**About Imagion Biosystems**

Imagion Biosystems is at the crossroads of biotechnology and nanotechnology. Its novel bioimaging and nanomagnetic detection systems have been developed specifically to detect cancer and other diseases earlier and with higher specificity than is currently possible. With MagSense™ technology, the company has the potential to optimise patient care and reduce mortality rates across various cancer indications. Based in Albuquerque, New Mexico, Imagion Biosystems listed on the Australian Securities Exchange (ASX) in June 2017.
