OPERATING AND FINANCIAL REVIEW

The first half of 2017 has seen a period of transformational change for the organisation. During this period, the business completed a comprehensive strategic review identifying opportunities for the organisation to invest in human resources, and the need to increase the existing channels of product distribution in all core markets.

To support the strategy highlighted above, the business recruited and filled key leadership positions. Firstly, the appointment of Mr Chin Khoo as CFO provides significant financial expertise to the organisation. The next major appointment was Dr Edward Choo as CEO Asia. This appointment is a reinforcement of the Company's desire and commitment to growing our Asian markets. To round out the leadership group the Company appointed Mrs Melissa Pereira as the Head of Marketing. The group's future marketing and branding strategies will play a vital role in developing a stronger relationship between our brands and consumers. The new leadership structure brings together a combination of highly competent individuals, with the capabilities to meet the Company's future growth aspirations.

Several strategic decisions have taken place to ensure that the Herbs of Gold brand is better positioned to create broader mainstream distribution appeal. One recent initiative was the launch of new packaging and labeling. The new look provides a modern update to the range, whilst aiding faster product selection and easier product comparison for the consumer. The Herbs of Gold brand will also be updating and reinvigorating all marketing and point of sale material to reflect the fresh direction of the brand. The new packaging will have a positive impact both in the domestic and international markets.

The VitaHealth brand will remain the core product offering within Asia. VitaHealth is celebrating its 70th year of operation and continues to be a well trusted brand within the region. That said, the Company will look to increase our market presence of the Vitahealth brand. This strategy will include the targeting of new distribution retail stores within Asia moving forward.

Our existing markets are tracking steadily, however all markets will require continued investment in advertising and promotional activity. This investment will create broader channel appeal whilst increasing consumer awareness for all brands.

Management is confident in its new strategy but recognises that it must take a longer term view with regards to the group's performance.

Operating Results for the Half Year

This reporting period, the Group recorded revenue of \$17.66 million, marginally lower by 2.4% (or \$0.43 million) on the prior corresponding period (PCP) with a consolidated profit after tax attributable to members of \$1.54 million, a decrease of 17.8% (or \$0.33 million) on the PCP of \$1.87 million.

A summary of the Group's individual business units' performance follows:

Australia

Revenue decreased 5.6% (or \$0.46 million) against PCP to \$7.63 million. The revenue base of the Herbs of Gold brand in Australia was sustained within a highly competitive domestic market. Domestic sale of Herbs of Gold brand to local Australian chinese exporters were affected by a slower uptake in the first half. EBIT decreased by 25.2% (or \$0.50 million) mainly from the lower revenue base.

Malaysia

The Malaysian business performed exceptionally well. Revenue and EBIT increased by 8.9% and 67.1% respectively over the PCP when measured in local currency. However, the combination of a strong Australian Dollar and a weak Malaysian Ringgit resulted in revenue decreasing marginally to \$5.79 million or by 1.1% against PCP. However, EBIT increased to \$0.80 million or by 20.9% over the PCP.

Singapore

Revenue of \$3.10 million was steady against PCP, however EBIT decreased by 26.5% to \$0.59 million against the PCP. This was mainly due to higher advertising and promotional expenses in a very competitive Singapore market place.

Other Markets: Vietnam, Indonesia, Thailand, China.

The Vietnam market continues to grow steadily whilst Indonesia recorded revenue gains through a distribution agreement with a major pharmacy chain. Thailand sales decreased marginally due to competitive pressure.

Mainland China consumer sales continue to be slow, a reflection of the implementation phase with our exclusive distributor. Future revenue expectations from this market remains strong leading into 2018.

1. CORPORATE INFORMATION

The Half Year financial report of Vita Life Sciences Limited ("Vita Life Sciences") and its controlled entities ("the Group") for the half year ended 30 June 2017 was authorised for issue by a resolution of the directors on the date of this report.

Vita Life Sciences is a Company limited by shares, incorporated and domiciled in Australia, whose shares are publicly traded on the Australian Securities Exchange ("ASX").

The nature of the operations and principal activities of the Group are described in the Directors' Report.

2. BASIS OF PREPARATION

These general purpose condensed consolidated financial statements for the half-year reporting period ended 30 June 2017, have been prepared in accordance with the requirements of the Corporations Act 2001, and Australian Accounting Standard AASB 134 "Interim Financial Reporting." The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Vita Life Sciences Limited. As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 31 December 2016, together with any public announcements made during the following half-year.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements.

The half-yearly condensed consolidated financial statements have been prepared on a historical cost basis.

FOR THE HALF YEAR ENDED 30 JUNE 2017

New and amended accounting standards and interpretations adopted by the Group

The Group adopted the following Australian Accounting Standards (new and amended) from the mandatory application date of 1 January 2017. The new and amended Standards are not expected to have a significant impact on the Group's financial statements.

AASB 2014-1 Amendments to **Australian Accounting Standards**

Amends AASB 1 First-time Adoption of Australian Accounting Standards, which arise from the issuance of AASB 14 Regulatory Deferral Accounts.

AASB 2016-1 Amendments to Australian Accounting Standards -**Recognition of Deferred Tax Assets for** Unrealised Losses [AASB 112]

This Standard amends AASB 112 Income Taxes to clarify the circumstances in which the recognition of deferred tax assets may arise in respect of unrealised losses on debt instruments measured at fair value.

AASB 2016-2 Amendments to Australian Accounting Standards -Disclosure Initiative: Amendments to **AASB 107**

This Standard amends AASB 107 Statement of Cash Flows to include additional disclosures and reconciliation relating to changes in liabilities arising from financing activities, including both changes arising from cash flows and noncash changes.

New accounting standards and interpretations not yet adopted

Accounting Standards and Interpretations issued by the AASB that are not yet mandatorily applicable to the Group, together with an assessment of the potential impact of such pronouncements on the Group when adopted in future periods, are discussed below:

Applicable to annual reporting periods beginning on or after 1 July 2017:

AASB 2014-10: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to AASB 10 and AASB

Amends AASB 10 and AASB 128 to remove the inconsistency in dealing with the sale or contribution of assets between an investor and its associate or joint venture. A full gain or loss is recognised when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognised when a transaction involves assets that do not constitute a business. even if these assets are housed in a subsidiary.

The mandatory application date of AASB 2014-10 has been amended and deferred to annual reporting periods beginning on or after 1 January 2018 by AASB 2015-10. This amended Standard is not expected to have a significant impact on the Group's financial statements.

AASB 9: Financial Instruments

AASB 9 includes requirements for the classification and measurement of financial assets and incorporates amendments to the accounting for financial liabilities and hedge accounting rules to remove the quantitative hedge effectiveness tests and have been replaced with a business model test.

AASB 9 improves and simplifies the approach for classification and measurement of financial assets compared with the requirements of AASB 139 as follows:

a) Financial assets that are debt instruments will be classified based on (1) the objective of the entity's business model for managing the financial assets; (2) the characteristics of the contractual cash flows.

2. BASIS OF PREPARATION (CONTINUED)

- b) Allows an irrevocable election on initial recognition to present gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. Dividends in respect of these investments that are a return on investment can be recognised in profit or loss and there is no impairment or recycling on disposal of the instrument.
- c) Financial assets can be designated and measured at fair value through profit or loss at initial recognition if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities, or recognising the gains and losses on them, on different bases.
- d) Where the fair value option is used for financial liabilities the change in fair value is to be accounted for as follows:
 - i)The change attributable to changes in credit risk are presented in other comprehensive income (OCI)
 - ii)The remaining change is presented in profit or loss.

AASB 2012-6 also modifies the relief from restating prior periods by amending AASB 7 to require additional disclosures on transition to AASB 9 in some circumstances. Consequential amendments were made to other standards as a result of AASB 9 by AASB 2014-7 and AASB 2014-8. The mandatory application date of AASB 9 has been deferred to annual reporting periods beginning on or after 1 January 2018 by AASB 2014-1.

Although the Directors anticipate that the adoption of AASB 9 may have an impact on the Group's financial instruments, including hedging activity, it is impracticable at this stage to provide a reasonable estimate of such impact.

FOR THE HALF YEAR ENDED 30 JUNE 2017

AASB 15: Revenue from Contracts with Customers

AASB 15 replaces AASB 118 Revenue, AASB 111 Construction Contracts and four Interpretations issued by the AASB and amends the principles for recognising revenue from contracts with customers. It applies to all contracts with customers except leases, financial instruments and insurance contracts. The Standard requires an entity to recognise revenue on a basis that depicts the transfer of promised goods or services to customers at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. To achieve that principle, an entity shall apply all of the following steps:

- a) identify the contract with a customer;
- b) identify the separate performance obligations in the contract;
- c) determine the transaction price;
- d) allocate the transaction price to the separate performance obligations in the contract; and
- e) recognise revenue when (or as) the entity satisfies a performance obligation.

Consequential amendments to other Standards are made by AASB 2014-5 Amendments to Australian Accounting Standards arising from AASB 15. The mandatory application date of AASB 15 has been deferred to annual reporting periods beginning on or after 1 January 2018 by AASB 2015-8.

Although the Directors anticipate that the adoption of AASB 15 may have an impact on the Group's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

AASB 16: Leases

AASB 16 replaces AASB 117 Leases and set out the principles for the recognition, measurement, presentation and disclosure of leases.

AASB 16 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligations to make lease payments.

A lessee measures right-of-use assets similarly to other non-financial assets (such as property, plant and equipment) and lease liabilities similarly to other financial liabilities. As a consequence, a lessee recognises depreciation of the right-of-use asset and interest on the lease liability, and also classifies cash repayments of the lease liability into a principal portion and an interest portion and presents them in the statement of cash flows applying AASB 107 Statement of Cash Flows.

AASB 16 substantially carries forward the lessor accounting requirements in AASB 117 Leases. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for those two types of leases differently.

This Standard applies to annual reporting periods beginning on or after 1 January 2019. Earlier application is permitted provided the entity also applies AASB 15 Revenue from Contracts with Customers at or before the same date.

Although the Directors anticipate that the adoption of AASB 16 may have an impact on the Group's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

- c) During the half year ended 30 June 2017, the Company approved loans to the Managing Director Mr Andrew O'Keefe totalling \$1,380,000 in order for Mr O'Keefe to purchase a total of 1,000,000 shares under the Company's Long Term Incentive Plan.

The cost of the equity-settled transactions is measured by reference to the fair value of the equity instruments at the date at which they were granted. The cost is recognised in the income statement together with a corresponding increase in equity, over the period in which the performance and / or service conditions are fulfilled (the vesting period), ending on the date on which the employees become fully entitled to the award (the vesting date).

For the half year ended 30 June 2017, the Company recognised net expense of \$65,000 (Half year ended 30 June 2016: net income of \$114,000) in the income statement with a corresponding increase in employee share based payment reserve (Half year ended 30 June 2016: decrease in employee share based payment reserve).

7. DIVIDEND

An unfranked dividend of 2.25 cents per share amounting to \$1,238,570, fully paid out of conduit foreign income (2016: 2.25 cents per share unfranked totalling \$1,244,000) was paid on 23 March 2017 in relation to the year ended 31 December 2016.

A fully franked interim dividend of 1.5 cents per share has been declared and will be paid on 5 October 2017. The record date for the interim dividend is 22 September 2017.

8. COMMITMENTS

Capital commitments at 30 June 2017 for the renovation works of the Group's new warehousing and laboratory premises in Kuala Lumpur were \$132,970 (2016: \$713,000).

Independent Review Report To the Members of Vita Life Sciences Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Vita Life Sciences Limited and the entities it controlled during the period which comprises the condensed consolidated statement of financial position as at 30 June 2017, the condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity, condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of Vita Life Sciences Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410: Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the company's financial position as at 30 June 2017 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As auditor of Vita Life Sciences Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion. Our review did not involve an analysis of the prudence of business decisions made by directors or management.

Matters Relating to Electronic Publication of the Reviewed Financial Report

This review report relates to the financial report of Vita Life Sciences Limited for the half year period ended 30 June 2017 included on the website of Vita Life Sciences Limited. The directors of the company are responsible for the integrity of the website and we have not been engaged to report on this integrity. This review report refers only to the subject matter described above. It does not provide an opinion on any other information which may have been hyperlinked to or from the financial report. If users of the financial report are concerned with the inherent risk arising from publication on a website, they are advised to refer to the hard copy of the reviewed financial report to confirm the information contained in this website version of the financial report.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Vita Life Sciences Limited and the entities it controlled during the period is not in accordance with the Corporations Act 2001 including:

- a) giving a true and fair view of the consolidated entity's financial position as at 30 June 2017 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Yours sincerely,
