First Graduation in Saudi Arabia

The Directors of Site Group International Limited ("Site", ASX: SIT) are pleased to announce the graduation of the first trainees from the Industrial and Construction Skills Institute in Jazan Economic City, Saudi Arabia.

The college operates in conjunction with AlAjmi Company of Saudi Arabia and Canadian Petroleum Services of Canada developing young Saudi men for careers on the Saudi Aramco Jazan Economic City project. The first graduation of 163 trainees is a milestone event for the college. All graduates have secured employment, a great validation of the training programs. Leading international companies such as Nasser S. Al-Hajri Corporation (NSH), Saipem and Consolidated Contractors Company (CCC) are employers of the graduates.

The trainees span four trades and now enter careers as riggers, scaffolders, heavy equipment operators or crane operators.

Dr Abdullah Al-Ajmi, Managing Director of Al-Ajmi commented, "This is a momentous day. Our graduates are the future of the Kingdom (of Saudi Arabia) and we are very pleased to help them achieve their career goals."

Site's CEO and Managing Director Vernon Wills added, "Our 9 month program in conjunction with partners AlAjmi Company and Canadian Petroleum Services has developed highly skilled workers for a number of companies. 100% employment of our graduates is testament to the success of the program and the quality of skills developed. Our focus on soft skills and technical skills is what sets our program apart."

Graduation special guests including representatives from Saudi Aramco, Saudi Government, Jazan Constructors Consortium, LEEA, AlAjmi Company, CPS and Site.

The graduating class of 2016/ 17
