<b>Statutory NPAT</b>	<b>8.3</b>	<b>8.7</b>	<b>(0.4)</b>	<b>(4.6%)</b>

- **Operating revenue up 5.8% to \$92.8m:**
  - Volume growth of 8.5%<sup>(1)</sup>
  - Management initiatives delivered strong growth in November and December and is expected to continue
- **Expense growth declined as a % of revenue**
  - Labour costs declined as a % of revenue, including ~\$0.6m of provision for incentives not included in prior year numbers. Decline in labour costs reflects management's approach to flexing labour to demand
  - Consumables costs down 8% or \$0.4m from prior year despite volumes up by 8.5%. Driven by the vendor supply audit and efficiency initiative. Savings are expected to continue
  - Occupancy and service costs declined as a % of revenue driven by cost efficiency initiatives. Further improvements are expected
- **EBITDA margin improvement**
  - Increase of \$2.1m for the half, operating margin increase of 1.3% to 20.3% (1H17: 19.0%)
- **1H18 dividend of 4.0cps fully franked has been declared and will be paid on 5th March 2018**

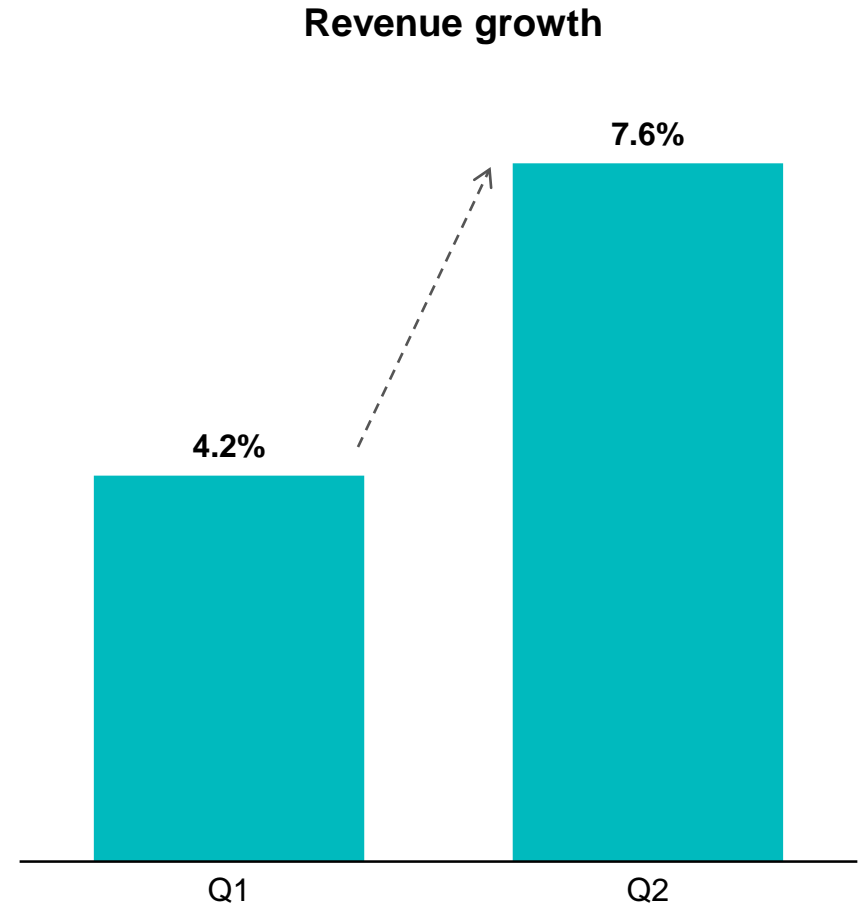

(1) Revenue is lower than volume growth due to increased proportion of reporting contracts. Excluding reporting contracts, average fee per exam has increased.

# Integral revenue growth improved materially in the second quarter

Improvement in Q2 driven by management initiatives implemented July to October:

- Restructured call centres in QLD and WA
  - Improving service levels
  - Facilitating patient triage
  - Increasing capacity utilisation
- Focused marketing initiatives utilising national best practice
  - All three businesses performed materially better in Q2
- Growth expected to be sustained but impacted in 2H by:
  - Commonwealth Games in QLD
  - Planned downtime for equipment replacements
  - St John of God hospital in Geelong refurbishment disruptions

# Balance sheet

Conservative gearing, with net debt / LTM EBITDA of 1.2x and flexibility to fund accretive growth

- Cash increased by \$4m from 1H17
- 1H18 net debt of \$42.3m (1H17: \$50.6m)
  - 1.2x LTM EBITDA prior to one off transactions as at 31 December 2017 (1H17 1.5x)
- Finance facilities renewed in December 2017 for 3 years providing access to \$130m of funding facilities
  - Average cost of debt at less than 3.7% (based on BBSW of 1.72% 4 January 2018)
- Intangible assets of \$103.6m includes Goodwill and brands, which are tested at least annually for impairment and customer contracts which will be fully amortised in February 2018
- Current employee entitlements provisions of \$9.8m declined in line with reducing employee costs
- Trade and other payables have increased due to accrual for takeover response costs and a progress payment due on capital works

## 4. Outlook

# Outlook

- As announced to the ASX on 12 January, the Company now expects achievement of full year normalised NPAT growth of around 20% (before takeover response costs and transaction costs)
- Capex is expected at \$17m (growth \$8m, replacement \$9m)
- The material changes from previous guidance of high single digit growth and \$18m capex has been driven by:
  - Strong revenue growth – higher than forecast in both November and December resulting from management growth initiatives which is expected to continue;
  - Delivery of, and increasing traction on, cost efficiency initiatives across all areas;
  - Favourable resolution of negotiations on surplus lease space in early December;
  - Reduction of effective tax rate from 30% to 28% due to adoption of capital valuations for tax depreciation purposes; and
  - Lower capital spending driven by economies of scale in equipment purchasing and strategic collaboration with radiologists to ensure fit for purpose selection of equipment and technology.

# Update on Capitol Health Takeover Bid

## TAKE NO ACTION

- Capitol Health announced an unsolicited hostile takeover bid for Integral Diagnostics on 29 November 2017. On 22 December 2017, Capitol Health released a copy of its proposed bidder's statement to the ASX.
- Integral Diagnostics has since written to Capitol Health about a number of issues in the bidder's statement and has requested amendments.
- Capitol Health has not yet finalised the content of its bidder's statement for dispatch to Integral Diagnostics shareholders.
- The Board reiterates that Integral Diagnostics shareholders should TAKE NO ACTION in relation to Capitol Health's unsolicited takeover bid until they have reviewed Integral Diagnostics' target's statement, which will be provided to shareholders no later than 15 days after Capitol Health has dispatched its bidder's statement.
- The target's statement will contain the Board's recommendation and its rationale, an outline of shareholder options and an opinion from an independent expert as to whether the offer is fair and reasonable to shareholders.
