EXPLANATORY NOTES

These Explanatory Notes provide additional information regarding the resolutions to be considered at the Extraordinary General Meeting (EGM) of Locate Technologies Limited (the **Company**). The Explanatory Notes form part of the Notice of Meeting.

RESOLUTION 1: APPROVAL OF CANCELLATION OF 19,000,000 EXISTING WARRANTS AND ISSUE OF 7,537,204 SHARES

The Company seeks Shareholder approval to issue 7,537,204 Shares to Pure Asset Management Pty Ltd (**Pure**) in consideration for the cancellation of the Existing Warrants as announced to ASX on 29 May 2025.

Background

In October 2022, the Company entered into a \$4 million loan facility with Pure to support the Company's growth and acquisition strategy. As part of that facility, the Company agreed to issue 19,000,000 Warrants (**Existing Warrants**) to Pure in two tranches:

- 9,500,000 Warrants at an exercise price of \$0.175 per Warrant on drawdown of the loan facility (**Tranche A Warrants**); and
- 9,500,000 Warrants at an exercise price of \$0.280 on receipt of shareholder approval, which was obtained at the 2022 AGM (**Tranche B Warrants**).

The Exercise Prices above were subject to anti-dilution adjustments. Under the terms of the warrant deed, if the Company issued Shares exceeding 15% of its share capital in any 12-month period (excluding certain exempt issues), the Exercise Prices were to be adjusted using a weighted average formula.

As set out below, during the period from 29 May 2024 to 28 May 2025, the Company announced the issuance of 32,185,713 Shares, equating to approximately 16.61% of the 193,785,927 Shares on issue as at 29 May 2024:

Issue Type	Shares Issued	Date Announced
March 2025 Placement Shares	7,142,856	11-Mar-25
Placement Shares	20,714,286	29-May-25
PKN Consulting Shares	828,571	29-May-25
Collateral Shares to Novus	3,500,000	29-May-25
Total	32,185,713	

Following these issuances, the Company estimated that the Exercise Price would have reduced to \$0.062, resulting in significant latent dilution risk. In anticipation of this reduction in the Exercise Price of the Existing Warrants, as part of planning for the placement announced on 29 May 2025 (**Placement**), the Company entered into negotiations with Pure to cancel the Existing Warrants in return for a Share issue based on the value of the Existing Warrants being cancelled.

Warrant Cancellation Deed

The outcome of these negotiations has been documented in a Warrant Cancellation Deed (**Deed**). Key terms of the Deed are:

- Pure has agreed to cancel all 19,000,000 Existing Warrants in return for consideration of \$527,604, which was based on a valuation of \$0.0278 per Existing Warrant;
- The consideration is proposed to be settled via the issue of 7,537,204 Shares at \$0.07 per Share (**Pure Shares**);
- The agreement is subject to a condition precedent (the **Condition**), being either:

- The grant of an ASX waiver from Listing Rule 6.23.2 (and other applicable rules); or
- Shareholder approval under the ASX Listing Rules (including Listing Rules 6.23.2 and 7.1) for the cancellation.
- Upon satisfaction of the Condition:
 - The Existing Warrants will be irrevocably cancelled.
 - Pure waives any rights to exercise the Existing Warrants.
 - Pure releases the Company from all claims in connection with the Existing Warrants.
 - The Company will issue the Pure Shares.
- During the period commencing on 28 May 2025 (the date of the Deed) and ending at the earlier of:
 - the time that Shareholder approval is obtained and the Pure Shares are issued; or
 - the termination of the Deed if the condition precedent is not satisfied within 3 months,
 the following restrictions apply:
 - The Existing Warrants must not be exercised or purported to be exercised by Pure without the prior written consent of the Company; and
 - The Existing Warrants must not be transferred, or purported to be transferred, nor may any mortgage, charge, lien or other encumbrance of any nature be created over them.

Existing Warrant Valuation

The value of \$0.0278 per Existing Warrants was determined by the Company using a Black-Scholes option pricing model, based on the following assumptions:

- a spot share price of \$0.07 being the Share price that capital was to be raised in the Placement announced on 29 May 2025;
- an assumed exercise price of \$0.062 per Existing Warrant (based on the estimated adjusted exercise price due to the anti-dilution adjustment referred to above);
- Existing Warrants being exercisable up to the Existing Warrants maturity date of 31 October 2026;
- expected price volatility of the Company's Shares of approximately 70%. The expected price volatility is based on the historic volatility the Company's Shares; and
- a risk-free interest rate of approximately 4.40%, consistent with the yield on a 10-year Commonwealth Government Bond in May 2025.

ASX Listing Rules

The proposed issue of Shares to Pure in consideration for the cancellation of 19,000,000 Existing Warrants raises ASX Listing Rule requirements, namely:

Under Listing Rule 6.23.2, a listed entity must not cancel options or warrants for consideration unless the cancellation is approved by shareholders. As the Company proposes to cancel 19,000,000 Existing Warrants previously issued to Pure in exchange for an agreed share-based consideration, Shareholder approval is required and being sought to give effect to the cancellation and ensure compliance with this provision.

Listing Rule 7.1 limits the amount of Equity Securities, subject to certain exceptions, that the Company can issue without the approval of its Shareholders over any 12-month period to 15% of the Shares it had on issue at the start of that period.

No exception to Listing Rule 7.1 would apply to the issue of the Pure Shares, accordingly the Company is seeking specific Shareholder approval under Listing Rule 7.1 to issue 7,537,204 Shares to Pure for the purposes of completing the warrant cancellation so that it does not use up any of its 15% Placement Capacity under Listing Rule 7.1. Approval of this resolution will allow the issue to proceed without further reducing the Company's 15% Placement Capacity under Listing Rule 7.1.

Technical information required by Listing Rule 14.1A

If Resolution 1 is approved by Shareholders, the Company will be able to issue the Pure Shares and it will:

- exclude the issue of the Pure Shares from the calculation of the number of Equity Securities that the Company can issue without Shareholder approval under Listing Rule 7.1;
- cancel 19,000,000 highly dilutive Existing Warrants from the capital structure;
- provide certainty and transparency in respect of the Company's capital structure to investors; and
- assist in reinforcing Pure's long-term alignment by transitioning it from a warrant-holder to a shareholder (post-issue holding ~3.3%).

If Resolution 1 is not approved by Shareholders, the Warrant Deed entered into between the Company and Pure will automatically terminate and be of no further force or effect. As a result:

- the Tranche A and Tranche B Warrants (together, 19,000,000 Existing Warrants) will remain on issue in accordance with their original terms;
- Pure will retain full rights to exercise or transfer the Existing Warrants, including rights to any anti-dilution adjustments triggered by prior share issues;
- the temporary restriction on transfer and exercise of the warrants under the Deed will fall away; and
- the Company will not benefit from the release of claims or waiver of rights provided for in the Deed.

Accordingly, if Resolution 1 is not passed the Existing Warrants will remain a potentially dilutive overhang on the Company's capital structure and may be exercised at any time in accordance with their terms, subject to the prevailing exercise price.

Specific information required by Listing Rule 7.3

Pursuant to and in accordance with Listing Rule 7.3, information is provided in relation to the approval of the issue of the Pure Shares as follows:

Summary of material terms of agreement to which securities are being issued	For a summary of the material terms of the agreement pursuant to which the Pure Shares are being issued, please see above under the heading "Warrant Cancellation Deed".

RESOLUTIONS 2 TO 5: RATIFICATION OF PRIOR ISSUES OF SHARES - BACKGROUND

Between 29 May 2025 and the finalisation of this Notice of Meeting, the Company issued Shares utilising its existing Placement Capacity under Listing Rules 7.1 and 7.1A. The issue details are:

Description	Shares Issued	Purpose	Rule Utilised
Placement to Sophisticated and Professional Investors	20,714,286	Strengthen Balance Sheet	7.1A / 7.1
Shares to PKN Consulting	828,571	Placement fee	7.1
Collateral Shares to Novus	3,500,000	ATM Facility	7.1
ATM Facility	6,092,249	Working Capital	7.1
Total	31,135,106		

Listing Rules 7.1, 7.1A and 7.4

Under Listing Rule 7.1, a listed company may issue Equity Securities up to 15% of its fully paid ordinary issued capital over any 12-month period without shareholder approval. In addition, under Listing Rule 7.1A, companies that meet certain criteria and have obtained shareholder approval at their Annual General Meeting may issue up to a further 10% of their issued capital to eligible investors (effectively increasing the Placement Capacity to 25%).

As a result of the issues listed above, the Company has utilised a significant portion of its available Placement Capacity under both Listing Rules 7.1 and 7.1A.

Listing Rule 7.4 allows shareholders to subsequently approve an issue of securities that was made without prior approval, provided it did not breach Listing Rules 7.1 or 7.1A at the time. If approved, the issue is treated as having been made with approval and will no longer count toward the Company's placement limits, thereby replenishing capacity for future issues.

RESOLUTION 2: RATIFICATION OF PRIOR ISSUE OF SHARES IN PLACEMENT ANNOUNCED ON 29 MAY 2025

On 29 May 2025, the Company announced an equity issuance of 20,714,286 Placement Shares at \$0.07 per share to Sophisticated and Professional Investors, of which:

- 20,119,383 Shares were issued under the Company's existing Listing Rule 7.1A Placement Capacity, and
- 594,903 Shares were issued under the Company's remaining Listing Rule 7.1 Placement Capacity.

Technical information required by Listing Rule 14.1A

If Resolution 2 is passed, the securities the subject of this Resolution will no longer count towards the Company's placement capacity under Listing Rules 7.1 and 7.1A. This will have the effect of replenishing the Company's available placement capacity, allowing it to issue additional securities without shareholder approval, to the extent permitted by the Listing Rules.

If Resolution 2 is not passed, the securities already issued will continue to reduce the Company's placement capacity, thereby limiting its flexibility to raise further equity capital without shareholder approval over the 12-month period following each respective issue.

Specific information required by Listing Rule 7.5

Pursuant to and in accordance with Listing Rule 7.5, information is provided in relation to the approval of the issue of the Placement Shares as follows:

Date(s) of Issue	2 June 2025.
Issue Price / Consideration Received	Each Placement Share was issued for \$0.07 per Share, raising \$1.45 million.
Purpose of the Issue	The purpose of the Placement was to enhance the financial resilience of the Company and support the Company's strategy of expanding its technology platforms.
Voting Exclusion Statement	A voting exclusion statement applies, see below.

Voting Exclusion Statement

The Company will disregard any votes cast in favour of Resolution 2 by or on behalf of any person who participated in the Placement, or any associates of those persons.

 - (ii) the holder votes on the Resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

Board Recommendation

The Board unanimously recommends that Shareholders vote **IN FAVOUR** of Resolution 2.

Chair's Voting Intention

The Chair intends to vote all available undirected proxies **IN FAVOUR** of Resolution 2.

RESOLUTION 3: RATIFICATION OF PRIOR ISSUE OF SHARES TO PKN CONSULTING PTY LTD

PKN Consulting Pty Ltd acted as corporate adviser to the Company for the Placement and assisted in identifying potential Placement participants. The Company has agreed to issue 828,571 Shares to PKN Consulting Pty Ltd (**PKN Consulting Shares**) in satisfaction of a 4% capital raising fee. These Shares have been issued under Listing Rule 7.1.

Technical information required by Listing Rule 14.1A

If Resolution 3 is passed, the securities the subject of this Resolution will no longer count towards the Company's placement capacity under Listing Rule 7.1.
