The SPP will allow shareholders who at the record date of 7pm (Sydney time) on 11 August 2017, have a registered address in Australia or New Zealand, the opportunity to subscribe for a maximum of \$A15,000 worth of ordinary shares in the Company at a subscription price of A\$0.07 per share. CEO Comment

Commenting on the SPP, Byron's Chief Executive Officer, Mr. Maynard Smith said:-

"The SPP will allow eligible shareholders to subscribe for shares at the same issue price as the recently announced placement of \$A26.5 million (before costs). The SPP offers shareholders the opportunity to continue to support Byron's strategy in the shallow waters of the Gulf of Mexico. Following our drilling success at SM 71, now under development, we look forward to further development drilling at SM 71 followed by production in early 2018.

We thank shareholders for their continued support."
