

11 January 2017

ASX Code: URF
US Masters Residential Property Fund (Fund)
Net Asset Value as at 6 January 2017

The weekly estimated unaudited pre tax net asset value before withholding tax on unpaid distributions as at 6 January 2017 was \$1.92* per unit.

The Fund is a long-term investor and does not intend to dispose of its total portfolio. If estimated tax at 35% on unrealised portfolio gains or losses were recognised, the weekly estimated unaudited post tax net asset value before withholding tax on unpaid distributions as at 6 January 2017 would be \$1.69* per unit.

On 16 December 2016, the Fund declared a distribution of \$0.05 per Ordinary Unit with a record date of 30 December 2016.

The Fund is in the process of finalising its half-yearly property portfolio valuation exercise. The independent appraisal and property valuation will be included in the 31 December 2016 full year financial report. Accordingly, the NAV as at 6 January of \$1.92 does not take into account any potential changes to the property portfolio fair value that might arise from that revaluation exercise.

These estimates may not take into account all intra-month accruals, which are incorporated in the monthly NTA updates.
