Dear Sir

APPENDIX 4C

Invion Limited (ASX:IVX) is pleased to lodge its Appendix 4C for the quarter ending 31 December 2017.

The Company held cash reserves of \$0.547 million at the end of December, with cash outflows during the quarter at \$0.174 million.

As reported in previous quarters, operating cash outflows have been reduced reflecting lower capital-intensive activity following the completion of major R&D program milestones.

These milestones include the completion of two phase II clinical trials for the company's lead drug asset - INV102(nadolol) - being a phase II study of nadolol in patients with chronic bronchitis, and a phase II study of nadolol in patients with mild asthma.

The Company is driven to realise value from its assets via a commercial transaction following the successful completion of its major R&D milestones. The activity of the Company therefore has been directed towards business development, and the partnering (via sale or out-licence) of one or all of its assets.

An Appendix 4C accompanies this announcement.

For and on behalf of the Board of Invion Limited

MELANIE FARRIS
Company Secretary and Head of Operations
