1 Basis of preparation of the Financial Report

(a) Corporate information

This financial report of Scentre Group Trust 1 (SGT1) and its controlled entities (collectively the Trust) for the half-year ended 30 June 2025 was approved in accordance with a resolution of the Board of Directors of Scentre Management Limited as Responsible Entity of SGT1.

The Trust is part of Scentre Group which is a stapled entity comprising Scentre Group Limited (SGL), SGT1, Scentre Group Trust 2 (SGT2), Scentre Group Trust 3 (SGT3) and their respective controlled entities. Scentre Group operates as a single coordinated economic entity, with a common Board of Directors and management team.

SGT1 is domiciled in Australia. The nature of the operations and principal activity of the Trust are described in the Directors' Report.

(b) Basis of preparation

This half-year financial report does not include all notes of the type normally included in the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Trust as the annual financial report.

This half-year financial report should be read in conjunction with the annual financial report of the Trust as at 31 December 2024.

It is also recommended that this half-year financial report be considered together with any public announcements made by Scentre Group during the half-year ended 30 June 2025 in accordance with the continuous disclosure obligations arising under the *Corporations Act 2001* (Corporations Act).

(c) Going concern

This half-year financial report has been prepared on a going concern basis. In making this assessment, the Directors have considered:

- The Trust forms part of Scentre Group and is party to Scentre Group's cross-guarantee arrangements in respect of Scentre Group's debt facilities and bonds; and
- Scentre Group's ability to meet its financial obligations over the next 12 months, using cash flow sensitivity analysis and having regard to maturity of interest bearing liabilities, funding requirements, operating cash earnings and available financing facilities. At 30 June 2025, \$2.3 billion (31 December 2024: \$3.2 billion) of external financing facilities and intragroup facilities within Scentre Group were available to the Trust which are sufficient to cover net short term liabilities.

(d) Basis of accounting

This half-year financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act and AASB 134 *Interim Financial Reporting*.

This half-year financial report has been prepared on a historical cost basis, except for investment properties, investment properties within equity accounted investments, derivative financial instruments and financial assets at fair value through profit and loss.

For the purpose of preparing this half-year financial report, the half-year has been treated as a discrete reporting period.

This half-year financial report has been prepared using the same accounting policies as used in the annual financial report for the year ended 31 December 2024 except for the changes required due to the adoption of accounting standards as disclosed in Note 1(e).

This half-year financial report is presented in Australian dollars.

For the half-year ended 30 June 2025

1 Basis of preparation of the Financial Report (continued)

(e) New accounting standards and interpretations

The amendments in AASB 2023-5 Amendments to Australian Accounting Standards – Lack of Exchangeability became applicable on 1 January 2025, but did not have an impact on the consolidated financial statements of the Trust. Certain Australian Accounting Standards and Interpretations have recently been issued or amended but are not yet

effective and have not been adopted by the Trust for the half-year ended 30 June 2025. The impacts of these new standards or amendments to the standards and interpretations (to the extent relevant to the Trust) are as follows:

 AASB 2024-2 Amendments to Australian Accounting Standards – Classification and Measurement of Financial Instruments (effective 1 January 2026)

This amends AASB 7 Financial Instruments: Disclosures and AASB 9 Financial Instruments to:

- (i) clarify the date of recognition and derecognition of some financial assets and liabilities;
- (ii) clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest criterion;
- (iii) add new disclosures for certain instruments with contractual terms that can change cash flows (such as some financial instruments with features linked to the achievement of environment, social and governance targets); and
- (iv) update the disclosures for equity instruments designated at fair value through other comprehensive income. The Trust is evaluating the impact of this standard on the financial statements on application.
- AASB 2024-3 Amendments to Australian Accounting Standards Annual Improvements Volume 11 (effective 1 January 2026)

This makes minor improvements to address inconsistencies or to clarify requirements in:

- (i) AASB 1 *First-time Adoption of International Financial Reporting* to improve consistency between AASB 1 and AASB 9 in relation to the requirements for hedge accounting, and improve the understandability of AASB 1;
- (ii) AASB 7 Financial Instruments: Disclosures to improve consistency in the language used in AASB 7 with the language used in AASB 13 Fair Value Measurement;
- (iii) AASB 9 *Financial Instruments* to clarify how a lessee accounts for the derecognition of a lease liability when it is extinguished and address an inconsistency between AASB 9 and AASB 15 *Revenue from Contracts with Customers* in relation to the term 'transaction price';
- (iv) AASB 10 Consolidated Financial Statements to clarify the requirements in relation to determining de facto agents of an entity; and
- (v) AASB 107 Statement of Cash Flows to replace the term 'cost method' with 'at cost' as the term is no longer defined in Australian Accounting Standards.

These amendments are not expected to have a material impact on the financial statements on application.

- AASB 18 Presentation and Disclosure in Financial Statements (effective from 1 January 2027)
 - This replaces AASB 101 *Presentation of Financial Statements* with a focus on updates to the income statement. The key presentation and disclosure requirements established under the new standard relate to:
 - (i) the structure of the income statement with defined subtotals;
 - (ii) requirement to determine the most useful structure summary for presenting expenses in the income statement;
 - (iii) the disclosure of management-defined performance measures in a single note within the financial statements;
 - (iv) enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.

The Trust is evaluating the impact of this standard on the financial statements on application.

 AASB 2014-10 Amendments to Australian Accounting Standards – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (effective from 1 January 2028)

This amends AASB 10 Consolidated Financial Statements and AASB 128 Investments in Associates and Joint Ventures to address an inconsistency between the requirements of AASB 10 and AASB 128 in dealing with the sale or contribution of assets between an investor and its associate or joint venture. This amendment is not expected to have a material impact on the financial statements on application.

For the half-year ended 30 June 2025

1 Basis of preparation of the Financial Report (continued)

(f) Comparative information

Where applicable, certain comparative figures are restated in order to comply with the current period's presentation of the financial statements.

(g) Rounding

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts shown in this half-year financial report have been rounded to the nearest tenth of a million dollars, unless otherwise indicated. Amounts shown as 0.0 represent amounts less than \$50,000 that have been rounded down.

2 Segment reporting

Geographic segments

The Trust has investments in a portfolio of shopping centres across Australia and New Zealand.

The Trust's segment income and expenses as well as the details of segment assets have been prepared on a proportionate format on a geographic basis. The proportionate format presents the net income from and net assets in equity accounted properties on a gross format whereby the underlying components of net income and net assets are disclosed separately as revenues and expenses, assets and liabilities.

The proportionate format is used by management in assessing and understanding the performance and results of operations of the Trust as it allows management to observe and analyse revenue and expense results and trends on a portfolio-wide basis. The assets underlying both the consolidated and the equity accounted components of the statutory statement of comprehensive income are similar (that is, Australian and New Zealand shopping centres), all centres are under common management and therefore the drivers of their results are similar. Accordingly, management considers that the proportionate format provides a more useful way to understand the performance of the portfolio as a whole than the statutory format.

Trade debtors and receivables	40.5	39.3
Expected credit loss allowance	(18.1)	(20.3)
Total trade debtors and receivables	22.4	19.0

Expected credit loss allowance

In determining the expected credit loss allowance, management has considered security deposits received from tenants generally in the form of bank guarantees, which can be called upon if the tenant is in default under the terms of the lease contract. Trade debtors also include GST which is fully recoverable from the relevant tax authorities where the debt is not collected and therefore the GST amount is excluded from the loss allowance.

At 30 June 2025, approximately 62% of trade debtors were aged greater than 90 days and the expected credit loss allowance was 79% of gross trade debtors. An increase or decrease of 5% in the expected credit loss rate would result in an increase or decrease in expected credit loss allowance of \$0.9 million respectively. At 31 December 2024, approximately 71% of trade debtors were aged greater than 90 days and the expected credit loss allowance was 91% of gross trade debtors. An increase or decrease of 5% in the expected credit loss rate would result in an increase or decrease in expected credit loss allowance of nil or \$0.9 million respectively.

⁽¹⁾ On 31 July 2025, the Trust sold half of its 50% interest in Westfield Chermside to Dexus Wholesale Shopping Centre Fund (refer to Note 12). This has been classified as investment properties held for sale on the balance sheet at 30 June 2025.

Investment properties are carried at the Directors' assessment of fair value. Investment properties include both shopping centre investments and development projects and construction in progress.

The Directors' assessment of fair value of each shopping centre takes into account the latest independent valuations generally prepared annually, with updates taking into account any changes in capitalisation rate, underlying income and valuations of comparable centres. In determining the fair value, the capitalisation of net income method and the discounting of future cash flows to their present value have been used, which are based upon assumptions and judgements in relation to future rental income, capitalisation rate and make reference to market evidence of transaction prices for similar properties. The key assumptions and estimates used in determining fair value are disclosed in Note 5.

⁽ii) The fair value of investment properties at the end of the period includes ground lease assets of \$8.9 million (31 December 2024: \$8.7 million).

For the half-year ended 30 June 2025

4 Investment properties (continued)

The Directors' assessment of fair value of each development project and construction in progress that meets the definition of an investment property, takes into account the expected costs to complete, the stage of completion, expected underlying income and yield of the developments. From time to time, during a development, the Directors may commission an independent valuation of the development project. On completion, the development projects are reclassified to shopping centre investments and an independent valuation is obtained.

Independent valuations are conducted in accordance with guidelines and valuation principles as set by the International Valuation Standards Council.

Valuation inputs

The Income Capitalisation approach and the Discounted Cash Flow approach are used to arrive at a range of valuation outcomes, from which a best estimate of fair value is derived at a point in time.

The key assumptions and estimates used in these valuation approaches include:

- forecast future income, based on the location, type and quality of the property, which are supported by the terms of any existing leases, other contracts or external evidence such as current market rents for similar properties;
- lease assumptions based on current and expected future market conditions after expiry of any current lease; and
- the capitalisation rate and discount rate derived from recent comparable market transactions.

The table below summarises some of the key inputs used in determining investment property valuations:

	30 Jun 25	31 Dec 24
Australian portfolio		
Retail capitalisation rate	4.63%-7.25%	4.63%-7.25%
Weighted average capitalisation rate (1)	5.39%	5.38%
Retail discount rate	6.75%-8.00%	6.50%-8.00%
New Zealand portfolio		
Retail capitalisation rate	6.25%-7.75%	6.38%-7.75%
Weighted average capitalisation rate (i)	7.02%	7.06%
Retail discount rate	8.00%-8.75%	8.00%-8.75%

⁽i) Weighted average capitalisation rate including non-retail assets.

Changes to key inputs would result in changes to the fair value of investment properties. An increase in capitalisation rate and/or discount rate would result in lower fair value, while a decrease in capitalisation rate and/or discount rate will result in higher fair value (with all other factors held constant). The weighted average capitalisation rate and discount rates adopted at 30 June 2025 have broadly remained unchanged to 31 December 2024. The capitalisation rate sensitivity analysis is detailed below.

The sensitivity of shopping centre valuations to changes in capitalisation rates is as follows:

Determination of fair value

The Responsible Entity uses the following hierarchy for determining and disclosing the fair value of a financial instrument. The valuation techniques comprise:

Level 1: the fair value is calculated using quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: the fair value is estimated using inputs other than quoted prices that are observable, either directly (as prices) or indirectly (derived from prices).

Level 3: the fair value is estimated using inputs that are not based on observable market data.

In assessing the fair value of the Trust's financial instruments, consideration is given to available market data and if the market for a financial instrument changes then the valuation technique applied will change accordingly.

During the half-year ended 30 June 2025, there were no transfers between Level 1, Level 2 and Level 3 fair value measurements.

Investment properties are considered Level 3, refer to Note 4 Investment properties and Note 5 Details of shopping centre investments for relevant fair value disclosures.

12 Events after the reporting period

On 31 July 2025, the Trust sold half of its 50% interest in Westfield Chermside to Dexus Wholesale Shopping Centre Fund for \$683 million. Following the sale, the Trust held a 25% interest in Westfield Chermside.

⁽ii) These financial assets and liabilities are subject to interest rate and market risks, the basis of determining the fair value is set out in the fair value hierarchy below.

Independent Auditor's Review Report to the Members of Scentre Group Trust 1

Conclusion

We have reviewed the accompanying half-year financial report of Scentre Group Trust 1 and its controlled entities (the Trust), which comprises the balance sheet as at 30 June 2025, statement of comprehensive income, statement of changes in equity and cash flow statement for the half-year ended on that date, explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Trust does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Trust as at 30 June 2025 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity (ASRE 2410). Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Half-year Financial Report section of our report. We are independent of the Trust in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' Responsibilities for the Half-year Financial Report

The directors of Scentre Management Limited, the Responsible Entity of the Trust, are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Trust's financial position as at 30 June 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

1 Basis of preparation of the Financial Report

(a) Corporate information

This financial report of Scentre Group Trust 2 (SGT2) and its controlled entities (collectively the Trust) for the half-year ended 30 June 2025 was approved in accordance with a resolution of the Board of Directors of RE1 Limited as Responsible Entity of SGT2.

The Trust is part of Scentre Group which is a stapled entity comprising Scentre Group Limited (SGL), Scentre Group Trust 1 (SGT1), SGT2, Scentre Group Trust 3 (SGT3) and their respective controlled entities. Scentre Group operates as a single coordinated economic entity, with a common Board of Directors and management team.

SGT2 is domiciled in Australia. The nature of the operations and principal activity of the Trust are described in the Directors' Report.

(b) Basis of preparation

This half-year financial report does not include all notes of the type normally included in the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Trust as the annual financial report.

This half-year financial report should be read in conjunction with the annual financial report of the Trust as at 31 December 2024.

It is also recommended that this half-year financial report be considered together with any public announcements made by Scentre Group during the half-year ended 30 June 2025 in accordance with the continuous disclosure obligations arising under the *Corporations Act 2001* (Corporations Act).

(c) Going concern

This half-year financial report has been prepared on a going concern basis. In making this assessment, the Directors have considered:

- The Trust forms part of Scentre Group and is party to Scentre Group's cross guarantee arrangements in respect of Scentre Group's debt facilities and bonds; and
- Scentre Group's ability to meet its financial obligations over the next 12 months, using cash flow sensitivity analysis and having regard to maturity of interest bearing liabilities, funding requirements, operating cash earnings and available financing facilities. At 30 June 2025, after allowing for the repayment of commercial paper and drawings under uncommitted facilities of \$772.6 million (31 December 2024: \$660.5 million), \$2.3 billion (31 December 2024: \$3.1 billion) of external financing facilities and intragroup facilities within Scentre Group were available to the Trust which are sufficient to cover the remaining net short term liabilities.

(d) Basis of accounting

This half-year financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act and AASB 134 *Interim Financial Reporting*.

This half-year financial report has been prepared on a historical cost basis, except for investment properties, investment properties within equity accounted investments, derivative financial instruments and financial assets at fair value through profit and loss.

For the purpose of preparing this half-year financial report, the half-year has been treated as a discrete reporting period.

This half-year financial report has been prepared using the same accounting policies as used in the annual financial report for the year ended 31 December 2024 except for the changes required due to the adoption of accounting standards as disclosed in Note 1(e).

This half-year financial report is presented in Australian dollars.

For the half-year ended 30 June 2025

1 Basis of preparation of the Financial Report (continued)

(e) New accounting standards and interpretations

The amendments in AASB 2023-5 *Amendments to Australian Accounting Standards – Lack of Exchangeability* became applicable on 1 January 2025, but did not have an impact on the consolidated financial statements of the Trust.

Certain Australian Accounting Standards and Interpretations have recently been issued or amended but are not yet effective and have not been adopted by the Trust for the half-year ended 30 June 2025. The impacts of these new standards or amendments to the standards and interpretations (to the extent relevant to the Trust) are as follows:

- AASB 2024-2 Amendments to Australian Accounting Standards Classification and Measurement of Financial Instruments (effective 1 January 2026)
 - This amends AASB 7 Financial Instruments: Disclosures and AASB 9 Financial Instruments to:
 - (i) clarify the date of recognition and derecognition of some financial assets and liabilities;
 - (ii) clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest criterion;
 - (iii) add new disclosures for certain instruments with contractual terms that can change cash flows (such as some financial instruments with features linked to the achievement of environment, social and governance targets); and
 - (iv) update the disclosures for equity instruments designated at fair value through other comprehensive income. The Trust is evaluating the impact of this standard on the financial statements on application.
- AASB 2024-3 Amendments to Australian Accounting Standards Annual Improvements Volume 11 (effective 1 January 2026)
 - This makes minor improvements to address inconsistencies or to clarify requirements in:
 - (i) AASB 1 First-time Adoption of International Financial Reporting to improve consistency between AASB 1 and AASB 9 in relation to the requirements for hedge accounting, and improve the understandability of AASB 1;
 - (ii) AASB 7 Financial Instruments: Disclosures to improve consistency in the language used in AASB 7 with the language used in AASB 13 Fair Value Measurement;
 - (iii) AASB 9 Financial Instruments to clarify how a lessee accounts for the derecognition of a lease liability when it is extinguished and address an inconsistency between AASB 9 and AASB 15 Revenue from Contracts with Customers in relation to the term 'transaction price';
 - (iv) AASB 10 Consolidated Financial Statements to clarify the requirements in relation to determining de facto agents of an entity; and
 - (v) AASB 107 Statement of Cash Flows to replace the term 'cost method' with 'at cost' as the term is no longer defined in Australian Accounting Standards.

These amendments are not expected to have a significant impact on the financial statements on application.

- AASB 18 Presentation and Disclosure in Financial Statements (effective from 1 January 2027)
 This replaces AASB 101 Presentation of Financial Statements with a focus on updates to the income statement. The key presentation and disclosure requirements established under the new standard relate to:
 - (i) the structure of the income statement with defined subtotals;
 - (ii) requirement to determine the most useful structure summary for presenting expenses in the income statement;
 - (iii) the disclosure of management-defined performance measures in a single note within the financial statements; and
 - (iv) enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.

The Trust is evaluating the impact of this standard on the financial statements on application.

AASB 2014-10 Amendments to Australian Accounting Standards – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (effective from 1 January 2028)
 This amends AASB 10 Consolidated Financial Statements and AASB 128 Investments in Associates and Joint Ventures to address an inconsistency between the requirements of AASB 10 and AASB 128 in dealing with the sale or contribution of assets between an investor and its associate or joint venture. This amendment is not expected to have a material impact on the financial statements on application.

For the half-year ended 30 June 2025

1 Basis of preparation of the Financial Report (continued)

(f) Comparative information

Where applicable, certain comparative figures are restated in order to comply with the current period's presentation of the financial statements.

(g) Rounding

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts shown in this half-year financial report have been rounded to the nearest tenth of a million dollars, unless otherwise indicated. Amounts shown as 0.0 represent amounts less than \$50,000 that have been rounded down.

2 Segment reporting

Geographic segments

The Trust has investments in a portfolio of shopping centres across Australia and New Zealand.

The Trust's segment income and expenses as well as the details of segment assets have been prepared on a proportionate format on a geographic basis. The proportionate format presents the net income from and net assets in equity accounted properties on a gross format whereby the underlying components of net income and net assets are disclosed separately as revenues and expenses, assets and liabilities.

The proportionate format is used by management in assessing and understanding the performance and results of operations of the Trust as it allows management to observe and analyse revenue and expense results and trends on a portfolio-wide basis. The assets underlying both the consolidated and the equity accounted components of the statutory statement of comprehensive income are similar (that is, Australian and New Zealand shopping centres), all centres are under common management and therefore the drivers of their results are similar. Accordingly, management considers that the proportionate format provides a more useful way to understand the performance of the portfolio as a whole than the statutory format.

Expected credit loss allowance

In determining the expected credit loss allowance, management has considered security deposits received from tenants generally in the form of bank guarantees, which can be called upon if the tenant is in default under the terms of the lease contract. Trade debtors also include GST which is fully recoverable from the relevant tax authorities where the debt is not collected and therefore the GST amount is excluded from the loss allowance.

At 30 June 2025, approximately 62% of trade debtors were aged greater than 90 days and the expected credit loss allowance was 80% of gross trade debtors. An increase or decrease of 5% in the expected credit loss rate would result in an increase or decrease in expected credit loss allowance of \$1.0 million respectively. At 31 December 2024, approximately 71% of trade debtors were aged greater than 90 days and the expected credit loss allowance was 85% of gross trade debtors. An increase or decrease of 5% in the expected credit loss rate would result in an increase or decrease in expected credit loss allowance of \$1.1 million respectively.

Investment properties are carried at the Directors' assessment of fair value. Investment properties include both shopping centre investments and development projects and construction in progress.

The Directors' assessment of fair value of each shopping centre takes into account the latest independent valuations generally prepared annually, with updates taking into account any changes in capitalisation rate, underlying income and valuations of comparable centres. In determining the fair value, the capitalisation of net income method and the discounting of future cash flows to their present value have been used, which are based upon assumptions and judgements in relation to future rental income, capitalisation rate and make reference to market evidence of transaction prices for similar properties. The key assumptions and estimates used in determining fair value are disclosed in Note 5.

For the half-year ended 30 June 2025

4 Investment properties (continued)

The Directors' assessment of fair value of each development project and construction in progress that meets the definition of an investment property, takes into account the expected costs to complete, the stage of completion, expected underlying income and yield of the developments. From time to time, during a development, the Directors may commission an independent valuation of the development project. On completion, the development projects are reclassified to shopping centre investments and an independent valuation is obtained.

Independent valuations are conducted in accordance with guidelines and valuation principles as set by the International Valuation Standards Council.

Valuation inputs

The Income Capitalisation approach and the Discounted Cash Flow approach are used to arrive at a range of valuation outcomes, from which a best estimate of fair value is derived at a point in time.

The key assumptions and estimates used in these valuation approaches include:

- forecast future income, based on the location, type and quality of the property, which are supported by the terms of any existing leases, other contracts or external evidence such as current market rents for similar properties;
- lease assumptions based on current and expected future market conditions after expiry of any current lease; and
- the capitalisation rate and discount rate derived from recent comparable market transactions.

The table below summarises some of the key inputs used in determining investment property valuations:

	30 Jun 25	31 Dec 24
Australian portfolio		
Retail capitalisation rate	4.63% - 7.25%	4.63%-7.25%
Weighted average capitalisation rate ⁽¹⁾	5.35%	5.35%

Weighted average capitalisation rate ⁽¹⁾	7.02%	7.06%
Retail discount rate	8.00% - 8.75%	8.00%-8.75%

⁽i) The weighted average capitalisation rate including non-retail assets.

Changes to key inputs would result in changes to the fair value of investment properties. An increase in capitalisation rate and/or discount rate would result in lower fair value, while a decrease in capitalisation rate and/or discount rate would result in higher fair value (with all other factors held constant). The weighted average capitalisation rate and discount rates adopted at 30 June 2025 have broadly remained unchanged to 31 December 2024. The capitalisation rate sensitivity analysis is detailed below.

The sensitivity of shopping centre valuations to changes in capitalisation rates is as follows:

Determination of fair value

The Responsible Entity uses the following hierarchy for determining and disclosing the fair value of a financial instrument. The valuation techniques comprise:

Level 1: the fair value is calculated using quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: the fair value is estimated using inputs other than quoted prices that are observable, either directly (as prices) or indirectly (derived from prices).

Level 3: the fair value is estimated using inputs that are not based on observable market data.

In assessing the fair value of the Trust's financial instruments, consideration is given to available market data and if the market for a financial instrument changes then the valuation technique applied will change accordingly.

During the half-year ended 30 June 2025, there were no transfers between Level 1, Level 2 and Level 3 fair value measurements.

Investment properties are considered Level 3, refer to Note 4 Investment properties and Note 5 Details of shopping centre investments for relevant fair value disclosures.

⁽ii) These financial assets and liabilities are subject to interest rate and market risks, the basis of determining the fair value is set out in the fair value hierarchy below.

Independent Auditor's Review Report to the Members of Scentre Group Trust 2

Conclusion

We have reviewed the accompanying half-year financial report of Scentre Group Trust 2 and its controlled entities (the Trust), which comprises the balance sheet as at 30 June 2025, statement of comprehensive income, statement of changes in equity and cash flow statement for the half-year ended on that date, explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Trust does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Trust as at 30 June 2025 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' Responsibilities for the Half-year Financial Report

The directors of RE1 Limited, the Responsible Entity of the Trust, are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Trust's financial position as at 30 June 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

1 Corporate information

This financial report of Scentre Group Trust 3 (SGT3) and its controlled entities (collectively the Trust), for the half-year ended 30 June 2025, was approved in accordance with a resolution of the Board of Directors of RE2 Limited as Responsible Entity of SGT3.

The Trust is part of Scentre Group which is a stapled entity comprising Scentre Group Limited (SGL), Scentre Group Trust 1 (SGT1), Scentre Group Trust 2 (SGT2), SGT3 and their respective controlled entities. Scentre Group operates as a single coordinated economic entity, with a common Board of Directors and management team.

SGT3 is domiciled in Australia. The nature of the operations and principal activity of the Trust are described in the Directors' Report.

2 Basis of preparation of Financial Report

This half-year financial report does not include all notes of the type normally included in the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Trust as the annual financial report.

This half-year financial report should be read in conjunction with the annual financial report of the Trust as at 31 December 2024.

It is also recommended that this half-year financial report be considered together with any public announcements made by Scentre Group during the half-year ended 30 June 2025 in accordance with the continuous disclosure obligations arising under the *Corporations Act 2001* (Corporations Act).

(a) Going concern

This half-year financial report has been prepared on a going concern basis. In making this assessment, the Directors have considered Scentre Group's ability to meet its financial obligations over the next 12 months, using cash flow sensitivity analysis and having regard to maturity of interest bearing liabilities, funding requirements, operating cash earnings and available financing facilities.

(b) Basis of accounting

This half-year financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act and AASB 134 *Interim Financial Reporting*.

This half-year financial report has been prepared on a historical cost basis.

For the purpose of preparing this half-year financial report, the half-year has been treated as a discrete reporting period.

This half-year financial report has been prepared using the same accounting policies as used in the annual financial report for the year ended 31 December 2024 except for the changes required due to amendments to the accounting standards as disclosed in Note 2(c).

This half-year financial report is presented in Australian dollars.

For the half-year ended 30 June 2025

2 Basis of preparation (continued)

(c) New accounting standards and interpretations

The amendments in AASB 2023-5 *Amendments to Australian Accounting Standards – Lack of Exchangeability* became applicable from 1 January 2025, but did not have an impact on the consolidated financial statements of the Trust.

Certain Australian Accounting Standards and Interpretations have recently been issued or amended but are not yet effective and have not been adopted by the Trust for the half-year ended 30 June 2025. The impact of these new standards or amendments to the standards and interpretations (to the extent relevant to the Trust) are as follows:

 AASB 2024-3 Amendments to Australian Accounting Standards – Annual Improvements Volume 11 (effective 1 January 2026)

This makes minor improvements to address inconsistencies or to clarify requirements in:

- (i) AASB 1 First-time Adoption of International Financial Reporting to improve consistency between AASB 1 and AASB 9 in relation to the requirements for hedge accounting, and improve the understandability of AASB 1;
- (ii) AASB 7 Financial Instruments: Disclosures to improve consistency in the language used in AASB 7 with the language used in AASB 13 Fair Value Measurement;
- (iii) AASB 9 Financial Instruments to clarify how a lessee accounts for the derecognition of a lease liability when it is extinguished and address an inconsistency between AASB 9 and AASB 15 Revenue from Contracts with Customers in relation to the term 'transaction price';
- (iv) AASB 10 Consolidated Financial Statements to clarify the requirements in relation to determining de facto agents of an entity; and
- (v) AASB 107 Statement of Cash Flows to replace the term 'cost method' with 'at cost' as the term is no longer defined in Australian Accounting Standards.

These amendments are not expected to have a material impact on the financial statements on application.

- AASB 18 Presentation and Disclosure in Financial Statements (effective from 1 January 2027)
 This replaces AASB 101 Presentation of Financial Statements with a focus on updates to the income statement.
 The key presentation and disclosure requirements established under the new standard relate to:
 - (i) the structure of the income statement with defined subtotals;
 - (ii) requirement to determine the most useful structure summary for presenting expenses in the income statement;
 - (iii) the disclosure of management-defined performance measures in a single note within the financial statements;
 - (iv) enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.

The Trust is evaluating the impact of this standard on the financial statements on application.

(d) Comparative information

Where applicable, certain comparative figures are restated in order to comply with the current period's presentation of the financial statements.

(e) Rounding

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts shown in this half-year financial report have, unless otherwise indicated, been rounded to the nearest thousand dollars. Amounts shown as 0 represent amounts less than \$500 that have been rounded down.

Independent Auditor's Review Report to the Members of Scentre Group Trust 3

Conclusion

We have reviewed the accompanying half-year financial report of Scentre Group Trust 3 and its controlled entities (the Trust), which comprises the balance sheet as at 30 June 2025, statement of comprehensive income, statement of changes in equity and cash flow statement for the half-year ended on that date, explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Trust does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Trust as at 30 June 2025 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity (ASRE 2410). Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Half-year Financial Report section of our report. We are independent of the Trust in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' Responsibilities for the Half-year Financial Report

The directors of RE2 Limited, the Responsible Entity of the Trust, are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Trust's financial position as at 30 June 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

1. Operating and financial review

1.1 Economic performance

Profit after tax for the Financial Period was \$194,000. The decrease in profit after tax is primarily due to the reduction in the number of Superscreen assets held by the Trust. As at 30 June 2025, the Trust had net assets of \$11,725,000. On 28 February 2025, the Trust paid a distribution of \$4,346,000 (net of the amount reinvested under the Distribution Reinvestment Plan (DRP) of \$23,000).

The distribution comprises an aggregate distribution from SGT1 and SGT2. SGL has determined not to pay a dividend for the Financial Period. The Trust has determined not to pay a distribution for the Financial Period. Scentre Group's DRP is in operation for the distribution payable for the Financial Period. An election to participate in the DRP must have been received by 5.00pm (Sydney time) on 18 August 2025. Securities issued under the DRP will rank equally with existing securities on issue and will be issued on 29 August 2025.

1.2 2025 guidance and outlook

Scentre Group's strategy to attract more people to its Westfield destinations and to unlock long-term growth opportunities from its strategic land holdings is expected to continue to deliver ongoing growth in earnings and distributions.

Subject to no material change in conditions, Scentre Group reconfirms its target for Funds From Operations (FFO) is 22.75 cents per Scentre Group stapled security for 2025, representing 4.3% growth for the year.

Scentre Group's distribution guidance for 2025 has been upgraded for the full year to grow by 3.0% to 17.72 cents per Scentre Group stapled security. This consists of 8.815 cents per Scentre Group stapled security for the first six months to 30 June 2025 and 8.905 cents per Scentre Group stapled security for the second six months to 31 December 2025.

2. Risk management

Scentre Group assesses risk from a number of perspectives and these risks are subject to continuous assessment and review.

A number of important strategic risks and how such risks are managed and monitored are outlined in the Directors' Report in each of Scentre Group's 2024 Annual Report and 2025 Half-Year Financial Report, which are available at www.scentregroup.com.
