SenSen Wins New International and Domestic Contracts

All cash received from recent Agence de mobilité durable de Montréal project

Melbourne, Australia – SenSen Networks Limited (ASX:SNS) (“SenSen” or “the Company”), a global provider of Live Awareness AI solutions, is pleased to announce multiple new contracts wins across Singapore, the USA and Australia, further strengthening its global growth trajectory.

Key Highlights

- **New contracts totalling \$2.0M** secured across Singapore, USA and Australia in FY26 to date to be delivered within this financial year.
- **Singapore:** \$1.1M contract with the Singapore Transit Authority, via partner D-Ron, to deliver AI-powered remote compliance solutions.
- **USA:** New orders from the City of Philadelphia (AI-powered digital kerb technology) and City of West Palm Beach, Florida (AI-powered mobile enforcement).
- **Australia:**
 - Strathfield City Council (NSW) selects SenSen’s mobile enforcement solution.
 - City of Wollongong (NSW) engages SenSen to digitise kerbside assets and deliver a smart city digital map.
 - Existing customers Adelaide City Council (SA) and Hills Shire Council (NSW) expand their deployments.
 - Chevron, Ampol and Solo fuel brands extend rollouts of SenSen’s AI fuel theft and debt recovery solutions nationally.
- **Cash Receipts: \$1.5M received from the City of Montreal**, clearing all outstanding receivables from a recently delivered project.
- **Debt Position:** All debt cleared except for an R&D tax incentive-backed loan, to be repaid upon receipt of FY25 R&D tax credit.

Management Commentary

SenSen’s expanding global footprint showcases the power of SenDISA, our end-to-end Live Awareness AI platform. SenDISA lets cities and enterprises unlock value from existing cameras or rapidly scale with custom multi-camera, multi-sensor AI kits. New contract wins highlight our competitive edge, while repeat orders prove the strong operating leverage of the platform. Once installed, SenDISA scales easily across fixed and mobile networks, driving higher compliance and increasing lifetime value for customers, and revenue growth for SenSen.

- **Singapore:** The Singapore Transport Authority project will integrate SenSen’s AI with existing CCTV networks. There is potential for expansion from FY27 and beyond.
- **USA:** Philadelphia is deploying SenSen’s digital kerbside technology, while West Palm Beach will roll out vehicle-mounted AI solutions to enhance traffic safety and congestion management.

ASX RELEASE

SenSen Networks Limited
Business Update

- **Australia:** Wollongong's deployment leverages smartphones, AI, and GPS for asset mapping and compliance. Strathfield City Council joins the growing list of local councils adopting SenSen's mobile enforcement solutions.
- **Fuel Retail:** SenSen's software continues to mitigate fuel theft for major brands, enabling recovery of more than \$2.5M in FY25 alone.

Dr Subhash Challa, CEO of SenSen, said:

"These contract wins highlight the growing adoption of SenSen's Live Awareness AI solutions by governments and enterprises globally. From Singapore to the USA, Canada to Australia, our customers rely on SenSen to deliver scalable, AI-powered solutions that improve compliance, enhance safety, and unlock new revenue opportunities. With our balance sheet strengthened by recent cash receipts, we are well positioned to accelerate growth."

The Company will undertake an investor roadshow in **Q2 FY26** to provide further updates on its results and growth strategy.

This release is approved by the Board of SenSen.
