The Placement, which was lead managed by Bell Potter Securities Limited with D.J. Carmichael Pty Limited as co-lead, was well supported by a number of Australian small cap institutional investors and sophisticated and professional investors.

The Company welcomes its new shareholders to the register including cornerstone investor Collins Street Asset Management from Melbourne. The Placement proceeds of \$5.4 million (before costs) will be utilised by Crowd Mobile to strengthen its balance sheet and to pay down debt. The Company's net debt is expected to be approximately \$3.4m once the Placement is completed.

Settlement of the Placement (other than the shares to Directors) is expected to occur on 27 April 2017, and new shares under the Placement are expected to be issued on 28 April 2017. The Company will seek shareholder approval for Theo Hnarakis and Domenic Carosa and their associated entities to participate in the Director Placement at a general meeting to be held in the coming months.

The new Shares issued under the Placement will rank equally with existing Crowd Mobile shares, and the Company will apply for quotation of the new shares on ASX.

Crowd Mobile's Chief Executive Officer, Domenic Carosa: "I am delighted to welcome numerous small cap institutional and sophisticated investors onto the Crowd Mobile share register including Collins Street Asset Management as cornerstone investor.

After this raising and the subsequent strengthening of the balance sheet, we have no intention of raising any further capital for the foreseeable future. The Company will be dedicating its time and resources over the coming year into its significant pipeline of organic growth initiatives, especially within the digital influencer space"

Crowd Mobile expects to release its March 2017 Quarter Results (Q3 FY17) on Wednesday, 26 April 2017.
