About Gentrack

Gentrack provides essential software for essential services, pairing powerful platforms with deep market knowledge to help utilities and airports lower service costs, foster innovation and confidently navigate market reform. It employs over 350 people in offices across New Zealand, Australia, the UK and Europe and services over 200 utility and airport sites in 20 countries with its leading solutions including Gentrack Velocity, Junifer, Airport 20/20, BlipTrack and Concessionaire Analyzer+ (CA+).

Velocity and Junifer are leading billing and customer management solutions providing a full range of proven capabilities from SaaS solutions for new entrant energy and water suppliers, to cloud hosted and on premise solutions for larger utilities in competitive markets where flexibility, uniqueness and compliance are essential.

Airport 20/20, BlipTrack and CA+ provide a comprehensive solution suite engineered to connect and unlock the value of airport operational, revenue, concession and passenger data. This real-time insight enables airports to run a more efficient operation, uncover new growth opportunities and build an outstanding traveller experience.
