Cathy Kovacs	Non-Executive Director	6 November 2023
Hamish McLennan	Non-Executive Director	1 March 2016
Deborah Page AM	Non-Executive Director	3 October 2023

<sup>1</sup> Mr Dixon was Deputy Chairman until 11 March 2025.

<sup>2</sup> Mr Formica was an Executive Director until 3 March 2025.

## 2. Principal activity

The Fund is a registered managed investment scheme domiciled in Australia, with the principal place of business at Level 36, 25 Martin Place, Sydney, New South Wales, 2000 and quoted on the Australian Securities Exchange ("ASX") under the AQUA Rules (ticker code: AASF).

MAM, as Responsible Entity, is responsible for overseeing the operations of the Fund. MAM is also Investment Manager, responsible for selecting and managing the assets of the Fund. In addition, the Responsible Entity, on behalf of the Fund, may also provide trading liquidity to investors on the ASX under the AQUA Rules by acting as a buyer and seller of units in the Fund. The Responsible Entity has appointed an independent market participant to act as its agent to execute its market making activities.

The Fund invests in a portfolio of between 15 and 35 Australian equities to produce wealth accumulation through active management. The Fund's primary investment objective is to provide long term capital growth and regular income through investment in Australian equities (as detailed in the Product Disclosure Statement ("PDS"), dated 23 December 2024).

## 3. Significant changes in state of affairs

There were no significant changes in the state of affairs of the Fund during the period.

## 4. Review of financial results and operations

### 4.1. Financial results for the period

The performance of the Fund, as represented by the results of its operations for the periods ended 30 June, was as follows:

	30 Jun 2025	30 Jun 2024
<b>Results</b>		
Total net investment income/(loss) (\$'000)	<b>82,681</b>	53,510

<sup>2</sup> Non-taxable Australian real property.

## 4.2. Total indirect cost ratio

The total indirect cost ratio ("ICR") is the ratio of the Fund's actual management costs over the average portfolio value expressed as a percentage. Management costs, accrued within the Fund's unit prices on a daily basis, include management fees but do not include transactional and operational costs such as brokerage or foreign withholding tax.

	30 Jun 2025 %	30 Jun 2024 %
Management fee	0.78	0.78
<b>Total Indirect Cost Ratio</b>	<b>0.78</b>	<b>0.78</b>

# Responsible Entity's Report

for the year ended 30 June 2025

## 4.3. Performance returns

The performance returns have been calculated using the redemption unit price for the Fund, which is after fees and expenses, assuming the reinvestment of distributions. The returns are calculated daily, compounded to produce longer period returns.

	30 Jun 2025	30 Jun 2024
	%	%
Growth return <sup>1</sup>	<b>6.3</b>	8.4
Distribution return <sup>2</sup>	<b>4.0</b>	4.0
<b>Total Return<sup>3</sup></b>	<b>10.3</b>	12.4

<sup>1</sup> The Growth return is calculated daily as a percentage by dividing the unit price (ex-distribution) by the previous day's unit price (ex-distribution) minus 1; the daily Growth returns are then compounded to produce longer period returns.

<sup>2</sup> The Distribution return is calculated as a percentage by subtracting the Growth return from the Total Return.

<sup>3</sup> The Total return is calculated daily as a percentage by dividing the unit price (cum-distribution) by the previous day's unit price (ex-distribution) minus 1; the daily Total returns are then compounded to produce longer period returns.

## 5. Strategy and future outlook

As at 30 June 2025, the Fund's investment objective is unchanged. The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Therefore, investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

The Fund provides daily unit prices, monthly fund updates, quarterly portfolio disclosures and annual investor reports, which can be found in the 'Funds' section of the Airlie website [www.airliefundmanagement.com.au](http://www.airliefundmanagement.com.au) and also the ASX website. Fund updates and investor reports include detailed discussions in relation to some investee companies from time to time along with general outlook commentary.

## 6. Interests in the Fund

The movement in units on issue in the Fund is disclosed in Note 8 to the Financial Statements.

## 7. Likely developments and expected results of operations

The Fund will continue to invest in companies and businesses in accordance with the investment strategy as set out in the PDS.

The method of operating the Fund is not expected to change in the foreseeable future. However, the results of the Fund's operations may be affected by a number of factors, including the performance of investment markets in which the Fund invests.

## 8. Subsequent events

There have been no matters or circumstances arising after the end of the period that have significantly affected, or may significantly affect, the Fund's operations, the results of those operations, or the Fund's state of affairs in future financial periods.

## 9. Indemnification and insurance of directors and officers

The Directors and Officers of the Responsible Entity in office are insured to the extent permitted by law for losses, liabilities, costs and charges in defending any legal proceedings arising out of their conduct while acting in their capacity as Directors and Officers of the Responsible Entity, other than for conduct involving a wilful breach of duty in relation to the Responsible Entity.

During the period, MAM paid an insurance premium to insure the Directors and Officers of the Responsible Entity. The terms of the contract prohibit the disclosure of the premiums paid.

## 10. Rounding of amounts

The Fund is of a kind referred to in the *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* and consequently amounts in the Responsible Entity's Report have been rounded to the nearest thousand dollars in accordance with that Legislative Instrument, or in certain cases, the nearest dollar.

for the year ended 30 June 2025

## Overview

The Fund is a registered managed investment scheme under the *Corporations Act 2001* and quoted on the ASX under the AQUA Rules (ticker code: AASF). The Fund was registered on 22 December 2017 and in accordance with the Fund's Constitution, commenced on the date that the first unit was issued, which was 31 May 2018. The Fund terminates on the earlier of the time provided by the Fund's Constitution or by law.

MAM is the Responsible Entity of the Fund.

This financial report was authorised for issue by the Directors of the Responsible Entity on 3 September 2025. The Directors have the power to amend and reissue this financial report.

The Fund is considered a for-profit unit trust for the purpose of this financial report.

## 1. Basis of preparation

This general purpose financial report is presented in Australian Dollars and has been prepared in accordance with the *Corporations Act 2001*, Australian Accounting Standards ("AASB") and Interpretations issued by the Australian Accounting Standards Board, other mandatory professional reporting requirements and the Fund's Constitution. The financial report also complies with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board.

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All material balances are expected to be recovered or settled within 12 months, except for financial assets and liabilities at fair value through profit or loss. These fair value assets and liabilities comprise mainly investments that are managed based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. Consequently, the investments that may be realised within 12 months cannot be determined at balance date.

All amounts in the financial statements are rounded to the nearest thousand dollars (\$'000) or in certain cases, the nearest dollar, unless otherwise stated in accordance with the *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*.

### 1.1. Material accounting policies

The accounting policies adopted in the preparation of this financial report are contained within the notes to which they relate. The policies adopted in the preparation of this financial report are consistent with those of the previous financial period.

The Fund has not early adopted any accounting standard, interpretation or amendment that has been issued but is not yet effective at balance date. AASB 18 *Presentation and Disclosure in Financial Statements* will first apply to the Fund in the financial year ending 30 June 2028. The Directors of MAM are currently assessing the impact of this new standard on the Fund's financial statements. No other accounting standards, interpretations or amendments that have been issued are expected to have a material impact on the Fund's financial statements.

### 1.2. Functional and presentation currency

Balances included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian Dollar, which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian Dollar is also the Fund's presentation currency.

### 1.3. Investment income

#### *Dividend and distribution income*

Dividend and distribution income is recognised on the applicable ex-dividend/distribution date gross of withholding tax, which is recorded as an expense in profit or loss. Dividends and distributions received are presented net of withholding tax in the Statement of Cash Flows.

#### *Net change in fair value of investments*

Realised and unrealised gains and losses on investments measured at fair value through profit or loss are recognised in the Statement of Profit or Loss and Comprehensive Income. The net change in fair value does not include dividend and distribution income.

#### *Interest income*

Interest income is recognised on an accrual basis using the effective interest rate method.

### 1.4. Expenses

All expenses are recognised in profit or loss on an accruals basis.

# Notes to the Financial Statements

for the year ended 30 June 2025

## 1.5. Income tax

On 5 May 2016, the Attribution Managed Investment Trust ("AMIT") regime was established under the *Tax Laws Amendment (New Tax System for Managed Investment Trusts) Act 2016*. The AMIT regime allows managed investment trusts that meet certain requirements to make an irrevocable choice to be an AMIT. The Fund elected into the AMIT regime effective from the date of registration.

Under current income tax legislation, the Fund is not subject to income tax provided the Fund attributes the entirety of its taxable income to unitholders.

The Fund currently incurs withholding tax imposed by certain countries on investment income. Such income is recorded gross of withholding tax in the profit or loss. The benefits of foreign withholding tax paid, and of imputation credits attaching to Australian franked dividends, are passed onto unitholders.

## 1.6. Goods and services tax

The goods and services tax ("GST") incurred on the costs of various services provided to the Fund by third parties, such as custodial services and management fees, has been passed onto the Fund. The Fund qualifies for Reduced Input Tax Credits ("RITC") at a rate of 55%-75% and is also eligible to recover GST on offshore transactions. Management fees and other expenses have been recognised in profit or loss net of the amount of GST recoverable from the Australian Taxation Office. Receivables and payables are stated inclusive of GST. The net amount of GST recoverable from, or payable to, the taxation authority is included in the Statement of Financial Position as a receivable or payable. Cash flows are included in the Statement of Cash Flows on a gross basis.

## 1.7. Critical accounting estimates and judgements

The preparation of the Fund's financial statements required the Directors to make judgements, estimates and assumptions that affect the amounts reported in the financial statements. The Directors base their judgements and estimates on historical experience and various other factors they believe to be reasonable under the circumstances, but which are inherently uncertain and unpredictable. As a result, actual results could differ from those estimates.

Where listed equities have no active market, the Directors determine fair value with reference to external observable information and conditions existing at balance date. Fair values may however move materially with movements in market prices (refer Note 12). As all investments are valued with reference to listed quoted prices, they are not subject to significant judgement or complexity.

# Notes to the Financial Statements

for the year ended 30 June 2025

## 2. Distributions to unitholders

Distributions are determined by the Responsible Entity of the Fund and are payable as set out in the Fund's PDS. Distributable income includes capital gains arising from the disposal of financial assets and liabilities. Unrealised gains and losses on financial assets and liabilities that are recognised as income are transferred to unitholders' equity and are not assessable or distributable until realised. Net realised capital losses and tax losses are not distributed to unitholders but are retained to be offset against any realised capital gains and future assessable income respectively. The Responsible Entity may attribute an amount to a unitholder on redemption.

Distributions to unitholders are recognised directly in equity and presented in the Statement of Changes in Equity. A distribution payable is recognised in the Statement of Financial Position where the distribution has been declared but remains unpaid at balance date.

Distributions for the periods ended 30 June are as follows:

	\$'000	CPU	Date Paid
<b>Period ended 30 June 2025</b>			
Interim distribution paid	15,160	7.03	17 Jan 2025
Final distribution payable	18,063	7.33	21 Jul 2025
<b>Total Distributions Paid/Payable</b>	<b>33,223</b>	<b>14.36</b>	

	\$'000	CPU	Date Paid
<b>Period ended 30 June 2024</b>

Final distribution payable	11,336	6.82	19 Jul 2024
<b>Total Distributions Paid/Payable</b>	<b>19,997</b>	<b>13.67</b>	

The Fund intends to target a cash distribution yield of 4% per annum, paid semi-annually for the periods ended June and December. The Target Cash Distribution ("TCD") for each period will be determined by using the average of the month-end NAV per unit over a two year rolling period ended on the last business day of the prior distribution period. On 10 July 2025, MAM announced the TCD for the Fund for the six month period ending 31 December 2025 will be 7.53 CPU.

### Distribution reinvestment plan

The Fund's distribution reinvestment plan ("DRP") was available to eligible unitholders during the period. Under the terms of the DRP, eligible unitholders are able to elect to reinvest all or part of their cash distributions in additional units in the Fund, free of any brokerage or other transaction costs. Units are issued and/or transferred to DRP participants at a price determined by MAM in accordance with the DRP Rules. DRP details are as follows:

	31 Dec 2024 Interim Distribution	30 Jun 2025 Final Distribution	31 Dec 2023 Interim Distribution	30 Jun 2024 Final Distribution

<b>Total Receivables</b>	<b>8,075</b>	<b>4,104</b>

Receivables comprise amounts due from brokers for sales of assets unsettled at balance date, dividends and trust distributions declared but not yet received, and reclaimable taxes. They are recognised and carried at amortised cost using the effective interest rate method and adjusted for changes in foreign exchange rates where applicable. A provision is deducted from receivables for uncollectible amounts based on expected credit losses, if applicable. Expected credit losses are calculated as the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Fund expects to receive, discounted at an approximation of the original effective interest rate. The Fund applies the simplified approach for receivables whereby the loss allowance is based on lifetime expected credit losses at each balance date.

At balance date, the Fund's receivables, excluding recoverable GST, were due within 0 to 30 days (June 2024: 0 to 30 days). Recoverable GST is due within 30 to 90 days (June 2024: 30 to 90 days). No amounts are impaired or past due at 30 June 2025 or 30 June 2024.

## 6. Investments

The Fund classifies its equity securities as financial assets and liabilities at fair value through profit or loss.

The Fund discloses the fair value measurements of financial assets and financial liabilities using a three-level fair value hierarchy to reflect the source of valuation inputs used when determining the fair value as follows:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities. The fair value of these securities is based on the closing price for the security as quoted on the relevant exchange.
- Level 2: valuation techniques using observable inputs either directly (as prices) or indirectly (derived from prices). The fair value of derivatives is based on a discounted cash flow analysis using quoted market inputs (spot and forward rates, volatility) adjusted for specific features of the instruments and applied debit and credit valuation adjustments based on the Fund's, or the derivative counterparties' current credit worthiness.
- Level 3: valuation techniques using non-market observable inputs.

The Fund does not hold any level 2 or 3 assets. There have been no transfers between any of the three levels in the hierarchy during the period and the Fund's policy is to recognise transfers into and out of fair value hierarchy levels as at balance date.

Financial assets and liabilities held at fair value through profit or loss are measured initially at fair value, which in the case of the Fund is the transaction price. Brokerage costs are expensed immediately in the profit or loss. Subsequent to initial recognition, all financial assets and liabilities classified at fair value through profit or loss are measured at fair value. Changes in fair value are recognised in profit or loss. The net change in fair value does not include dividend or distribution income.

Purchases and sales are recognised on trade date, being the date the Fund commits to purchase or sell the asset. Financial assets are derecognised when the contractual rights to the cash flows from the assets expire or are transferred. A transfer occurs when substantially all the risks and rewards of ownership are passed to a third party. Financial liabilities are derecognised when the obligation specified in the contract is discharged, cancelled or expired.

The fair value of equity securities traded in active markets is based on their quoted market prices at balance date without any deduction for estimated future selling costs. The quoted market price used for securities held by the Fund is the closing price for the security as quoted on the relevant stock exchange. If a quoted market price is not available on a recognised stock exchange or from a broker/dealer for non-exchange-traded financial instruments, the fair value of the instrument is estimated using valuation techniques including recent arm's length market transactions, reference to the current fair value of other instruments that are substantially the same, discounted cash flow techniques, option pricing models or any other valuation techniques commonly used by market participants.

<b>Total Payables</b>		<b>13,091</b>	3,067

Payables comprise trade creditors and accrued expenses owing by the Fund at balance date. Amounts due to brokers relating to the purchase of investments are usually settled between two and five days after trade date. Payables and accruals are recognised at amortised cost, at the point when the Fund becomes obliged to make payments in respect of the purchase of these goods and services.

At balance date, all payables mature in 0 to 90 days (June 2024: 0 to 90 days).

### Entering and exiting the Fund

Investors can enter or exit the Fund via buying/selling units on the ASX or by applications/withdrawals direct to/from the Responsible Entity. The method of entry into the Fund does not affect the method of exit from the Fund. The entry and exit price received and investment minimums are set out in the Fund's PDS which can be found on the Airlie website, [www.airlifundmanagement.com.au](http://www.airlifundmanagement.com.au).

### Units

Applications received for units in the Fund are recorded net of entry fees. Redemptions from the Fund are recorded gross of exit fees. The Fund recognises units issued or redeemed when settled, which is trade date.

Each unit confers upon the unitholder an equal interest in the Fund and is of equal value to other units in the Fund. A unit does not confer upon the holder any interest in any particular asset or investment of the Fund. The rights of unitholders are contained in the Fund's Constitution and include:

- the right to receive a distribution determined in accordance with the provisions of the Fund's Constitution;
- the right to attend and vote at meetings of unitholders;
- the right to participate in the termination and winding up of the Fund; and
- the right to redeem units, subject to restrictions disclosed in the Fund's PDS. Those restrictions may include where trading in units on the ASX are suspended for five consecutive business days. In this case, unitholders may apply to the Responsible Entity to make an off-market withdrawal of their investment from the Fund when the Fund is liquid. Where the Fund ceases to be liquid, units may only be withdrawn once an offer is made to all investors in the Fund in accordance with the Fund's Constitution.

There may be other circumstances where off-market withdrawals from the Fund are suspended for up to 28 days, including where:

- it is impracticable for the Responsible Entity, or the Responsible Entity is unable, to calculate the NAV of the Fund;
- the payment of withdrawal proceeds involves realising a significant portion of the Fund's assets which would, in the Responsible Entity's opinion, result in remaining investors bearing a disproportionate amount of capital gains tax or expenses, or suffering any other disadvantage or diminution of the value of units held;
- the Responsible Entity reasonably considers it would be in the interests of investors, or it is otherwise permitted by law; or
- the Responsible Entity receives withdrawal requests of an aggregate value that in its reasonable estimate exceeds 5% of the Fund's assets.

There are no separate classes of units and each unit in the Fund has the same rights attaching to it as all other units of the Fund.

## 9. Earnings per unit

Basic earnings per unit ("EPU") is calculated as profit/(loss) for the period divided by the weighted average number of units on issue. Diluted EPU is calculated by adjusting the basic EPU to take into account the effect of any changes in income or expense associated with dilutive potential units and the weighted average number of additional units that would have been outstanding assuming the conversion of all dilutive potential units.

	30 Jun 2025	30 Jun 2024
<b>Basic EPU</b>		
Profit/(loss) attributable to unitholders (\$'000)	<b>75,360</b>	49,202
Weighted average number of units for basic EPU	<b>211,233,251</b>	129,615,874
<b>Basic EPU (Cents)</b>	<b>35.68</b>	37.96
<b>Diluted EPU</b>		
Profit/(loss) attributable to unitholders (\$'000)	<b>75,360</b>	49,202
Weighted average number of units for diluted EPU	<b>211,233,251</b>	129,615,874
<b>Diluted EPU (Cents)</b>	<b>35.68</b>	37.96
<b>Earnings Reconciliation</b>		
Profit/(loss) used in the calculation of basic and diluted EPU (\$'000)	<b>75,360</b>	49,202

As the Fund has no potential dilutive units, basic and diluted EPU are equal. Since the end of the period, the Fund has issued units under the DRP (refer Note 2).

## 10. Net Asset Value per unit

The NAV per unit represents the net assets of the Fund presented in the Statement of Financial Position at balance date divided by the number of units on issue at balance date (refer Note 8).

	30 Jun 2025	30 Jun 2024
	\$	\$
NAV per unit	<b>3.9071</b>	3.6732

The NAV per unit at balance date may differ from the NAV per unit reported to the ASX due to distributions payable and fee accruals.

## 11. Related parties

### Responsible Entity

The Responsible Entity of the Fund is MAM. MAM is a wholly-owned subsidiary of Magellan Financial Group Ltd ("MFG") (ASX code: MFG), the immediate and ultimate parent entity of the Responsible Entity and both are considered to be related parties of the Fund.

### Key management personnel

Key management personnel ("KMP") are those persons or corporate entities who have authority and responsibility for planning, directing and controlling the activities of the Fund. The Responsible Entity is responsible for managing the activities of the Fund and its Directors considered to be a KMP. The Fund does not employ personnel in its own right.

The Fund did not pay any compensation to the Directors of the Responsible Entity.

### Management fees

The Responsible Entity is entitled to receive management fees from the Fund for managing the assets and overseeing the operations of the Fund. The management fee is 0.78% per annum (net of any applicable reduced input tax credits) of the value of the Fund, calculated daily. The Responsible Entity pays operating expenses of the Fund, such as audit and tax compliance fees, distribution costs, investor reporting, custody and fund administration costs. Management fees are calculated daily based on the NAV (before fees) of the Fund reflected in the daily unit prices of the Fund and are payable at the end of each month.

Management fees paid/payable by the Fund are net of any applicable reduced input tax credits (refer Note 1.6). The management fees paid/payable by the Fund are as follows:

	30 Jun 2025 \$	30 Jun 2024 \$
Management fees	<b>6,307,121</b>	3,659,445
<b>Total Fees Expensed in the Statement of Profit or Loss and Comprehensive Income</b>	<b>6,307,121</b>	3,659,445
<b>Total Fees Payable in the Statement of Financial Position</b>	<b>649,105</b>	416,456

### Transactions with related parties

The number of units held and transactions during the period by each related party and KMP, including their personally-related parties, in the Fund is as follows:

	30 Jun 2024				30 Jun 2025			
	Acquired/ disposed Number	Holding Number	% <sup>1</sup>	Distribution paid/ payable \$ <sup>2</sup>	Acquired/ disposed Number	Holding Number	% <sup>1</sup>	Distribution paid/ payable \$ <sup>2</sup>

<sup>1</sup> Percentage of units on issue at the end of the period.

<sup>2</sup> Represents the interim distribution paid and final distribution payable for the period comprising cash paid.

<sup>3</sup> Holding less than 0.1%.

### Other transactions with related parties

MAM paid \$3,555 to the Fund to cover buy spreads for unitholders who elected to reinvest redemption proceeds, in the Fund, received from the closure of a separate MAM fund.

Transactions between the Fund and related parties are subject to the same terms and conditions as those entered into by other unitholders.

There were no other transactions with related parties or KMP.

## 12. Capital and financial risk management

### Financial risk management

The Fund's investment portfolio primarily comprises listed equity investments. The investment objective of the Fund is to provide long term capital growth and regular income (as detailed in the PDS). The Fund's investing activities expose it to various types of risks including concentration risk, market risk, liquidity risk and credit risk.

Financial risk management is carried out under policies approved by the Responsible Entity. The risk management programme focuses on ensuring compliance with the Fund's PDS and seeks to maximise the returns derived for the level of risk to which the Fund is exposed.

The following disclosures in relation to the various risks of the Fund's portfolio have been based on the Fund's direct holdings.

### Concentration risk

Concentration risk indicates the relative sensitivity of the Fund's performance to developments affecting a particular industry or geographical location. The Fund holds a concentrated portfolio of investments, and the returns of the Fund may be dependent upon the performance of individual companies. The concentrated exposure may lead to increased volatility in the Fund's unit price, and also increases the risk of poor performance.

The Fund's concentration risk is managed in accordance with the portfolio risk controls for the Fund, which are approved by the MAM Investment Committee.

### Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as equity prices and interest rates.

### Equity price risk

Equity price risk is the risk that the fair value of equities decreases as a result of changes in market prices, whether those changes are caused by factors specific to the individual stock or factors affecting all instruments in the market. The size and diversification of the portfolio is sufficient to ensure the Fund's returns are not overly correlated to a single company, industry specific or macroeconomic risk but the returns of the portfolio are not expected to be perfectly correlated to any market or sector index. If equity markets as a whole rise or fall by 5%, the return of the Fund may increase or decrease by different amounts.

For illustrative purposes an increase of 5% in the market prices of each of the Fund's investments held at balance date, assuming all other variables remain constant, would have had the following impact on the Fund's profit/(loss) and unitholders' equity.

	30 Jun 2025 \$'000	30 Jun 2024 \$'000
Impact on unitholders' equity and profit/(loss)	47,656	29,200

A decrease of 5% in the market price of each of the Fund's investments would have had an equal but opposite effect.

### Interest rate risk

Interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates.

The primary exposure to interest rate movements arises on the Fund's cash balances. The value of cash balances is sensitive to the Reserve Bank of Australia cash rate.

Interest rate movements have an insignificant impact upon the Fund's recorded net profit or equity.

### Market making risk

The Responsible Entity, on behalf of the Fund, may provide liquidity to investors on the ASX by acting as a buyer and seller of units in the Fund. At the end of each business day, the Responsible Entity, on behalf of the Fund, may create or cancel units by applying for or redeeming its net position in units bought or sold on the ASX. The Responsible Entity has appointed an independent market participant to act as its agent to transact and facilitate settlement on its behalf.

# Notes to the Financial Statements

for the year ended 30 June 2025

Market making risk comprises:

- the risk that the market making agent makes an error in executing the Fund's market making services. If the market making agent does not fulfil its settlement processing obligations in a correct and timely manner, the Fund could suffer a loss; and
- the risk of an error in the execution of market making activities, or in the price at which units are transacted on the ASX.

In order to mitigate this risk, the Responsible Entity, on behalf of the Fund, has the discretion to increase the spread at which it makes a market and also has the right to cease making a market subject to its obligations under the AQUA Rules and ASX Operating Rules.

## Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities on the due date or will be forced to sell financial assets at a value which is less than they are worth.

This risk is managed by the Fund maintaining sufficient cash reserves to meet its normal operating requirements and holding investments that are traded in an active market and can be readily disposed.

In addition, to manage the Fund's overall liquidity, the Responsible Entity has the discretion to suspend capital withdrawals from the Fund for up to 28 days if it is impracticable for the Responsible Entity or if the Responsible Entity is unable to calculate the NAV of the Fund, the withdrawal request would reasonably require the Responsible Entity to sell 5% or more (by value of the net assets of the Fund), the payment of withdrawals would disadvantage remaining unitholders by imposing a disproportionate share of capital gains tax liabilities, or if the Responsible Entity reasonably considers it to be in the interests of remaining unitholders of the Fund.

At balance date, the Fund had an obligation to settle payables (including distribution payable) of \$31,154,000 (June 2024: \$14,403,000) within 30 days. The Fund had total assets of \$993,959,000 (June 2024: \$624,966,000) to cover these liabilities.

## Credit risk

Credit risk refers to the risk that a counterparty will fail to meet its contractual obligations resulting in financial loss to the Fund. Market prices generally take counterparty credit into account and therefore the risk of loss is implicitly provided for in the carrying value of financial assets and liabilities held at fair value.

The Fund's maximum exposure to credit risk is the carrying amount of all cash and cash equivalents, financial assets and receivables recognised in the Statement of Financial Position as well as the value of any financial commitments which the Fund would assume in the event of counterparty default.

The Fund minimises concentrations of credit risk by undertaking transactions with numerous reputable brokers, and by ensuring cash balances are held with and managed by financial intermediaries with acceptable credit ratings as determined by a recognised rating agency. To further mitigate this risk, the credit rating and financial positions of the brokers used by the Fund are regularly monitored. Credit risk relating to outstanding settlements is considered low due to the short settlement periods involved.

The Fund is also exposed to the credit risk of The Northern Trust Company ("NT") which is the appointed custodian of the Fund. In acting as custodian, NT is required to comply with the relevant provisions of the *Corporations Act 2001*, applicable ASIC regulatory guides and class orders relating to registered managed investment schemes property arrangements with custodians. The credit quality of NT's long term deposit/debt is rated at balance date, by Standard and Poor's as AA- and by Moody's as Aa2 (June 2024: Standard and Poor's as AA- and by Moody's as Aa2).

## 13. Segment information

An operating segment is a distinguishable component of the Fund that is engaged in business activity from which the Fund earns revenues and incurs expenses, whose operating results are regularly reviewed by the Fund's chief operating decision maker in order to make decisions about the allocation of resources to the segment and assess its performance, and for which discrete financial information is available. The chief operating decision maker has been determined as Sophia Rahmani, the CEO and Managing Director of MAM.

The Fund's investments are managed on a single portfolio basis and in one business segment being equity investment, as well as in one geographic segment being Australia.

## 14. Auditor's remuneration

The following amounts were paid or payable by the Responsible Entity on behalf of the Fund for services provided by the auditor of the Fund, Ernst & Young Australia:

	30 Jun 2025 \$	30 Jun 2024 \$
Fees for audit and review of statutory financial reports	<b>32,150</b>	31,050

<sup>2</sup> Comprises review of income tax returns and distribution calculations.

## 15. Contingent assets, contingent liabilities and commitments

At balance date, the Fund has no contingent assets, contingent liabilities or commitments (June 2024: nil).

## 16. Subsequent events

Other than the items disclosed throughout this financial report, there have been no matters or circumstances arising after the end of the period that have significantly affected, or may significantly affect, the Fund's operations, the results of those operations, or the Fund's state of affairs in future financial periods.

# Directors' Declaration

for the year ended 30 June 2025

In the Directors' opinion,

- a. the Financial Statements and Notes set out on pages 8 to 23 are in accordance with the *Corporations Act 2001*, including:

## Independent auditor's report to the unitholders of Airlie Australian Share Fund

### Report on the audit of the financial report

#### Opinion

We have audited the financial report of Airlie Australian Share Fund (the Fund), which comprises the statement of financial position as at 30 June 2025, the statement of profit or loss and comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including material accounting policy information, and the directors' declaration.

In our opinion, the accompanying financial report of the Fund is in accordance with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the Fund's financial position as at 30 June 2025 and of its financial performance for the year ended on that date; and
- b. Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

#### Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, but we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the financial report* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial report. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial report.

## 1. Investments

Why significant	How our audit addressed the key audit matter
<p>The Fund has a significant investment portfolio consisting of listed equities. As at 30 June 2025, the fair value of these investments were 95.9% of the total assets of the Fund.</p> <p>Note 6 to the financial report disclosed that, these financial assets are recognised at fair value through profit or loss in accordance with the requirements of AASB9 <i>Financial Instruments</i>.</p> <p>Pricing, exchange rates and other market drivers can have a significant impact on the value of these financial assets and the financial report, therefore existence and valuation of the investment portfolio was considered a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> <li>Assessing the effectiveness of relevant controls relating to the recognition and valuation of investments.</li> <li>Obtaining and assessing the assurance report on the controls of the Fund's administrator in relation to Fund Administration Services for the year ended 30 June 2025 and evaluating the auditor's qualifications, competence and objectivity and the results of their procedures.</li> <li>Obtaining third party confirmations of the balances of investment holdings, including cash accounts, at 30 June 2025.</li> <li>Assessing the fair value of all listed investments in the portfolio held at 30 June 2025 by comparing to independently sourced market prices.</li> <li>Assessing the adequacy and appropriateness of the disclosures included in Note 6 and Note 12 to the financial report.</li> </ul>

## 2. Management Fees

Why significant	How our audit addressed the key audit matter
<p>For the year ended 30 June 2025, management fees totalled \$6.3m which equates to 86.1% of total expenses. Management fees, paid to the investment manager, Magellan Asset Management Limited, are the most significant expense for the Fund.</p> <p>The Fund's accounting policy for management fees is disclosed in Note 11 to the financial report. All expenses are recognised on an accrual basis.</p> <p>Due to quantum of this expense to the Fund this was considered to be a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> <li>Assessing the effectiveness of the controls in relation to the calculation of management fees.</li> <li>Obtaining and assessing the assurance report on the controls of the Fund's administrator in relation to Fund Administration Services for the period ended 30 June 2025 and evaluating the auditor's qualifications, competence and objectivity and results of their procedures.</li> <li>Recalculating management fees in accordance with contractual arrangements.</li> <li>Assessing the adequacy and appropriateness of the disclosures included in Note 11 to the financial report.</li> </ul>

## Information other than the financial report and auditor's report thereon

The directors are responsible for the other information. The other information comprises the information included in the Fund's 2025 annual report but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of the directors for the financial report

The directors of the Fund are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

## Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

**Shape the future  
with confidence**

- ▶ Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated to the directors, we determine those matters that were of most significance in the audit of the financial report of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
