RNY Property Trust (ASX:RNY) – Update to RNY Unitholders

RNY Australia Management Limited (RAML) as responsible entity of RNY Property Trust (the Trust) notes that with regards to Aurora's 1.5c offer for RNY units both of the Independent Directors of RAML (Philip Meagher & Mervyn Peacock) intend to accept such bid in connection with their personal holdings of RNY units as soon as possible. The Independent Directors agree with RAML's recommendation to accept Aurora's unconditional 1.5c bid price, and wish to reiterate that the timing is such that unitholders have very little time to accept before the closing date (11 October 2017). This means that in order to benefit from Aurora's 1.5c unconditional offer unitholders will need to act **URGENTLY** and **DILIGENTLY** to ensure they accept (if they wish to) prior to the deadline.

The Trust is managed by RAML, an Australian licensed responsible entity which is an affiliate of RXR Realty. Other affiliates of RXR serve as property manager, leasing agent, asset manager, and construction manager and provide other services to the properties in the Trust portfolio. RXR is one of the New York Tri-State area's leading real estate companies, specializing in the acquisition, leasing, financing, property and asset management, design and development, and construction of commercial properties.

Certain statement herein relate to the Trust's future performance ("forward looking statements"). Although RAML believes such statements are based on reasonable assumptions, forward-looking statements are not guarantees of results and no assurance can be given that the expected results will be delivered. Such forward-looking statements are subject to certain risks, trends and uncertainties that could cause actual results to differ materially from those expected. Among those risks, trends and uncertainties are the general economic climate, including the conditions affecting industries in which principal tenants compete; financial condition of tenants; changes in the supply of and demand for office properties in the New York Tri-State area; changes in interest rate levels and changes in credit ratings and changes in the cost of and access to capital.
