Dear Sirs

Pure Hydrogen Corporation Limited (PH2): Query Letter

Pure Hydrogen Corporation Limited (Pure Hydrogen or Company) refers to the letter concerning the above matter dated the 26 June 2025 and responds to each of the ASX's request for information as follows:

Having regard to the above, ASX requests, Pure Hydrogen responds separately to each of the following questions:

1. Does PH2 consider the delivery of the Taurus Hydrogen Fuel Cell Prime Mover to Barwon Water, as set out in the Announcement, to be information that a reasonable person would expect to have a material effect on the price or value of its securities?

Yes, the Company considers the delivery and acceptance of HFC Prime Mover Truck likely to have a material effect on the Share Price.

2. If the answer to question 1 is "no", please advise the basis for that view, noting the Announcement was marked as market sensitive.

NA

3. When did PH2 first become aware of the information referred to in question 1 above?

The management of Pure Hydrogen was advised of the acceptance of the Taurus Prime Mover HFC truck on the afternoon of 19 June 2025, after 4pm and the close of trading on the ASX. Pure Hydrogen released its announcement the following day, 20 June 2025. The announcement referenced the delivery of the truck; however, the relevant contractual milestone under the agreement with the customer (Barwon Water) is formal acceptance. As such, delivery and acceptance are separate events.

On 16 June 2025, the Company provided a draft announcement to Barwon Water for review. Barwon Water requested that certain matters be addressed regarding the Taurus Prime Mover HFC truck and also provided comments on the draft announcement. The Company responded with a revised announcement, after which HDrive International management worked to finalise all remaining matters with Barwon Water. Formal acceptance was confirmed by Barwon Water on 19 June 2025 and immediately communicated to Pure Hydrogen management.

Pure Hydrogen was not aware—and was not advised until we received your letter—that Barwon Water published an article on its website on 17 June 2025.

4. If PH2 first became aware of the information referred to in question 1 before the date of the Announcement, did PH2 make any announcement prior to that date which disclosed the information? If not, please explain why the information was not released to the market at an earlier time, commenting specifically on when you believe PH2 was obliged to release the information under Listing Rules 3.1 and 3.1A, what steps PH2 took to ensure that the information was released promptly and without delay. Please provide details of the prior announcement (if applicable).

NA

5. Please confirm that PH2 is in compliance with the Listing Rules and, in particular, Listing Rule 3.1.

The Company believes it is in compliance with ASX Listing Rules and in particular Listing Rule 3.1.

6. Please confirm that PH2's responses to the questions above have been authorised and approved in accordance with its published continuous disclosure policy or otherwise by its board or an officer of PH2 with delegated authority from the board to respond to ASX on disclosure matters.

The Board of Pure Hydrogen has authorised and approved this response.

Yours sincerely,

Ron Hollands
Company Secretary
