Infratil Infrastructure Bond Exchange Offer Opens

Infratil Limited (**Infratil**) announced today that following the completion of the Firm Offer of 7 year unsecured, unsubordinated, fixed rate infrastructure bonds that mature on 16 June 2032 (**New Bonds**) the Exchange Offer is now open.

Under the Exchange Offer, all New Zealand resident holders of the IFT250 bonds that mature on 15 June 2025 (**2025 Bonds**) have the opportunity to exchange some or all of their 2025 Bonds for New Bonds. All eligible holders of the 2025 Bonds who submit valid applications will have their applications satisfied in full up to a maximum of the number of 2025 Bonds they hold. There is no ability to apply for additional New Bonds under the Exchange Offer.

The key terms of the Exchange Offer, and how to apply, are contained in the updated Terms Sheet **attached**. The Interest Rate has been set at 6.16% per annum. This is equal to the sum of the Issue Margin of 2.30% per annum and the Base Rate on the Rate Set Date of 3.86% per annum.

The offer is being made as an offer of debt securities of the same class as existing quoted debt securities pursuant to the Financial Markets Conduct Act 2013. The notice required by the Financial Markets Conduct Regulations 2014 has been provided to NZX.

The New Bonds under the Exchange Offer will be issued on 16 June 2032. Although the issue date of the New Bonds will be 16 June 2025, interest on the New Bonds issued under the Exchange Offer will accrue at the Interest Rate from 13 June 2025 (when the redemption proceeds of the 2025 Bonds are due to be paid). Holders of the 2025 Bonds who elect to participate in the Exchange Offer will receive an interest payment on 16 June 2025 for the interest accrued in the period from (and including) 13 June 2025 to (but excluding) 16 June 2025.

The New Bonds will be quoted on the NZX Debt Market under the ticker code IFT370.

UPDATED TERMS SHEET

4 June 2025

This Updated Terms Sheet ("**Terms Sheet**") sets out the key terms of the offer ("**Offer**") by Infratil Limited ("**Infratil**") of fixed rate bonds maturing on 16 June 2032 ("**Infrastructure Bonds**"). The Offer is comprised of a Firm Offer of \$100 million of Infrastructure Bonds and an Exchange Offer of up to \$43,413,442 of Infrastructure Bonds under which all current holders of the IFT250 bonds maturing on 15 June 2025 will have the opportunity to exchange some or all of their maturing bonds for Infrastructure Bonds.

The Infrastructure Bonds will be issued under the programme trust deed dated 11 November 1999 (as amended or amended and restated from time to time) between Infratil and Trustees Executors Limited as supplemented by a series supplement dated 29 May 2025 (together, "**Trust Deed**"). Unless the context requires otherwise, capitalised terms used in this Terms Sheet have the same meaning given to them in the Trust Deed. This Terms Sheet is an "Issue Flyer" for the purposes of the Trust Deed.

Important Notice

The Offer by Infratil is made in reliance upon the exclusion in clause 19 of schedule 1 of the Financial Markets Conduct Act 2013 ("**FMCA**").

The Offer contained in this Terms Sheet is an offer of Infrastructure Bonds that have identical rights, privileges, limitations and conditions (except for the interest rate and maturity date) as:

Accordingly, the Infrastructure Bonds are the same class as the Quoted Bonds for the purposes of the FMCA and the Financial Markets Conduct Regulations 2014.

Infratil is subject to a disclosure obligation that requires it to notify certain material information to NZX Limited ("**NZX**") for the purpose of that information being made available to participants in the market and that information can be found by visiting www.nzx.com/companies/IFT.

The Quoted Bonds are the only debt securities of Infratil that are currently quoted and in the same class as the Infrastructure Bonds that are being offered.

Investors should look to the market price of the Quoted Bonds to find out how the market assesses the returns and risk premium for those bonds.

Infratil has the right in its absolute discretion and without notice to close the Exchange Offer early, to add additional Issue Dates, to extend the Exchange Offer Closing Date, or to choose not to proceed with the Offer.

KEY TERMS OF THE INFRASTRUCTURE BONDS

Issuer:	Infratil Limited.
Description:	Infrastructure Bonds are unsecured, unsubordinated debt securities of Infratil to be issued pursuant to the Trust Deed.
Firm Offer and Exchange Offer:	The Offer consists of two separate parts. Under the first part ("Firm Offer"), Infratil offered Infrastructure Bonds to New Zealand resident clients of the Joint Lead Managers, approved financial intermediaries and other primary market participants invited to participate in the bookbuild. The Firm Offer has now closed. Under the second part ("Exchange Offer"), Infratil is offering New Zealand resident holders of its IFT250 fixed rate bonds maturing on 15 June 2025 ("2025 Bonds") the opportunity to exchange all or some of their 2025 Bonds for Infrastructure Bonds offered under this Terms Sheet. You will receive one new Infrastructure Bond for each 2025 Bond exchanged under the Exchange Offer. Once you submit a completed application for the Exchange Offer you will no longer be able to sell or otherwise transfer your 2025 Bonds designated in that application. There is no public pool for Infrastructure Bonds under the Offer. See "How to Apply" on page 10 of this Terms Sheet.
Use of Proceeds:	Infratil will use the proceeds of the Offer for general corporate purposes, including to refinance the 2025 Bonds.
Terms Particular to the Firm Offer	
Firm Offer Issue Amount:	The Firm Offer issue amount has been set at \$100 million of Infrastructure Bonds.
Firm Offer Applications:	The Firm Offer has now closed. The Firm Offer was open to all New Zealand resident investors, but only if the investor received a firm allocation from a Joint Lead Manager, approved financial intermediary or other primary market participant invited to participate in the bookbuild.
Firm Offer Opening Date:	29 May 2025
Firm Offer Closing Date:	11.00am, 4 June 2025
Terms Particular to the Exchange Offer	
Exchange Offer Amount:	The Exchange Offer is for up to \$43,413,442 of Infrastructure Bonds (being the total face value of 2025 Bonds outstanding). No oversubscriptions will be accepted under the Exchange Offer.
Exchange Offer Applications:	The Exchange Offer is fully reserved for New Zealand resident holders of the 2025 Bonds. Infratil will issue one Infrastructure Bond for each 2025 Bond exchanged. If a New Zealand resident holder of the 2025 Bonds decides to participate in the Exchange Offer in respect of some or all of their 2025 Bonds, then the redemption proceeds of their 2025 Bonds that are being exchanged for Infrastructure Bonds will be banked into the trust account operated in respect to the Offer on 13 June 2025 (the business day immediately preceding 15 June 2025). The redemption proceeds will be applied towards the subscription price of the Infrastructure Bonds that are applied for on the Issue Date for the Infrastructure Bonds (16 June 2025). No additional subscription moneys are payable.
Exchange Offer Opening Date:	5 June 2025
Exchange Offer Closing Date:	5.00pm, 11 June 2025

Terms Common to the Firm Offer and the Exchange Offer

Rate Set Date:	4 June 2025
Issue Date:	16 June 2025
Expected Date of Initial Quotation on the NZX Debt Market:	17 June 2025
Maturity Date:	16 June 2032
Interest Rate:	6.16% per annum The Interest Rate has been set as the greater of: (a) the sum of the Issue Margin and the Base Rate determined on the Rate Set Date; and (b) the Minimum Interest Rate. The Issue Margin was set by Infratil in consultation with the Arranger (identified on page 12 below) at 2.30% per annum. The Base Rate on the Rate Set Date was 3.86% per annum. Accordingly, the sum of the Issue Margin and the Base Rate on the Rate Set Date (being 6.16% per annum) applies to the Infrastructure Bonds as the Interest Rate.
Minimum Interest Rate:	6.00% per annum
Issue Margin:	2.30% per annum
Base Rate:	The mid-market rate for a New Zealand dollar interest rate swap of a term matching the period from the Issue Date to the Maturity Date as determined by Infratil in consultation with the Arranger (identified on page 12 below) on the Rate Set Date in accordance with market convention with reference to Bloomberg page ICNZ4 (or any successor page), in each case expressed on a quarterly basis (and rounded to 2 decimal places, if necessary, with 0.005 being rounded up).
Interest Payment Dates:	16 March, 16 June, 16 September and 16 December of each year until and including the Maturity Date (commencing on 16 June 2025).

Interest Payments:

Other than for the first Interest Payment Date, Infratil will pay interest in arrear in equal amounts on each Interest Payment Date. Interest will be paid to the Holder of the Infrastructure Bond on the Record Date for each Interest Payment Date.

Interest payable on each Infrastructure Bond on the first Interest Payment Date will accrue at the Interest Rate from (and including) the date on which your subscription moneys have been banked into the trust account operated in respect of the Offer to (but excluding) the first Interest Payment Date. The first Interest Payment Date is 16 June 2025, which is the same date as the Issue Date.

- For Infrastructure Bonds allotted under the Firm Offer, because the first Interest Payment Date is also the Issue Date, no interest will have accrued on the first Interest Payment Date and no interest will be payable on that date.
- For Infrastructure Bonds allotted under the Exchange Offer, the redemption proceeds of the 2025 Bonds will be banked into the trust account operated in respect of the Offer on 13 June 2025 (the business day immediately preceding 15 June 2025) and interest on those Infrastructure Bonds will accrue at the Interest Rate from that date and will be payable on the first Interest Payment Date (16 June 2025). The interest payment will be paid to the original subscriber for the relevant Infrastructure Bonds.

In addition, if the Infrastructure Bonds are redeemed on a day that is not an Interest Payment Date (see "Right to Redeem Early" and "Early Redemption Events" on page 7 below), the amount of interest that will be payable to you will be adjusted to reflect the number of days in the interest period in which the interest accrued.

**Interest Suspension and
Dividend Stopper:**

Infratil may suspend the payment of interest where an Interest Suspension Event exists. If the payment of interest is suspended:

- (a) interest will continue to accrue (without compounding) and will be paid by Infratil when the Interest Suspension Event ceases to exist; and
- (b) Infratil will not pay or make any distribution to shareholders or provide any financial assistance for the acquisition of shares in Infratil.

Interest Suspension Events:

In summary, an Interest Suspension Event may occur if:

- (a) the interest payment would be likely to breach the solvency test in section 4 of the Companies Act 1993;
- (b) the interest payment would be likely to result in a breach of the terms or conditions of other financial indebtedness incurred by Infratil or certain of its subsidiaries; or
- (c) the interest payment would be likely to result in a breach of any other legal obligation by Infratil or certain of its subsidiaries.

Right to Redeem Early:

Infratil has the right to redeem all or some of the Infrastructure Bonds prior to the Maturity Date by giving you no less than 5 Business Days' notice. Infratil may not exercise this right if:

- (a) the Supervisor has declared the Infrastructure Bonds due and payable because an event of default as described in clause 8.1 of the Trust Deed exists; or
- (b) the notice of early redemption is given at a time on or after the day falling 25 Business Days before the Maturity Date.

You have no right of early redemption except following an Early Redemption Event.

Redemption Price:

Redemption on the Maturity Date or following an Early Redemption Event

Each Infrastructure Bond redeemed on the Maturity Date, or earlier following an Early Redemption Event, will be redeemed at an amount equal to its Face Value less all withholding tax or deductions required to be made.

Early Redemption

If an Infrastructure Bond is redeemed early due to Infratil exercising its right to redeem early, it will be redeemed at an amount equal to the greater of:

- (a) its Face Value plus accrued but unpaid interest; and
- (b) the current market price of the Infrastructure Bonds (determined in accordance with clause 6.1(l)(ii) of the Trust Deed),

in each case less all withholdings or deductions required to be made.

Early Redemption Events:

In summary, an Early Redemption Event may occur if:

- (a) an event of default as described in clause 8.1 of the Trust Deed occurs; or
- (b) certain takeover offers are made in respect of the shares in Infratil.

In general terms, the events of default include non-payment for 14 days or more and the occurrence of certain insolvency related events in relation to Infratil.

Liabilities to Assets Covenant:

Infratil has agreed for the benefit of Holders that, on the last day of each financial year and financial half-year of Infratil (and in certain other circumstances), Borrowed Money Indebtedness of the Issuer Group (being Infratil and certain of its 100% owned subsidiaries) will not exceed 50% of Tangible Assets of Infratil and its subsidiaries as at that date.

Ranking of Infrastructure Bonds:

The Infrastructure Bonds are unsecured and unsubordinated debt obligations of Infratil. This means that in a liquidation of Infratil your rights and claims as a Holder:

- (a) will rank **after** the claims of (i) secured creditors of Infratil (if any), and (ii) creditors of Infratil who are preferred by law (e.g. the Inland Revenue Department in respect of unpaid tax);
- (b) will rank **equally** with the claims of all other unsecured, unsubordinated creditors of Infratil; and
- (c) will rank in **priority** to the claims of (i) subordinated creditors of Infratil (if any) (being creditors who have agreed to accept a lower priority in respect of their claims in a liquidation of Infratil), and (ii) shareholders.

Infratil is a holding company with investments in various companies. **Holders have no claims against, or recourse to the assets of, any of those companies.** Infratil's ability to make timely payments on the Infrastructure Bonds is dependent on the returns it receives from its investments, its capital structure and the quality of its management.

In a liquidation of the Infratil group, creditors of Infratil's subsidiaries and associates (including lenders) would have to be paid out in full before the distribution of any residual assets to Infratil's liquidator (claiming as shareholder in the companies). Only these residual assets would be available to Infratil's liquidator and therefore Infratil's creditors (including Holders).

As an example of this, the diagram below illustrates the position of Holders relative to the banks which provide loan facilities to Infratil's Wholly-Owned Subsidiaries.

As illustrated in the diagram above, Infratil has a range of Wholly-Owned Subsidiaries, which hold Infratil's investments in its Portfolio Companies. The bank lenders who provide loan facilities to the Wholly-Owned Subsidiaries have direct claims on both Infratil and those Wholly-Owned Subsidiaries. Holders have a claim on Infratil, but have no claims against, or recourse to the assets of, the Wholly-Owned Subsidiaries or the Portfolio Companies. This means that in a liquidation of the Infratil group:

- all creditors of each Portfolio Company (including any lenders) would have to be paid in full before any residual assets could be distributed to the relevant Wholly-Owned Subsidiary;
- all creditors of each Wholly-Owned Subsidiary (including the bank lenders) would have to be paid in full before any residual assets could be distributed to Infratil; and
- therefore, only the residual assets of the Portfolio Companies and Wholly-Owned Subsidiaries, after the claims of all of their creditors have been satisfied in full, would be available to Infratil's liquidator and therefore Infratil's creditors (including Holders).

Infratil is also subject to other restrictions in its bank loan facilities that limit the value of cash and other assets it may hold (other than shares and other securities held in, or loans to, the Wholly-Owned Subsidiaries).

No Guarantee:	The Infrastructure Bonds are not guaranteed by any member of the Infratil group or any other person.
Issue Price:	\$1.00 per Infrastructure Bond (being the Face Value). Under the Exchange Offer, redemption proceeds of the 2025 Bonds will be banked into the trust account operated in respect of the Offer and will be treated as subscription money for Infrastructure Bonds allocated under the Exchange Offer. No additional subscription moneys are payable by a Holder.
Minimum Application Amount:	Infrastructure Bonds having a Face Value of \$5,000 and multiples having a Face Value of \$1,000 thereafter (unless a holder of 2025 Bonds is exchanging all of their 2025 Bonds).
Transfer Restrictions:	Holders are entitled to sell or transfer their Infrastructure Bonds at any time subject to the terms of the Trust Deed, the selling restrictions set out below and applicable securities laws and regulations. Infratil may decline to register a transfer of Infrastructure Bonds for the reasons set out in the Trust Deed. The minimum amount of Infrastructure Bonds a Holder can transfer is \$1.00. No transfers of Infrastructure Bonds or any part of a Holder's interest in an Infrastructure Bond will be registered if the transfer would result in the transferor holding or continuing to hold Infrastructure Bonds having a Face Value of less than \$5,000 (other than zero).
ISIN:	NZIFTD0370L3
Business Day:	A day on which NZX is open for trading. If any Interest Payment Date or the Maturity Date falls on a day that is not a Business Day, the due date for the payment to be made on that date will be on the immediately preceding Business Day, but the amount paid will not be adjusted.
Registrar and Paying Agent:	MUFG Pension & Market Services (NZ) Limited

By subscribing for Infrastructure Bonds, you agree to indemnify Infratil, the Joint Lead Managers and the Supervisor in respect of any loss incurred as a result of you breaching the above selling restrictions. The above selling restrictions apply in relation to both the Firm Offer and the Exchange Offer.
