- **Opportunity to increase depth of product suite, plus additional pari-mutuel services throughout the state of Nevada**
- **LVDC holds existing contracts with Las Vegas' leading casinos including MGM Resorts, Caesars Entertainment, Station Casinos, South Point Hotel and Casino and other major operators**

BetMakers Technology Group Ltd (ASX:BET) (BetMakers or the Company) is pleased to announce that it has entered into a binding heads of agreement with the Las Vegas Dissemination Company (LVDC) in relation to the potential acquisition (Proposed Acquisition) of the 100% of the assets required to operate the business.

LVDC is the only approved provider of pari-mutuel wagering services in Nevada for racing. It holds three key Nevada gaming licenses: disseminator, live broadcast disseminator, and pari-mutuel systems operator.

LVDC is the central hub for pari-mutuel wagering in Nevada, servicing sportsbooks, racebooks, bars, taverns, and online platforms.

Strategic Rationale

The Proposed Acquisition marks a major strategic milestone in BetMakers' North American expansion and provides a launchpad for next-generation racing and wagering experiences in one of the world's most iconic gaming destinations.

The Proposed Acquisition is targeted at strengthening the Company's direct relationships with major casino and retail wagering operators across Nevada and strategically positions BetMakers to use its industry-leading technology and strong global racing network to help modernise and improve the horse racing wagering experience in Las Vegas both in-venue and via digital applications.

Key strategic benefits:

- **Dominant market position:** Establishes a foothold in this major global gaming, cementing BetMakers' presence alongside Nevada's premier casino operators.
- **Product and platform synergy:** Integrates BetMakers' advanced global wagering technology to elevate the end-user experience across retail and digital channels.

¹ Based on LVDC's historical financial performance and assuming existing contracts are novated to BetMakers and consistent revenue is derived from these contracts. The actual revenue may vary depending on customer activity and integration outcomes.

² See footnote 1. Also assuming successful integration and realisation of anticipated cost synergies.

- **Content expansion:** Enables a broader racing content offering for casino partners, opening potential new revenue channels.
- **Return profile:** LVDC's business is expected to be cashflow positive within 12 months supported by cost efficiencies and technology-driven growth opportunities.³

The Proposed Acquisition underscores BetMakers' commitment to expanding its North American operations, delivering innovative wagering solutions and partnering with global leaders in the gaming and wagering industry.

BetMakers' CEO, Jake Henson, said,

"We are excited to announce the potential acquisition of LVDC. A strategic step that strengthens our position within the North American market and expands connectivity with world-class global wagering operators through the BetMakers network.

This acquisition would not only give us access to the dynamic Nevada gaming market but also creates a strong platform to showcase innovation in horse racing technology and retail wagering experiences. We are pleased to welcome the LVDC team into the broader BetMakers and Global Tote group as we move into the next phase of growth and execution."

The Proposed Acquisition is subject to customary conditions precedent, including regulatory approvals, execution of long form documents and completion of satisfactory due diligence.
