Dear Kate,

Re: Request for Trading Halt

Environmental Clean Technologies Limited (ASX: ESI) requests an immediate trading halt in the Company's securities pursuant to ASX Listing Rule 17.1.

The Company has received a Certificate for Finding from AusIndustry to its application for an Advance Finding and Overseas Ruling in relation to its Coldry project in India.

The trading halt is requested pending the detailed review of the finding by the Company so that it may provide a thorough update to shareholders.

We are not aware of any reason why the trading halt should not be granted and we expect that the halt will be ended by an announcement by the Company regarding the Finding.

Yours sincerely,

Adam Giles
*Operations Manager
& Company Secretary*
