VANCOUVER, British Columbia (May 28, 2025 Vancouver / May 29, 2025 Australia) – Euro Manganese Inc. (TSX-V and ASX: EMN; Frankfurt: E060) (the “**Company**” or “**Euro Manganese**”) is pleased to announce that, following the approval by its shareholders at its Annual General and Special Meeting held on May 15, 2025 (the “**AGSM**”), it has closed the previously announced financing package which included: (a) a private placement (the “**Placement**”) of common shares (“**New Shares**”) and CHESS Depositary Interests (“**New CDIs**” together with the New Shares, “**New Securities**”) in the capital of the Company of C\$9.8 million (approximately A\$10.8 million); and (b) a Share Purchase Plan (“**SPP**”, together with the Placement, the “**Financing**”) with certain eligible shareholders in the amount of A\$1.5 million (approximately C\$1.4 million). The Company also announces an option grant to certain directors, officers, employees, and consultants as described below.

Martina Blahova, CEO of Euro Manganese, commented:

“We are extremely pleased with the strong support demonstrated by both our existing shareholders and new investors, including the notable participation of Mr. Eric Sprott. The net proceeds of the Financing will be used to support ongoing development of the Chvaletice Manganese Project, including customer engagements to secure additional offtake term sheets and strategic investments, the operation of the demonstration plant, as needed, to market the Company’s product to potential customers and to advance permitting.

All defined terms in this press release have the same meaning as set out in the press releases dated [March 6, 2025](#) and [April 1, 2025](#), unless such terms are otherwise defined herein.

Details of the Placement

The Placement consisted of the issuance of an aggregate of 54,578,350 New Securities, comprised of 39,671,662 New Shares at a price of C\$0.18 per New Share and 14,906,688 New CDIs (with each New CDI representing one New Share) at a price of A\$0.195 per New CDI, and 54,578,350 Warrants for aggregate gross proceeds of C\$9.8 million (approximately A\$10.8 million). Warrants issued in connection with the Placement are exercisable any time prior to November 28, 2026 (Vancouver), and have an exercise price of C\$0.225 per New Security. Included in the Placement were:

- a) 14,650,278 New CDIs and 14,650,278 Warrants subscribed for under the Placement led by the Joint Lead Managers (as defined below);
- b) 39,463,331 New Shares and 39,463,331 Warrants subscribed for directly with the Company, which included (i) 21,400,000 New Shares and 21,400,000 Warrants subscribed for by the European Bank for Reconstruction and Development (“**EBRD**”) (the “**EBRD Subscription**”); (ii) 16,666,666 New Shares and 16,666,666 Warrants subscribed for by Mr. Eric Sprott, through 2176423 Ontario Ltd., a corporation which is beneficially owned by Mr. Sprott; and (iii) 1,396,665 New Shares and 1,396,666 Warrants subscribed for by other, non-related investors; and
- c) subscriptions by directors of the Company for 464,741 New Securities (comprised of 208,331 New Shares and 256,410 New CDIs) and 464,741 Warrants (the “**Related Party Subscription**”).

As the number of New Securities and Warrants issued under the Placement led by the Joint Lead Managers, pursuant to the EBRD Subscription, and subscribed for directly with the Company exceeded the number of securities permitted to be issued without obtaining prior shareholder approval under Listing Rule 7.1 of the Australian Securities Exchange (“**ASX**”), the Company was required to seek shareholder approval. Similarly, the Related Party Subscriptions were subject to shareholder approval as required by ASX Listing Rule 10.11.1 and 10.11.4. Resolutions approving these issues were sought and received at the AGSM.

Since certain directors and management of the Company participated in the Placement, the Placement is considered to be a related party transaction subject to Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions (“**MI 61-101**”). The Company is relying on exemptions from the formal valuation and minority shareholder approval requirements provided under sections 5.5(a) and 5.7(1)(a) of MI 61-101 on the basis that participation in the Placement by such directors and management does not exceed 25% of the fair market value of the Company’s market capitalization, as calculated in accordance with MI 61-101.

Details of the Share Purchase Plan

The SPP was conducted pursuant to a Prospectus dated April 23, 2025 and was comprised of 7,692,307 New CDIs at a price of A\$0.195 per CDI, and 7,692,307 Warrants, for aggregate gross proceeds of A\$1.5 million (approximately C\$1.4 million). Warrants issued in connection with the SPP are exercisable any time prior to November 28, 2026 (Vancouver), with an exercise price of C\$0.225 per New Security.

As announced in the Company's news release of May 15, 2025, the SPP was oversubscribed and subscriptions were scaled back to the maximum aggregate amount permitted.

As the number of New CDIs and Warrants issued under the SPP exceeded the Company's Placement Capacity under ASX Listing Rule 7.1, the Company was required to seek shareholder approval, such approval having been received at the AGSM.

Broker Fees and Additional Warrants

Canaccord Genuity (Australia) Limited ("**Canaccord Genuity**") and Foster Stockbroking Pty Ltd ("**FSB**", together with Canaccord Genuity, the "**Joint Lead Managers**") acted as Joint Lead Managers and Bookrunners for the Financing. Aggregate fees payable in cash by the Company to Canaccord Genuity and FSB in connection with the Financing consisted of A\$498,918 (approximately C\$454,016).

In addition, the Company also issued 4,904,478 broker warrants (the "**Broker Warrants**") to Canaccord Genuity and FSB, representing 12% of the aggregate number of New Securities issued under the Placement and the SPP, excluding those issued pursuant to the EBRD Subscription. The Broker Warrants are exercisable any time prior to May 28, 2027 (Vancouver), with an exercise price of C\$0.225 per New Security.

Additionally, as announced previously on March 6, 2025 and April 1, 2025, and in connection with an amendment to the Company's Convertible Loan Royalty Agreement (the "**CLRA**") with OMRF (BK) LLC ("**Orion**") the Company has issued 22,263,733 warrants to purchase New Securities (the "**Additional Warrants**") to Orion, exercisable any time prior to November 28, 2026 (Vancouver), with an exercise price of C\$0.225 per New Security. Additional details about the CLRA are available in the news releases of the Company dated December 3, 2024, November 29, 2023 and November 27, 2023.

As the number of the Broker Warrants and Additional Warrants exceeded the Company's Placement Capacity under ASX Listing Rule 7.1, the Company was required to seek shareholder approval, such approvals having been received at the AGSM.
