This Rights Issue Offer Document (the **Offer Document**) has been prepared by Azure Healthcare Limited (ACN 108 208 760) (**Azure** or the **Company**) and is dated 24 November 2016.

This Offer Document is not a prospectus or other disclosure document under the Corporations Act and has not been lodged with ASIC.

The Offer contained in this Offer Document is being made without disclosure in accordance with section 708AA of the Corporations Act, as modified by ASIC Corporations (Non-Traditional Rights Issue) Instrument 2016/84.

In general terms, section 708AA permits certain companies to undertake rights issues without being required to use or provide to shareholders a prospectus or other disclosure document. Accordingly, the level of disclosure in this Offer Document is significantly less than the level of disclosure required in, and what you would expect in, a prospectus. Eligible Shareholders should rely on their own knowledge of the Company, refer to disclosures made by the Company to ASX, and consult their professional advisors before deciding to accept the Offer.

The Offer Document does not constitute financial product advice and has been prepared without taking into account Eligible Shareholder's investment objectives or financial circumstances. The Offer Document does not purport to contain all the information that Eligible Shareholders may require to make an informed investment decision regarding, or about the rights attaching to, the New Shares offered under this Offer Document.

Securities will only be issued on the basis of this Offer Document in accordance with the terms set out in this Offer Document.

As at the date of this Offer Document, the Company has complied with:

- (a) the provisions of Chapter 2M of the Corporations Act, as they apply to the Company; and
- (b) section 674 of the Corporations Act.

The Offer is made only to those Shareholders on the Record Date and who have registered addresses in Australia or New Zealand (**Eligible Shareholders**).

Before deciding whether to apply for New Shares, each Eligible Shareholder should consider whether Azure is a suitable investment for them in light of their own investment objectives and financial circumstances and should seek professional advice from their accountant, stockbroker, lawyer or other professional adviser before deciding whether to invest.

### **This is an important document**

It is important that you carefully read this Offer Document in its entirety before deciding to invest in Azure and, in particular, that you consider the risk factors that could affect the financial performance of Azure. The Offer is not extended to, and no New Shares are offered or will be issued to, persons with registered addresses outside Australia or New Zealand (**Ineligible Shareholders**).

Azure has determined, pursuant to ASX Listing Rule 7.7.1 that it would be unreasonable on this occasion to extend the Offer to Ineligible Shareholders having regard to the number of securities held by Ineligible Shareholders and the costs of complying with the legal and regulatory requirements which would apply to an offer of securities to Ineligible Shareholders in those jurisdictions.

The Company collects, holds, and uses that information to assess your application, service your needs as a shareholder, facilitate distribution payments and corporate communications to you as a shareholder, and carry out administration.

## **1 THE OFFER AND ELIGIBILITY**

### **1.1 The Offer**

Azure is offering Eligible Shareholders the opportunity to subscribe for **1 New Share** in Azure for every 15 Shares held on 7.00PM (AEDT) on the Record Date at an Issue Price of **\$0.070** per New Share, to raise up to \$1,018,119 (before costs).

Based on the number of Shares on issue as at the date of this Offer, a maximum of approximately 14,544,552 New Shares will be issued pursuant to this Offer.

### **1.2 Your Entitlement**

The number of New Shares to which you are entitled to subscribe for is shown on the enclosed Entitlement and Acceptance Form. Fractional Entitlements have been rounded up to the nearest whole Share, except where the rounding up of a fractional Entitlement would result in the Eligible Shareholder increasing their voting power in the Company from 20% or below to more than 20% in which case the fractional Entitlement has been rounded down. Holdings on different registers or sub-registers will not be aggregated to calculate entitlements.

You may also wish to apply for additional New Shares under the Shortfall Facility set out in section 1.8.

All of the New Shares offered under this Offer Document will rank equally with the Shares on issue at the date of this Offer Document.

### **1.3 Issue Price**

The Issue Price payable for each New Share is \$0.070, being the same price at which the Company completed its recent Placement to sophisticated, professional and institutional investors (as announced to ASX on 24 November 2016).

Eligible Shareholders will not be obliged to pay brokerage or other fees in respect of New Shares acquired under the Offer, although the Company will pay certain professional and other fees to third parties (please refer to section 3.3 below).

Eligible Shareholders should note that the market price of Shares may rise and fall between the date of this Offer and the date when New Shares are allotted under the Offer. Accordingly, the price you pay per New Share pursuant to this Offer may be either higher or lower than the market price of Shares at the time of this Offer or at the time the New Shares are allotted under this Offer.

Azure recommends that you monitor the price of Shares, which can be found in the financial pages of major Australian metropolitan newspapers, or on the Australia Securities Exchange website at [www.asx.com.au](http://www.asx.com.au) (ASX Code: AZV).

### **1.4 Eligibility to participate in the Offer**

A person will be eligible to participate in the Offer if:

- (a) the person was a registered holder of Shares at 7:00pm (AEDT) on the Record Date; and
- (b) the person's registered address is in Australia or New Zealand.

## **1.5 Shareholders outside Australia and New Zealand**

Azure has determined, pursuant to ASX Listing Rule 7.7.1 that it would be unreasonable on this occasion to extend the Offer to Ineligible Shareholders having regard to the number of securities held by Ineligible Shareholders and the costs of complying with the legal and regulatory requirements which would apply to an offer of securities to Ineligible Shareholders in those jurisdictions.

Shareholders resident in Australia or New Zealand holding shares on behalf of persons who are resident overseas are responsible for ensuring that taking up an Entitlement under the Offer does not breach regulations in the relevant overseas jurisdiction.

## **1.6 Closing Date**

The Offer is scheduled to close on **5.00pm (AEDT) on 3 January 2017**. Please refer to Section 2 below for details on how to accept your Entitlement.

Please note that Azure reserves the right, subject to the Corporations Act and the ASX Listing Rules, to amend the Closing Date of the Offer. Any extension or other variation of the Closing Date will have a consequential effect on the date for the allotment of New Shares.

## **1.7 Trading of Entitlements**

The rights to New Shares under the Offer are non-renounceable. Accordingly, there will be no trading of rights on the ASX, and you may not dispose of your rights to subscribe for New Shares under the Offer to any other party. If you do not take up your Entitlement to New Shares under the Offer by the Closing Date, the Offer to you will lapse.

## **1.8 Shortfall Facility**

Subject to the Corporations Act and the requirements of the ASX Listing Rules, Eligible Shareholders who subscribe for their full Entitlement may apply for more New Shares than the number shown on their Entitlement and Acceptance Form. That is, those Shareholders may apply for Additional Shares.

The issue price of each Additional Shares will be \$0.070, being the same price for New Shares under the Offer.

Applications for Additional Shares may be considered if a Shortfall exists.

Additional Shares will be issued to Eligible Shareholders who have indicated they wish to take up Additional Shares at the sole discretion of the Directors, in accordance with the following policy:

- (a) Any Shortfall Shares will be placed to a spread of investors if possible and no Shortfall Shares will be issued or allotted to any Eligible Shareholder which would result in that Eligible Shareholder having a voting power in the Company in excess of 20% on a post Offer basis.
- (b) The Company will not allocate or issue Additional Shares under the Shortfall Facility, where it is aware that to do so would result in a breach of the Corporations Act, the ASX Listing Rules, or any other relevant legislation.
- (c) The Directors of the Company, in allocating Additional Shares under the Shortfall Offer, will do all things reasonably necessary to allocate Additional Shares on a basis that mitigates any control implications on the Company.

- (d) There is no guarantee that Eligible Shareholders will be successful in being allocated any of the Additional Shares that they apply for. The Company may reject any application for Additional Shares or allocate fewer Additional Shares than applied for any Applicant at the sole discretion of the Directors.

There is no guarantee that you will receive Additional Shares. In particular, the Directors may allocate to an Eligible Shareholder a lesser number of Additional Shares than the Eligible Shareholder applied for, or reject any Application for Additional Shares. If the number of Additional Shares allotted to an Eligible Shareholder is less than the number applied for by that Eligible Shareholder, surplus Application Monies will be refunded in full. Interest will not be paid on monies refunded.

If the Directors decide to issue Additional Shares, the Additional Shares will be allotted at the same time as the New Shares under the Offer are allotted and in any event within 3 months of the Closing Date.

## **1.9 Allotment of New Shares and Additional Shares**

The Company will proceed to allocate New Shares as soon as possible after the Closing Date, subject to receiving ASX permission for official quotation of the New Shares.

Allotment of the New Shares is expected to take place on 10 January 2017.

No issue of New Shares or any Additional Shares will be made unless permission is granted for quotation of the New Shares and any Additional Shares on ASX.

Allocation of Additional Shares applied for under the Shortfall Facility will be allocated and allotted in accordance with the allocation policy set out in section 2.3.

Applications Monies will be held in trust for applicants until New Shares and any Additional Shares are allotted. Interest earned on Applications Monies will be for the benefit of Azure and will be retained by Azure irrespective of whether New Shares or any Additional Shares are issued.

Trading of New Shares will, subject to ASX approval, occur on or about the date specified in the timetable.

Successful Applicants will be notified in writing of the number of New Shares allotted to them as soon as possible following the allotment being made.

It is the responsibility of Applicants to determine the number of New Shares allotted and issued to them prior to trading in the New Shares. The sale by an Applicant of New Shares prior to receiving their Holding Statement is at the Applicant's own risk.

## **1.10 ASX listing**

Azure has applied for the listing and official quotation of the New Shares on ASX. If granted, official quotation of the New Shares will commence as soon as practicable after allotment of the New Shares to Applicants. It is the responsibility of Applicants to determine their allocation of New Shares prior to trading.

If the New Shares are not granted official quotation on the ASX within 3 months after the date of this Offer Document, none of the New Shares under this Offer Document will be issued and all Application monies will be refunded without interest to Applicants within the time prescribed by the Corporations Act.

### 1.11 Rights attaching to New Shares

New Shares and any Additional Shares will rank equally with existing Shares and will carry the same voting rights, dividend rights and other entitlements at the date they are issued.

### 1.12 Responsibility of Applicants for Additional New Shares

Section 606(1) of the Corporations Act prohibits a person from increasing their voting power in the Company:

- (a) from 20% or below to more than 20%; or
- (b) at all if they are at a starting point that is above 20% and below 90%,

unless the person falls within one of the exceptions in section 611 of the Corporations Act. Section 611(10) provides, subject to certain conditions, an exception to section 606(1) where the increase occurs as a result of taking up entitlements under a rights issue. However, as:

- (a) the Offer is not being made to Shareholders who do not have a registered address (as shown on the Company's share register) in either Australia or New Zealand; and
- (b) the Company does not currently intend to appoint a Nominee for the purpose of section 615 of the Corporations Act (see section 1.17 below),

an increase in voting power that occurs as a result of taking up either the Offer or the Shortfall Offer, as the case may be, will not fall within the exception in section 611(10) of the Corporations Act.

Accordingly, if you want to apply for New Shares whether under the Offer or under the Shortfall Offer, it is your responsibility to ensure that if you are issued with New Shares in accordance with your Entitlement, or Additional Shares under the Shortfall Offer, as the case may be, you will not be in breach of section 606(1) of the Corporations Act (whether or not that is because you may rely on one of the exceptions in section 611 of the Corporations Act). If you are in any doubt as to the consequences of applying for New Shares you should seek independent legal advice.

### 1.13 Risks

Any investment in Azure involves general risks associated with any investment in shares, including that the price of the New Shares may rise or fall.

There are also a number of risk factors, both specific to Azure and of a general nature, which may affect the future operating and financial performance of Azure and the value of an investment in Azure. Before deciding to invest in Azure, you should carefully consider any risk factors applicable to your investment.

These specific risks include, but are not limited, to:

- (1) *Sale of "CellGuard" business*

On 7 November 2016, the Company announced that its wholly owned subsidiary, Austco Communication Systems Pty Ltd (**Austco**), had entered into a binding Term Sheet with a private entity for the sale of certain assets owned by Austco (and its subsidiaries Austco Marketing & Service (UK) Ltd and Austco Communication Systems (NZ) Ltd) in connection with the Company's CellGuard business (**CellGuard**) (the **Transaction**).

Final Transaction documents are being negotiated. The Transaction remains subject to the execution and completion of final Transaction documentation. There is no guarantee that:

- (i) final Transaction documents will be executed by a specified date, or, if executed, that the Transaction will be completed in accordance with the terms of the final Transaction documents; or
- (ii) the parties to the Transaction will enter into final Transaction documents, or that the Transaction will proceed either in whole or part.

(2) *Currency risk*

As many of the Company's revenue streams are denominated in foreign currency, fluctuations in the exchange rate between the Australian dollar and the relevant international currency may impact on the profitability of the Company.

Other macro-economic factors such as changes in taxation, monetary policy, interest rates and statutory requirements may also have an impact on the profitability of the Company.

(3) *Operating risks*

The operations of Azure may be affected by various factors, including (without limitation) contractual disputes, disruptions, supply shortages and labour conditions where the Company provides services.

(4) *Regulatory changes*

Azure and many of its products that are sold are regulated by various national and local regulations. Changes in those regulations could result in additional costs, seizures, confiscations, recall or fines, any of which could prevent Azure from development and distribution of its products.

(5) *Reliance on key personnel*

Azure currently employs a number of key management personnel, and Azure's future depends on retaining and attracting suitably qualified personnel. The loss of key personnel could adversely affect Azure and its activities. Azure's success depends, in part, on its ability to identify, attract, motivate and retain suitably qualified management personnel. Competition for qualified staff is strong, and the inability to access and retain the services of a sufficient number of qualified staff could be disruptive to the Azure's development efforts or business development and could materially adversely affect its operating results.

Azure has, as far as legally possible, established contractual mechanisms through employment and consultancy contracts to limit the ability of key personnel to join a competitor or compete directly with Azure. Despite these measures, however, there is no guarantee that Azure will be able to attract and retain suitably qualified personnel.

(6) *Reliance on third parties*

Azure may pursue a strategy that forms strategic business relationships with other organisations in relation to potential products and services. There can be no assurance that Azure will be able to attract such prospective organisations and to negotiate appropriate terms and conditions with these organisations or that any potential agreements with such organisations will be complied with.

(7) *Reliance on Key Clients*

The Company relies on several key clients for a material proportion of its revenue. In the event that these clients reduce their operations, terminate the relationship, default on a contract or fail to enter into new contracts going forward, this may have an adverse impact on the financial performance or financial position of the Company.

(8) *Technology*

The Company operates computer systems and other information technology systems designed to maximise the efficiency of operations. If the systems are not adequately maintained, secured or updated, there may be a negative impact on the Company's performance.

(9) *External suppliers*

Azure relies on a number of external suppliers for the provision of its products. Azure notes that many external suppliers can appoint other distributors or cancel existing agreements with notice. There can be no assurance given that the failure of an external supplier(s) will not adversely affect the business of Azure.

(10) *Competition*

The market in which Azure operates within is competitive, and include companies with greater financial, technical, human, research and development and marketing resources than Azure. As a result, Azure's current and future technologies and products may become obsolete or uncompetitive, resulting in adverse effects on revenue, margins and profitability.

(11) *Failure to Win New Projects*

The Company's performance is influenced by its ability to win new projects and complete these projects in a timely manner. The failure to win new projects may adversely impact the Company's financial performance.

(12) *Forecasts*

The Directors consider that it is not possible to accurately predict the future revenues or profitability of Azure's business or whether any revenues or profitability will eventuate. The business of Azure is dependent upon a number of factors and many of these factors are outside the control of Azure. Consequently Azure and the Directors do not make any forecast or representation in relation to the Azure's future financial position or performance.

(13) *Unforeseen expenditure*

Azure may need to incur unforeseen expenditure. Although Azure is not currently aware of any additional expenditure required, if such expenditure is subsequently incurred, this may adversely affect the expenditure proposals of Azure.

(14) *Litigation risk*

Legal proceedings may arise from time to time in the course of Azure's business and Azure cannot preclude the possibility that litigation may be brought against it, or that Azure may be impelled to initiate litigation against other parties in order to protect its legal rights. Litigation involves considerable cost, uncertain outcomes and possibly adverse publicity which negatively impact on the trading price and liquidity of Shares.

(15) *Force majeure*

Force majeure describes events including acts of God, fire, flood, earthquakes, war and strikes beyond the control of a party claiming the occurrence of any such event. To the extent that a Force Majeure event occurs, it may have a detrimental effect on the ability of Azure to operate, its financial performance and the value and price of Shares.

(16) *Future financing*

To the extent that Azure may be required in the future to raise additional equity or debt capital there can be no assurance that Azure will be able to raise that finance on acceptable terms or in a timely manner.

Any additional equity financing will dilute shareholders, and debt financing, if available, may involve restrictions on financing and operating activities. If Azure is unable to obtain additional financing as needed, Azure may be required to reduce the scope of its activities.

(17) *Loss of key customers*

There is no guarantee that Azure will be able to retain existing customers, or attract new customers in the future. This would materially adversely impact the Azure's operating results and viability.

(18) *Market conditions*

A number of factors affect the performance of share market investments that could also affect the price at which the Shares trade on the ASX. The market price of securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general such as acts of terrorism, currency fluctuations and interest rate movements. These factors may materially affect the market price of the Shares regardless of the Company's operational performance.

(19) *Economic risk*

General economic conditions, introduction of tax reform, new legislation, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company's business activities and potential development programmes, as well as their ability to fund those activities.

(20) *Government factors*

The introduction of new legislation or amendments to existing legislation by governments, and the decisions of courts and tribunals, can impact adversely on the assets, operations and, ultimately, the financial performance of Azure.

Any adverse developments in political and regulatory conditions in Australia could materially affect the Azure's prospects. Political and environmental policy changes, such as changes in both monetary and fiscal policies, expropriation, methods and rates of taxation and currency exchange controls may impact the performance of Azure as a whole.

#### 1.14 Underwriting

The Offer is not underwritten.

#### 1.15 Proposed use of funds

Completion of the Offer will result in an increase in cash at hand of up to approximately \$1,018,119 (before the payment of costs associated with the Offer).

The Company intends to apply the net funds raised from the Offer, together with the funds raised from the Placement to repay debt and to fund the ongoing working capital requirements of the Company.

The above is a statement of the Board's current intentions as at the date of this Offer Document. However, Shareholders should note that, as with any budget, the allocation of funds set out above may change depending on a number of factors, including the outcomes of operational and development activities, regulatory developments, market and general economic conditions. The Board therefore reserves the right to alter the way the funds are applied.

### Capital structure

Subject to rounding up of fractional Entitlements, the capital structure of Azure following the issue of New Shares under the Offer (assuming full subscription under the Offer) is expected to be as follows:

Key Data	No.
Shares on issue as at 24 November 2016 (announcement of the Offer)	189,711,544
New Shares to be issued under the Placement (as announced on 24 November 2016)	28,456,731
New Shares to be offered under the Offer	14,544,552
Total number of Shares on issue following the close of the Placement and Offer (assuming full subscription)	232,712,826

### Potential effects of the Offer on control of Azure

The potential effect that the issue of New Shares under the Offer will have on control of the Company is as follows:

- if all Eligible Shareholders take up their Entitlements under the Offer, the issue of New Shares under the Offer will have no effect on the control of the Company and all shareholders will hold the same percentage interest in the Company, subject only to changes resulting from Ineligible Shareholders being unable to participate in the Offer;
- if there is a Shortfall, Eligible Shareholders who do not subscribe for their full Entitlement of New Shares under the Offer, and Ineligible Shareholders unable to participate in the Offer, will be diluted relative to those shareholders who subscribe

for some or all of their Entitlement; and

- (c) in respect of any Shortfall, Eligible Shareholders will be entitled to top-up their shareholding, by subscribing for Additional Shares to be issued from the Shortfall (**Shortfall Offer**). However, the Company will only issue Additional Shares pursuant to an Application received where the Directors are satisfied, in their sole discretion that the issue of the Additional Shares will not increase the applicant's Voting Power to above 20%.

As at the date of the Offer Document, the following four shareholders of Azure are the only shareholders who have notified the Company that they are substantial shareholders (**Existing Substantial Shareholders**).

The table below is intended to illustrate the maximum potential effect the Placement and Offer could have on the control of the Company held by the Existing Substantial Shareholders in the event that:

- (a) only those Existing Substantial Shareholders who are participants in the Placement, are issued their Share entitlement under the Placement; and
- (b) only the Existing Substantial Shareholders take up their full entitlement under the Offer.

The table below assumes that there is no take up of any Entitlements by any other Eligible Shareholders under the Offer other than the Existing Substantial Shareholders. The table below also disregards the effect of any placement of Shortfall Shares under the Offer<sup>2</sup>.

Name	Number of Shares held (prior to Placement)	Voting power % (prior to Placement)	Number of Shares held (post Placement) <sup>3</sup>	Voting power % (post Placement)	Number of Shares held (completion of Rights Offer)	Voting power % (completion of Rights Offer)
Mr Robert Edward Grey	37,409,178	19.72%	43,023,464	19.72%	44,991,036	19.99% <sup>4</sup>
National Nominees Limited ACF Australian Ethical Investment	27,690,755	14.60%	35,190,755	16.13%	37,536,805	16.68%
Asia Pac Technology Pty Ltd	19,750,902	10.41%	27,250,972	12.49%	29,067,629	12.92%
Bill Brooks Pty Ltd ATF Bill Brooks Superannuation Fund	11,091,491	5.85%	11,091,491	5.08%	11,830,924	5.26%

<sup>2</sup> The table assumes that the current shareholdings of the Existing Substantial Shareholders does not alter between the date of the Rights Offer and the Record Date.

<sup>3</sup> Shares under the Placement (as announced to ASX on 24 November 2016) are expected to be issued on 25 November 2016.

<sup>4</sup> No nominee has been appointed for Ineligible Shareholders under section 615 of the Corporations Act, and as such, Eligible Shareholders will not be able to rely on section 611 (Item 10) of the Corporations Act. Accordingly, it is assumed (in the table above) that Mr Robert Edward Grey can apply up to that portion of his entitlement under the Rights Offer, such that his voting power on a post Rights Offer basis does not exceed 20%.

While the final percentage interests held by Shareholders of the Company is entirely dependent on the extent to which other Eligible Shareholders take up their Entitlements and any Additional Shares under the Shortfall Offer, the Company expects that the potential effect of the issue of New Shares under the Offer on the control of the Company will be minimal.

The effect of the Offer, and in particular, the effect of the placement of any Shortfall Shares, on control of the Company are further mitigated for the following reasons:

- (a) No nominee will be appointed for the purposes of section 615 of the Corporations Act and accordingly an Eligible Shareholder is not permitted to acquire New Shares under the Rights Offer if the acquisition results in the Eligible Shareholder having a voting power in the Company in excess of 20% on a post Rights Offer basis (see section 1.17 below).
- (b) Any Shortfall Shares will be placed to a spread of Eligible Shareholders if possible and no Shortfall Shares will be issued or allotted to any Eligible Shareholder which would result in that Eligible Shareholder having a voting power in the Company in excess of 20% on a post Rights Offer basis.
- (c) The Company will not allocate or issue Additional Shares under the Shortfall Facility, where it is aware that to do so would result in a breach of the Corporations Act, the ASX Listing Rules, or any other relevant legislation.
- (d) The Directors of the Company, in allocating Additional Shares under the Shortfall Offer, will do all things reasonably necessary to allocate Additional Shares on a basis that mitigates any control implications on the Company.
- (e) There is no guarantee that Eligible Shareholders will be successful in being allocated any of the Additional Shares that they apply for. The Company may reject any application for Additional Shares or allocate fewer Additional Shares than applied for any Applicant at the sole discretion of the Directors.

#### **1.17 Rights issue exception not available**

No nominee has been appointed for Ineligible Shareholders under section 615 of the Corporations Act and, as such, Eligible Shareholders will not be able to rely on the exception for rights issues in item 10 of Section 611 of the Corporations Act. Accordingly, when an Eligible Shareholder applies for some or all of their Entitlement, they must have regard to section 606 of the Corporations Act. Eligible Shareholders who may be at risk of exceeding the 20% voting power threshold in Section 606 as a result of acceptance of the Entitlement Offer should seek professional advice before completing and returning the Entitlement and Acceptance Form.

#### **1.18 Director intentions**

The Company's Directors have shown their support for the Offer by indicating that they intend to subscribe for all of their Entitlements under the Offer.

## **2 HOW TO APPLY FOR NEW SHARES**

### **2.1 What Eligible Shareholders may do**

The number of New Shares to which you are entitled is shown on the enclosed Entitlement and Acceptance Form.

You may:

- (a) take up all of your Entitlement (refer to section 2.2 below);
- (b) in addition to applying for all of your Entitlement, apply for Additional Shares under the Shortfall Facility described in section 1.8 (refer to section 2.3 below);
- (c) take up part of your Entitlement and allow the balance of your Entitlement to lapse (refer to section 2.2 below); or
- (d) allow all of your Entitlement to lapse (refer to section 2.6 below).

### **2.2 Applying for New Shares**

An Eligible Shareholder may take up all or part of their Entitlement by completing the Entitlement and Acceptance Form which accompanies this Offer Document and returning it to:

*Azure Healthcare Limited 2016 Rights Issue  
Computershare Investor Services Pty Limited  
PO Box 505  
MELBOURNE VIC 3000*

by no later than 5.00 pm (AEDT) on the Closing Date.

The Company may, but is not obliged to, accept an Application received after the Closing Date. If the Company does not accept an Application for any reason, the Company will refund any excess Application Monies to the Eligible Shareholder, without interest, not later than 10 Business Days after the New Shares are allotted.

If you allow part of your Entitlement to lapse, your shareholding in Azure will be diluted.

### **2.3 Applying for Additional Shares**

Eligible Shareholders who subscribe for their full Entitlement may apply for Additional Shares under the Shortfall Facility described in section 1.8. In order to apply for Additional Shares you must be an Eligible Shareholder and must have first taken up your Entitlement in full.

To do this, complete the “Additional Shares” section provided on the Entitlement and Acceptance Form.

Additional Shares will be issued to Eligible Shareholders who have indicated they wish to take up Additional Shares at the sole discretion of the Directors, in accordance with the following policy:

- (a) Any Shortfall Shares will be placed to a spread of investors if possible and no Shortfall Shares will be issued or allotted to any Eligible Shareholder which would result in that Eligible Shareholder having a voting power in the Company in excess of 20% on a post Offer basis.

- (b) The Company will not allocate or issue Additional Shares under the Shortfall Facility, where it is aware that to do so would result in a breach of the Corporations Act, the ASX Listing Rules, or any other relevant legislation. Eligible Shareholders wishing to apply for Additional Shares must consider whether or not the issue of the Additional Shares applied for would breach the Corporations Act, or the ASX Listing Rules having regard to their own circumstances.
- (c) The Directors of the Company, in allocating Additional Shares under the Shortfall Offer, will do all things reasonably necessary to allocate Additional Shares on a basis that mitigates any control implications on the Company.
- (d) There is no guarantee that Eligible Shareholders will be successful in being allocated any of the Additional Shares that they apply for. The Company may reject any application for Additional Shares or allocate fewer Additional Shares than applied for any Applicant at the sole discretion of the Directors.

## 2.4 Form of payment

Payment of Application Monies will only be accepted in Australian currency and as follows:

- (a) by BPAY®.

Eligible Shareholders can make their payment by BPAY® in accordance with the instructions set out in accompanied personalised Entitlement and Acceptance Form.

**It is the responsibility of the Eligible Shareholder to ensure that their BPAY® payment is received by no later than 5.00pm (AEDT) on the Closing Date** using the reference number on the Entitlement and Acceptance Form. You should be aware that your financial institution may implement earlier cut-off times with regards to electronic payment and you should therefore take this into consideration when making payment.

The reference number is used to identify your holding. If you have multiple holdings you will have multiple reference numbers. You must use the reference number on each Entitlement and Acceptance Form to pay for each holding separately.

Eligible Shareholders making a payment by BPAY® are not required to return their Entitlement and Acceptance Form;

- (b) by bank cheque drawn on and redeemable at any Australian bank; or
- (c) by personal cheque drawn on and redeemable at any Australian bank.

Cheques or bank cheques should be made payable to **“Azure Healthcare Limited”** and crossed **“Not Negotiable”**.

Eligible Shareholders are asked not to forward cash, as cash payments will not be accepted. Receipts for payment will not be provided.

If you do not receive any or all of the Additional Shares you applied for, any excess Application Monies will be returned to you (without interest).

## 2.5 Effect of Application

By applying for New Shares under an Offer (including by way of a payment through BPAY), an Eligible Shareholder is taken to:

- (a) represent that they are an Eligible Shareholder, and are not in the United States and are not a person (including nominees or custodians) acting for the account or benefit of a person in the United States and are not otherwise a person to whom it would be illegal to make an offer or issue New Shares under the Offer;
- (b) agree to be bound by the terms and conditions set out in this Offer Document and the Entitlement and Acceptance Form;
- (c) represent on behalf of each person on whose account you are acting that you acknowledge that the New Shares have not been, and will not be, registered in any jurisdiction outside Australia or New Zealand, and accordingly the New Shares (and the Additional Shares) may not be offered, sold or otherwise transferred except in accordance with an available exemption from, or in a transaction not subject to, any other applicable securities laws;
- (d) authorise the Company to place the Eligible Shareholder's name on the Company's shareholder register in respect of those New Shares; and
- (e) agree to be bound by the Company's constitution.

## **2.6 Allowing your Entitlement to lapse**

If you do nothing, all of your Entitlement will lapse and your shareholding in Azure will be diluted.

This Offer Document was lodged with ASX on 24 November 2016.

Section 708AA of the Corporations Act requires an entity who seeks to rely on the disclosure exemption in section 708AA to lodge a “cleansing notice” with ASX which:

- (1) sets out any information that had been excluded from a continuous disclosure notice in accordance with the Listing Rules and that investors and their professional advisers would reasonably require, and would reasonably expect to find in a disclosure document, for the purpose of making an informed assessment of:
  - (a) the assets and liabilities, financial position and performance, profits and losses and prospects of Azure; or
  - (b) the rights and liabilities attaching to the New Shares; and
- (2) states the potential effect of the issue of the New Shares on control of Azure and the consequences of that effect.

Azure lodged a cleansing notice in respect of the Offer with ASX on 24 November 2016.

In deciding whether or not to apply for New Shares and any Additional Shares under the Offer, you should rely on your own knowledge of Azure, refer to the documents lodged and the disclosures made by the Company on ASX (which are available on the ASX website at [www.asx.com.au](http://www.asx.com.au) (Azure ASX Code: AZV)) and seek advice from your financial or professional adviser.
