### **Market Update**

The Directors and Chief Executive are pleased to advise the market that EVZ Limited subsidiary TSF Engineering P/L has successfully achieved Practical Completion on the 8MW Trigeneration Plant at Melbourne Airport.

Practical Completion was confirmed today having been achieved in accordance with the terms of the Design & Construct Contract, the plant has now moved into defects liability period.

The plant provides three forms of energy (electricity, cooling and heating) to Melbourne Airport on a daily basis to meet their expanding capacity and growth needs.
