Highlights

- **Index Inclusion:** Dateline Resources will be added to the S&P/ASX All Ordinaries Index (Australia's broad market index of the 500 largest listed companies) effective 22 September 2025
- **Market Visibility & Validation:** Inclusion in the All Ordinaries reflects the growth and validation of Dateline's strategy, underscoring confidence in the Company's direction.

Dateline Resources Limited (**Dateline** or **the Company**) (ASX: DTR, OTCQB: DTREF) is pleased to announce its inclusion in the S&P/ASX All Ordinaries Index, effective prior to the opening of trading on Monday, 22 September 2025.

The S&P/ASX All Ordinaries (**All Ords**) is Australia's oldest and broadest stock market index, representing the 500 largest companies listed on the ASX by market capitalisation.

This milestone marks a significant achievement for Dateline, providing increased market visibility and serving to heighten the Company's profile and potentially improve liquidity through exposure to index-tracking funds and institutional investors.

Stephen Baghdadi, Managing Director of Dateline Resources, welcomed the news of the Company's index inclusion and the broader market interest, stating:

"Inclusion in the All-Ordinaries Index is a positive milestone for Dateline, our team has worked diligently to get us here, and we remain focused on converting this visibility into long-term value for our shareholders."

Expanded Global Market Presence

Dateline's inclusion in the All Ords comes amid a broader effort to increase its international market presence. In addition to its primary ASX listing (DTR), Dateline's U.S. OTCQB listing (DTREF) provides North American investors with access to the Company's shares. This dual-market approach has already helped raise Dateline's profile in the U.S.

The Company's leadership views the index inclusion, alongside growing international investor interest, as timely reinforcement of Dateline's objectives. Dateline is advancing the 100%-owned Colosseum Gold-REE Project in San Bernardino County, California.
