AURORA GLOBAL INCOME TRUST
ASX CODE: AIB

We advise that the Net Tangible Asset Value (**NAV**) per Unit of the Trust including franking credits as at 30 September 2017 was \$0.6160 (Ex-Dividend).

The Trust has an exposure to Molopo Energy Limited (**MPO**). MPO has been in a trading halt since 27 July 2017 pending the announcement of a strategic investment, and as a result its securities are currently suspended from quotation.

Unit holders should note the Trust's announcement on 10 July 2017 that the Takeovers Panel has made orders for MPO shares held by the Trust to be vested in the Commonwealth and sold by a broker appointed by the Australian Securities and Investments Commission within 6 months, with proceeds of sale (net of costs) being paid to the Trust.

Unit holders should understand there is inherent uncertainty in the NAV of the Trust, due to the final outcome of the MPO share sale process being unknown.
