ASX RELEASE

11 August 2025

DGT SYD1 DATA CENTRE DESIGNATED A HCF CERTIFIED-STRATEGIC DATA CENTRE PROVIDER BY DEPARTMENT OF HOME AFFAIRS

DigiCo Infrastructure REIT (**ASX: DGT or DigiCo**) advises that its SYD1 data centre has been formally certified by the Department of Home Affairs as a “Certified Strategic” hosting provider of data centre services. “Certified Strategic” status is the highest level of assurance under the Australian Government Hosting Certification Framework (HCF). A copy of the notification from the Department of Home Affairs is **attached**.

DigiCo’s SYD1 data centre is the leading co-location data centre in Sydney located adjacent to Sydney’s central business district. In just over seven months, DigiCo has acquired and returned the SYD1 data centre to Australian ownership and upgraded the site to meet the highest Australian Government standards. This significant milestone underscores DigiCo’s commitment to national digital sovereignty and reinforces DigiCo’s role and the SYD1 site as a cornerstone of Australia’s critical digital infrastructure.

Further details will be provided at DigiCo’s annual results briefing scheduled for 18 August 2025.

This announcement is authorised for release by the Board of HMC Digital Infrastructure Ltd.

Executive Director – Digital Infrastructure
HMC Capital
Level 7, Gateway, 1 Macquarie Place
NSW 20000

Dear Mr Maher,

Thank you for your application for HMC Digital Infrastructure (ABN: 64 682 024 924) to become a HCF Certified-Strategic Data Centre Provider, in accordance with the Australian Government Hosting Certification Framework (HCF).

Your application has been assessed for its eligibility and suitability in accordance with the HCF's *Data Centre Service Provider Strategic Control Objectives*. Having reviewed this assessment, in my capacity as a Certifying Authority for HCF certifications, I can confirm that your application to the level of Strategic Certification has been granted. Strategic Certification represents the highest level of assurance to Australian Government customers and offers the most secure storage solutions for government held data.

I appreciate HMC Digital Infrastructure's constructive engagement with the Department through this process and acknowledge your commitment to meet the highest standards set through the HCF.

The Department consents to HMC Digital Infrastructure disclosing this information to Australian Government entities that may be considering the procurement of HMC Digital Infrastructure's HCF Certified service offerings or any other interested party.

If you require any further information, please do not hesitate to contact me or my team.

Yours sincerely

Timothy Neal
Assistant Secretary
Department of Home Affairs
