular, low-carbon economy.

Euro Manganese is dual listed on the TSX-V and the ASX.

Authorized for release by the Interim CEO of Euro Manganese Inc.

Neither TSX-V nor its Regulation Services Provider (as that term is defined in the policies of the TSX-V) or the ASX accepts responsibility for the adequacy or accuracy of this release.

Company Address: #709 -700 West Pender St., Vancouver, British Columbia, Canada, V6C 1G8
