

ASX ANNOUNCEMENT | 26 January 2018

Smart Parking Limited (ASX: SPZ) Appendix 4C

Smart Parking Limited (ASX: SPZ) (**Company**) is a global car parking technology business providing effective parking management solutions around the world. Our world leading technology for parking design, development and management is deployed across two core divisions:

- Parking Management operates exclusively in the United Kingdom, specialises in managing car parks on behalf of retail customers, land owners and managing agents and currently generates approximately 85% of Smart Parking's revenue.
- Technology has a global presence and designs, develops and specialises in on-street and off-street bay sensor technology and data communication software, enabling clients to manage parking efficiently and cost effectively.

Appendix 4C

Under Guidance Note 23 of the ASX Listing Rules the Company is no longer required to file a Quarterly Cash Flow Report as it has reported more than 4 consecutive quarters of positive operating cash flows.

The company will provide a trading update when it announces Interim results in February 2018.
