About buyMyplace

buyMyplace, is an online real estate company enabling Australians to sell their homes without paying fees and commissions to real estate agents. The company was established to capitalise on an anticipated trend in the Australian property market of selling homes privately online, mirroring the adoption of this practice in the US, Canada and Europe. The business model has been validated with over 3,000 customers having sold their own properties using buyMyplace since 2009. buyMyplace generates revenues by charging an up-front listing fixed fee plus a range of additional services, which incorporate a margin on prices charged to the vendor.

buyMyplace holds real estate licenses in every state of Australia and customers can choose from four packages providing an automatic listing on major property portals realestate.com.au and Domain, a 'for sale' signboard, brochure ware plus unlimited free online and telephone support until sold. Up to seven additional portals are available to vendors as well as a range of additional products and services is also available, including professional photography, negotiation support, auctioneers, featured listings on the major property portals plus unlimited phone and online vendor support until their property is sold.
