Genetic Technologies Secures A\$20 Million Equity Placement Facility

Melbourne, Australia, 8 August 2018: Genetic Technologies Limited (ASX: GTG; Nasdaq: GENE, “Company”), a diversified molecular diagnostics company embracing blockchain technologies across genomic testing platforms, is pleased to announce that it has entered into a A\$20 million Equity Placement Facility (the “Facility”) with the Kentgrove Capital Growth Fund (“Kentgrove Capital”), an investment fund managed by Kentgrove Capital Pty Ltd, a Melbourne-based investment management firm, to strengthen the Company’s funding position.

Under the Facility, Kentgrove Capital may provide the Company with up to A\$20 million of equity capital in a series of individual placements of up to \$1 million (or a higher amount by mutual agreement) over the next 20 months. Proceeds from the Facility will be used for general working capital purposes and to fund the Company’s activities as it seeks to:

- commercialise existing R&D capabilities, IP and introduce an enhanced BREVAGen*plus* breast cancer risk assessment test and a colon cancer risk assessment test;
- progress development of a suite of genetic screening tests targeting both cancer and non-oncological diseases utilising the latest technology and platforms, and
- explore and capitalise on Blockchain opportunities in the medical and biotech industries.

Drawdowns under the Facility occur based on terms set by the Company, including the timing, drawdown amount and minimum issue price.

Commenting on the Facility, Genetic Technologies’ Chairman, Dr Paul Kasian said: “We are delighted to have signed the A\$20 million Facility with Kentgrove Capital. Subject to the terms outlined below, the Facility will assist the Company with its ongoing funding requirements as it seeks to develop a range of risk prediction tests that are designed to assist in the early detection of cancer and help physicians improve patient outcomes. Blockchain technology presents a unique opportunity for the Company to further contribute to the advancement of cancer research.”

Key terms of the Equity Placement Facility

1. Facility amount of up to A\$20,000,000.
2. Maturity date 7 April 2020 (20 months from date of execution).
3. Genetic Technologies may undertake multiple placements under the Facility, up to the maturity date.
4. For each new placement, Genetic Technologies determines the time period of the placement, the maximum amount of the placement (up to A\$1 million, or an amount equal to the total

number of collateral shares (defined below) on issue multiplied by the minimum issue price, or a higher amount by mutual agreement) and the minimum issue price.

5. For each new placement, shares are issued at a 4.5% discount to a volume weighted average price (VWAP) of the shares traded by Kentgrove Capital over the period of the placement, but cannot be less than the minimum issue price determined by Genetic Technologies.
6. The issuance of shares under the Facility is required to be in compliance with ASX Listing Rule 7.1. Initial drawdowns under the Facility may be made within the Company's current placement capacity. Shareholder approval in relation to the balance of the Facility may be sought at a General Meeting as required.
7. The provision of funding by Kentgrove Capital under the Facility is subject to a number of conditions, including that the market price be no lower than the minimum issue price set by Genetic Technologies, and other conditions customarily included in facilities of this nature.
8. An upfront establishment fee satisfied by the issue to Kentgrove Capital of 8,833,100 shares and 12,500,000 3-year options with an exercise price per option of \$0.0153.
9. 100,000,000 collateral shares will be issued to Kentgrove Capital on execution as security for the Facility. Upon termination or expiration of the Facility, any outstanding collateral shares will be, at the Company's election, sold by Kentgrove Capital and the proceeds returned to the Company (less a discount of 4.5%) or bought back by the Company for a nominal figure.
10. Either the Company or Kentgrove Capital may terminate the Facility, by giving 14 days' notice, other than during the first 90 days of the Facility during which it may only be terminated with cause, in accordance with the termination provisions as defined within the Facility.
11. Kentgrove Capital has given an undertaking to the Company that it will not, during the 3 months following the execution of the Facility, exercise the establishment options or dispose of the establishment fee shares.

Further details regarding the Facility will be provided in the prospectus required to be lodged by the Company in conjunction with the Facility
