About Speedcast International Limited

Speedcast International Ltd (ASX: SDA) is the largest provider of remote communications and IT services in the world. Speedcast's fully managed service is delivered via a leading global, multi-access-technology, multi-band and multi-orbit network of 70+ satellites and an interconnecting global terrestrial network, bolstered by extensive on the ground local support from 40+ countries. This global "network of networks" allows customers to fully rely on the most robust, integrated infrastructure available in the market for their mission critical applications. Speedcast is uniquely positioned as a strategic business partner, tailoring communications, IT and digital solutions to meet unique customer needs and enable business transformation. Speedcast extends its managed services through differentiated technology offerings including cyber-security, crew welfare, content solutions, data and voice applications and network systems integration services. With a passionate customer focus and a strong safety culture, Speedcast serves more than 2,000 customers in over 140 countries in sectors such as Maritime, Energy, Mining, Enterprise, Media, Cruise, NGOs and Government.
