Resignation of Chief Financial Officer

Regrettably, due to personal health reasons, Darryl Inns, the Chief Financial Officer of iSelect Limited (ASX: ISU), has had to tender his immediate resignation today.

iSelect Managing Director & CEO, Scott Wilson, said: "Darryl has been part of the management team over a short period of significant change that has seen the Company return to growth. I thank him for his commitment, and sincerely hope that Darryl deals with his health issues quickly and returns to full health. Personally, I wish him and his family all the very best for his recovery and the future."

With a strong and experienced finance team in place, over the short term that team will be overseen by the Company's Chief Operating Officer, Henriette Rothschild.

A search process will be undertaken to appoint a new Chief Financial Officer, and the Company will update the market in due course.

About iSelect

At iSelect, we get that most people find insurance, utilities and personal finance boring. But we understand that it's really important to always get these things right. As Australia's Life Admin Store™, iSelect gives customers the confidence to make the right call on some of the things that matter most.

Last year, more than 9 million Australians visited our website at www.iselect.com.au, and we provided recommendations to over 6 million customers. But we are much more than just another online comparison website. Our highly-trained experts at iSelect HQ help customers to choose and buy from thousands of available policies, products and plans. And we provide our advice at no cost to the customer.

We compare and sell some of Australia's biggest brands and are proud to be ASX-listed and, unlike other comparison sites, we are not owned by an insurance company. From health and life insurance through to energy and broadband, as well as car insurance and home loans, iSelect helps Australians take care of the boring but important stuff.

In addition, iSelect increased its exposure to the fast-growing South East Asian region, taking a majority interest in Intelligent Money Sdn. Bhd ('iMoney'). iMoney operates in the high-growth consumer markets of Malaysia, Singapore, Indonesia and the Philippines, and has a similar business model to iSelect, offering an end-to-end service to its customers in personal financial services, insurance and broadband/telco products.
