Dear Kobe,

Re: Request for Trading Halt

Environmental Clean Technologies Limited (ASX: ESI) requests an immediate trading halt in the Company's securities pursuant to ASX Listing Rule 17.1.

The Company is in the process of finalising arrangements in relation to its capital management program.

We are not aware of any reason why the trading halt should not be granted and we anticipate that the halt will be ended by an announcement by the Company outlining the changes to its capital management program.

Yours sincerely,

Martin Hill
