

ASX RELEASE (9 July 2025)

## **Epsilon Healthcare announces appointment of Daniel Kaplon as Chief Financial Officer**

Epsilon Healthcare (**ASX: EPN**) (Epsilon or the Company), a leading company in Pharmaceutical Contract Development and Manufacturing, Telehealth & Pharmacy services, is pleased to announce the appointment of Mr Daniel Kaplon to the role of Chief Financial Officer, effective 8 July 2025.

Peter Giannopoulos, Group Chief Executive Officer & Managing Director of Epsilon Healthcare, commented, "We are delighted to welcome Daniel to Epsilon Healthcare. He brings a wealth of experience across healthcare, health technology and manufacturing sectors, with strong financial, operational, and commercial expertise. Daniel's proven track record in high-growth environments, combined with his entrepreneurial approach, makes him a valuable addition to our leadership team as we continue our relaunch. The addition of Daniel to Epsilon Healthcare will greatly assist with enhanced reporting, delivering operational efficiency, and laying the foundations for long-term sustainable growth."

Daniel Kaplon commented, "I am excited to be joining Epsilon Healthcare at this pivotal stage of its journey. I look forward to contributing to the team's vision of delivering innovative healthcare solutions and driving long-term shareholder value."

Daniel Kaplon will report directly to Mr. Giannopoulos.

### **About Daniel Kaplon**

Mr. Kaplon is a Chartered Accountant and seasoned executive with over 25 years' experience spanning finance, operations, and commercial leadership roles across ASX-listed and private companies in healthcare, health technology, and manufacturing.

Notably, he was recently CFO at an ASX listed small cap digital health company and has held senior leadership roles at Ramsay Health Care in its pharmacy division and served as CFO/COO at MediSecure, an electronic prescription exchange service. Daniel holds an undergraduate honours degree in Commerce, a business degree in Transport and Logistics Management, and a Master of Entrepreneurship and Innovation (MEI), during which he co-founded two medical device start-ups.
