Note 1: The Fund's NAV per security is calculated and presented in accordance with ASX listing rules and the relevant accounting standards. Securityholders should be aware that the NAV is reported without provision for the various transaction costs associated with property sales. As the Group continues to dispose of properties the NAV of the Group and each security will naturally fall slightly as these expected costs are realised, all else being equal.

Note 2: There can be a slight timing difference between the closing of a property sale and the receipt of net sales proceeds. Proceeds in respect of property sales at or close to month end may be received in the subsequent month.
